Ethnicity Identity And Development:

Ethnicity, Identity, and Development K. S. Singh,1990 **Ethnic Identity** Martha E. Bernal,George P. Knight,1993-01-01 This book provides broad coverage of the various research approaches that have been used to study the development of ethnic identity in children and adolescents and the transmission of ethnic identity across generations The authors address topics of acculturation and the development and socialization of ethnic minorities particularly Mexican Americans They stress the roles of social and behavioral scientists in government multicultural policies and the nature of possible ethnic group responses to such policies for cultural maintenance and adaptation **New Perspectives on Racial Identity Development** Charmaine Wijeyesinghe,Bailey W. Jackson,2012-07-30 For well over a century the United Fruit Company UFCO has been the most vilified multinational corporation operating in Latin America Criticism of the UFCO has been widespread ranging from politicians to consumer activists and from labor leaders to historians all portraying it as an overwhelmingly powerful corporation that shaped and often exploited its host countries In this first history of the UFCO in Colombia Marcelo Bucheli argues that the UFCO s image as an all powerful force in determining national politics needs to be reconsidered Using a previously unexplored source the internal archives of Colombia s UFCO operation Bucheli reveals that before 1930 the UFCO worked alongside a business friendly government that granted it generous concessions and repressed labor unionism After 1930 however the country experienced dramatic transformations including growing nationalism a stronger labor movement and increasing demands by local elites for higher stakes in the banana export business In response to these circumstances the company abandoned production selling its plantations and labor conflicts to local growers while transforming itself into a marketing company The shift was endorsed by the company s shareholders and financial analysts who preferred lower profits with lower risks and came at a time in which the demand for bananas was decreasing in America Importantly Bucheli shows that the effect of foreign direct investment was not unidirectional Instead the agency of local actors affected corporate strategy just as the UFCO also transformed local politics and society **Racial and Ethnic Identity in School Practices** ROSA HERNANDEZ SHEETS,1999-04 Presents work of scholars and practitioners who are exploring the interconnections of racial and ethnic identity to human development for the purpose of promoting successful pedagogical practices and services Applying Banks' Typology of Ethnic Identity Development and Curriculum Goals to Story Content, Classroom Discussion, and the Ecology of Classroom and Community Louise M. Tomlinson,1996 Identity Development of Diverse Populations: Implications for Teaching and Administration in Higher Education Vasti Torres,Mary F. Howard-Hamilton,Diane L. Cooper,2011-09-23 This monograph is focused on educating faculty and administrators about the developmental issues faced by students from different racial ethnic or other social groupings as they attempt to define themselves during the college years and the ways this information can enhance campus classrooms programs and policies Although there is a growing body of work on how various racial ethnic gender and other social groups develop their identity

there has been limited synthesis or application of this literature to the practice of professionals in higher education The authors have higher education administrative backgrounds so their recommendations are grounded in experience and each also has a solid record of scholarship in identity development The combined scholarly and administrative experience of the three authors enhances the contribution of this book

Teachers' Applications of Banks' Typology of Ethnic Identity Development and Curriculum Goals to Story Content and Classroom Discussion Louise M. Tomlinson,1996 *The Oxford Handbook of Identity Development* Kate C. McLean,Moin U.
