H. Magnus**

Gulf Security Into The 1980s Perceptual And Strategic Dimensions:

Gulf Security Into the 1980s Robert G. Darius, John W. Amos, Ralph H. Magnus, 1984 Om de forskellige trusler mod sikkerheden i omr det omkring Den persiske Havbugt f eks om Sovjetunionens invasion i Afghanistan og om Khomeni styrets hensigter og Irakisk Iranske krig men ogs om The Gulf Corporation og hvilke trusler der synes rettet imod firmaet samt om USA s udenrigspolitik og interesser i omr det

Gulf Security Into the 1980s Robert G. Darius, John W. Amos, Ralph H. Magnus, 1984 Om de forskellige trusler mod sikkerheden i omr det omkring Den persiske Havbugt f eks om Sovjetunionens invasion i Afghanistan og om Khomeni styrets hensigter og Irakisk Iranske krig men ogs om The Gulf Corporation og hvilke trusler der synes rettet imod firmaet samt om USA s udenrigspolitik og interesser i omr det

The Gulf and International Security Mohammed E. Ahrari, 1989-06-18 A perspective on the countries involved in the Gulf conflict dealing with the oil price dynamics the Reagan administration s dealings with Saudi Arabia Gorbachev s new politics and its implications conflicts among the Arab sheikhdoms and the impact of the Iran Iraq War

Saudi Arabia, the West and the Security of the Gulf Mazher A. Hameed, 2025-04-01 Saudi Arabia the West and the Security of the Gulf 1986 considers the geopolitical environment of the Arab Gulf and the nature and threats to Western interests in the region It also examines the political economic and other Gulf resources that can be marshalled to protect those interests

The Gulf And The West Anthony H Cordesman, 2019-06-26 This book examines the military capabilities of various potential threats the capabilities of Saudi Arabia and other friendly Gulf states and the capabilities of Western power projection forces

The Internationalization of Communal Strife (Routledge Revivals) Manus I. Midlarsky, 2014-06-03 First published in 1992 this edited collection argues that conflicts have a growing tendency both to intensify and to lengthen thus increasing the likelihood of external actors being drawn into the on going violence Here leading experts in comparative and international politics examine this tendency of communal conflicts to spill over into the international arena They also look at the conditions under which these processes do not occur and are mediated successfully The authors combine theoretical perspectives with case studies covering examples from the origins of the First World War to state building in Iraq and whether it was a precursor of the Iran Iraq War and the Gulf Crisis They present both a global overview and a focus on the state as the single most important intermediary in the internationalization process A comprehensive and relevant reissue this volume will appeal to students and scholars of International Relations Comparative Politics and Strategic Studies

Oil and Development in the Arab Gulf States Walid I. Sharif, 2023-10-12 Oil and Development in the Arab Gulf States 1985 brings together in one volume the manifold sources of information on the Arab Gulf region especially the impact of oil revenues on its economic political and social development It provides a balanced core of primary and secondary sources on various aspects of the economics of Arab oil between 1973 and 1983

The Persian Gulf War Christopher C. Joyner, 1990-08-21 Although the stability of the Persian Gulf region has been of rising importance since World War II it was during the 1980s when the Iran Iraq War

threatened to upset the balance of power in the region that its importance became even more magnified This collection of essays surveys the current state of that region placing into clearer perspective the political security and diplomatic dimensions of the recently ended war By reevaluating the political landscape of the Gulf the book produces a gauge for better assessing those factors and forces that affected the conflict s outcome and that will continue to influence future political and security developments in the region The volume begins with an introduction by the editor that examines the geography of the Gulf and the primary geopolitical factors that influenced perceptions of the region during the war The essays are then divided into two sections covering Strategic and Political Dimensions and Diplomatic and Legal Dimensions Topics covered in the first section include the roots of the crisis Soviet Israeli and Arab Gulf states interests in the conflict U S policy in the region and the role of U S military forces Section two discusses the reflagging of Kuwaiti tankers the United Nations involvement and the cease fire negotiations The book concludes with a selected bibliography and an index This study will be an important resource for courses in political science diplomacy and Mid East history as well as a significant addition to both public and university libraries

Western Strategic Interests in Saudi Arabia (RLE Saudi Arabia) Anthony Cordesman, 2020-07-26 Saudi Arabia s strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force

Dynamics of Change in the Persian Gulf Political Economy, War and Revolution Anoushiravan Ehteshami, 2013 The Persian Gulf has come to represent one of the most strategically significant waterways of the world In terms of geography geopolitics resources global political economy and regional influence the Gulf is perhaps home to the world s most significant group of countries Focusing on the complexities of the interplay between domestic level changes and region wide interactions this book presents the reader with the first comprehensive survey of the dynamics of change in this crucial area Systemic oriented in its approach the impact of war and revolution on the countries of the sub region is discussed and the ways in which these factors have shaped the security dilemmas and responses of the Gulf States is also explored The role of oil is examined in terms of the impact of its income on these states and societies and the manner in which oil has shaped the

integration of these states into the global system Oil has shrunk developmental time in these countries and has accelerated generational shift At the same time it has created the dialectical relationship which now characterizes the difficult balance between prosperity and instability which is at the heart of the sub region Casting new light on the workings of a strategically significant part of the international system this book will be an essential resource for students and scholars of international relations international security and Middle Eastern politics

