Freedom Bay:

The Freedom Bunker James Porteous, 2022-08-06 War is not hell Hawkins Bay Freedom Bunker Chief Major Milton Stursberg once famously said Hell is hell War is just war War is just war And death is just death Major Stursberg is equally infamous for his service above and beyond when in World War III he demonstrated the feasibility of limited nuclear attacks by wiping out a country the size of Switzerland Because it was Switzerland Not since J Robert Oppenheimer the newspaper headlines cried out with glee And so of course he was hand picked to run the Hawkins Bay Freedom Bunker the local version of the 1000 or so Freedom Bunkers designed to preserve the gold stock options and DNA of the 1% One day God willing Major Stursberg will lead the inhabitants of the Hawkins Bay Freedom Bunker into the glorified air of New World 2.0 and life on Earth will begin anew And do they have God on their side Or will He turn the other cheek and offer Eternal Redemption to Those Left Behind who have spent decades suffering and preparing for this final battle against The Ones One thing is for certain Those Left Behind will not go quietly into the night Got a revolution

Materialist Ethics and Life-Value Jeff Noonan, 2012-02-02 Current patterns of global economic activity are not only unsustainable but unethical this claim is central to Materialist Ethics and Life Value Grounding the definition of ethical value in the natural and social requirements of life support and life development shared by all human beings Jeff Noonan provides a new way of understanding the universal conception of the good life Noonan argues that the true crisis affecting the world today is not sluggish rates of economic growth but the model of measuring economic and social health in terms of money value In response he develops an alternative understanding of good societies where the breadth and depth of life activity and enjoyment are dependent on dominant institutions The more social institutions satisfy the necessary requirements of human life the more they empower each person to develop and enjoy the capacities that make human life valuable and meaningful A well reasoned synthesis of traditional philosophical concerns and contemporary critiques of global capitalism this book is a forward looking treatise that defends political struggle and reconsiders what is most important for a happy life
