

Ethical Relativism vs. Ethical Universalism

- Ethical relativists hold that there is **no** kind of action that is always, everywhere and for everyone right or wrong.
- Ethical universalists hold that there is **some (at least one)** kind of action that is always, everywhere and for everyone right or wrong.
- **This “kind” can be highly abstract!**
- Ethical universalists do not claim that *every* kind of action is either always right or always wrong!

Ethical Relativism And Universalism:

Ethical Relativism and Universalism Saral Jhingran, 2001-01-01 The present work addresses itself to one of the most hotly debated issues in contemporary ethics relativism Relativism has become a formidable argument in Western socio moral thought under the impact of postmodern writings The author presents a detailed critique of various relativist and postmodernist theses without rejecting some of their empirically justified observations She underscores the fact that the intercultural communication which has been going on since time immemorial puts a question mark to the postmodernist theories of indeterminacy of translation incommensurability of various conceptual frameworks etc The author supports cognitivism in ethics according to which the moral properties of the object of moral judgement do in some way determine or cause that judgment This view is not to be confused with any realist ontological commitment She asserts that universalizability is the necessary condition of all rational judgments including the moral ones The author also discusses the relationship between self and others and in this context she draws upon the insights of ancient Indian thinkers She proposes that minimum moral principles and maxims can be agreed upon through reasoning and intercultural discourse

Universalism Vs. Relativism Don S. Browning, 2006 Has moral relativism run its course The threat of 9 11 terrorism reproductive technology and globalization has forced us to ask anew whether there are universal moral truths upon which to base ethical and political judgments In this timely edited collection distinguished scholars present and test the best answers to this question These insightful responses temper the strong antithesis between universalism and relativism and retain sensitivity to how language and history shape the context of our moral decisions This important and relevant work of contemporary political and social thought is ideal for use in the classroom across many disciplines including political science philosophy ethics law and theology

Relativism and Human Rights Claudio Corradetti, 2009-04-15 When he nished writing he raised his eyes and looked at me From that day I have thought about Doktor Pannwitz many times and in many ways I have asked myself how he really functioned as a man how he lled his time outside of the Polymerization and the Indo Germanic conscience above all when I was once more a free man I wanted to meet him again not from a spirit of revenge but merely from a personal curiosity about the human soul Because that look was not one between two men and if I had known how completely to explain the nature of that look which came as if across the glass window of an aquarium between two beings who live in different worlds I would also have explained the essence of the great insanity of the third Germany PRIMO LEVI If this is a man pp 111 112 in If this is a man and The truce trans S Woolf Abacus London 1987 If all propositions even the contingent ones are resolved into identical propositions are they not all necessary My answer is certainly not For even if it is certain that what is more perfect is what will exist the less perfect is nevertheless still possible In propositions of fact existence is involved LEIBNIZ Samtlic he schriften und briefe vol VI pt 4 Deutsche Akademie der Wissenschaften 1449A VI 4 We live in a rule constrained world