The USSR and Iraq Oles M. Smolansky, Bettie Moretz Smolansky, 1991 In *The USSR and Iraq* the first major study of Soviet Iraqi relations Oles M Smolansky examines the history of the relationship between these two countries during the past twenty years and attempts to dispel the misconception that the Soviet Union has enjoyed undue influence over Iraq Drawing on ten years of research in Western Arab and Soviet sources Smolansky analyzes the complex issues at the center of Soviet Iraqi relations from 1968 through 1988 including the nationalization of the oil industry the Kurdish question the Iraqi Communist Party the affairs of the Persian Arabian Gulf and ultimately the war between Iraq and Iran Smolansky concludes that Iraq has never been under the dominant influence of Moscow nor has it even been a loyal Soviet ally In fact Iraq has managed to reap major benefits from the relationship without losing its autonomy or sacrificing its major interests The author discusses the Soviet Union and Iraq within the larger framework of the nature of influence relationships between great and small powers

Professional Journal of the United States Army, 1985

A History of Saudi Arabia Madawi al-Rasheed, 2002-07-11 Saudi Arabia is a wealthy and powerful country which wields influence in the West and across the Islamic world Yet it remains a closed society Its history in the twentieth century is dominated by the story of state formation After the collapse of the Ottoman Empire Ibn Sa'ud fought a long campaign to bring together a disparate people from across the Arabian peninsula In 1932 the Kingdom of Saudi Arabia was born Madawi al-Rasheed traces its extraordinary history from the age of emirates in the nineteenth century through the 1990 Gulf War to the present day She fuses chronology with analysis personal experience with oral histories and draws on local and foreign documents to illuminate the social and cultural life of the Saudis This is a rich and rewarding book which will be invaluable to students and to all those trying to understand the enigma of Saudi Arabia

Revolutionary Horizons John Calabrese, 2016-07-27 This study examines the sources characteristics and implications of post Khomeini Iran's foreign policy It concentrates on two geographic zones of interest one composed of the countries which surround Iran the other comprised of Islamic governments and movements beyond Iran's borders It argues that fears not just ambitions have yielded a policy increasingly co-operative especially in the economic sphere yet in some respects still confrontational

Statecraft in the Middle East Imad Mansour, 2016-09-27 What role do ideas play in state building and state activity This book argues that government policies in both foreign relations and domestic politics must always be situated within a broader ideational and societal context Imad Mansour analyses how governments in the contemporary Middle East have governed internally and acted externally based on societal narratives which bring together a variety of ideas about a society's history and place in the

world He argues that there is a dominant societal narrative that acts as a primary building block of statecraft where statecraft is understood as an ongoing set of local regional and global state building processes Mansour investigates the ways in which statecraft in the Middle East has been guided by narratives through a close historical reading and comparative discussion of the political activity of six states Egypt Israel Syria Turkey Saudi Arabia and Iran in the second half of the twentieth century and the early twenty first century His book demonstrates the analytical power of narratives in understanding statecraft and explains why governments decisions need to be understood in complex ways

Conflict and War in the Middle East Bassam Tibi, 1998-09-28 Few studies of Middle East wars go beyond a narrative of events and most tend to impose on this subject the rigid scheme of superpower competition The Gulf War of 1991 however challenges this view of the Middle East as an extension of the global conflict The failure of the accord of both superpowers to avoid war even once regional superpower competition in the Middle East had ceased must give rise to the question Do regional conflicts have their own dynamic Working from this assumption the book examines local regional constraints of Middle East conflict and how through escalation and the involvement of extra regional powers such conflicts acquire an international dimension The theory of a regional subsystem is employed as a framework for conceptualising this interplay between regional and international factors in Tibi's examination of the Middle East wars in the period 1967-91 Tibi also provides an outlook into the future of conflict in the Middle East in the aftermath of the most recent Gulf War

Gulf Co-operation Council, a Strategic Perspective Mohammad Amin Malik, 1999 The Gulf Cooperation Council Rouhollah K. Ramazani, Joseph A. Kechichian, 1988 If there has been a gap in the knowledge of the GCC this book now fills it This volume presents the essential information schematically with sound comment by the author and includes a rich collection of documents

Syria and Iran Jubin M. Goodarzi, 2009-04-30 The enduring alliance between Iran and Syria which came about after Iran's 1979 Revolution proved to be a feature of the Middle East's political landscape in the 20th and early 21st centuries Moreover its impact in moulding events and bringing about major changes in this troubled region proved enormously significant Jubin M Goodarzi provides us with the first in depth study on the Syrian Iranian nexus which traces the origins and development of the strategic partnership between Damascus and Tehran from 1979 until the present He argues that contrary to prevailing views due in large part to the authoritarian and unpopular nature of the Syrian and Iranian regimes the alliance between them was conceived as essentially defensive in nature He puts forth an empirical survey with a chronology of events and analyses the key phases in the evolution of the alliance In the process he explains their significance both in terms of how they affected bilateral relations between the two states and their regional implications Through careful research and analysis Goodarzi reveals linkages between major events in the Middle East and crucial decisions that were made in Tehran and Damascus particularly ones that have been overlooked or ignored by regional analysts and scholars These include the impact of the Israeli invasion of Lebanon in 1982 and the subsequent Syrian Iranian consultations on Iran's position regarding the war with

Iraq the effects of US Iraqi actions in the Persian Gulf in 1988 and Iran s moves in Lebanon against the wishes of Syria
Goodarzi analyses the stability and security of this partnership and assesses its prospects for the future
2003, /()

Immerse yourself in heartwarming tales of love and emotion with is touching creation, Tender Moments: **Gulf Security Into The 1980s Perceptual And Strategic Dimensions** .
