**Mixtus-Americans' Salvation From Oppressive Sin** ,      How the Master saved the World Kenneth Sylvan Guthrie, 1896      *God's Wounds* Jeff B Pool, 2011-07-28 God s Wounds Hermeneutic of the Christian Symbol of Divine Suffering Volume II Evil and Divine Suffering is the second of a three volume study of Christian testimonies to divine suffering The larger study focuses its inquiry on the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely The goal is then to discover and elucidate the internal logic or rationality of this

family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume proceeds on the basis of the presuppositions of the symbol those implicit attestations that permit the possibility of divine suffering that which constitutes divine vulnerability with respect to creation The author investigates two divine wounds or modes of divine suffering to which the larger family of testimonies normally attest 1 divine grief or suffering due to human sin or betrayal by the beloved human and 2 divine self sacrifice or suffering for the beloved human in its bondage to sin or misery so as to establish the possibility of redemption and reconciliation **Hope for the Oppressor**

Patrick Oden,2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts Patrick Oden provides a holistic biblical historical and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression Part one addresses the context of oppression in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others Part two examines the biblical and early Christian response to oppression discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co opted by society Part three discusses how oppressors can withdraw from oppression through a constructive analysis of four contemporary theologians Wolfhart Pannenberg J rgen Moltmann Sarah Coakley and Jean Vanier each of whom contributes to a widening vision of liberated and liberating life in which the once oppressed and former oppressor can find peace together in community What Christ Said

Isaac Portilla,2022-03-18 Relevant to nonconformist Christians this book explores the transformative and often overlooked implications of Christ s teachings The author shows the possibility to still be surprised by the sayings of Christ to rediscover the Way as a liberating path toward freedom What Christ Said delivers an absorbing experience rich in unexpected turns and insights to ponder and meditate into Taking the New Testament text as the raw material the author builds a coherent picture of Christ s Way in which themes such as Fire Life Light and Consciousness take the central stage This work also offers a very personal contribution to scholarship a provocative hermeneutics focused on truth and freedom echoing the efforts of the apostles early Christians the fathers and the mystics to reconcile the sayings of Jesus with their own experience mystical and worldly Infused with poetry and mysticism yet without compromising theological and intellectual rigor each chapter makes the reader a participant in explorations evocative of a Christ like apprehension of life and reality This inquiry reflects mental and emotional patterns that keep us bound at the same time providing a path through which the Christian Way could be inspiring in an original and sometimes radical manner
