Forthcoming Books Rose Arny, 1992 *A Cultural History of Dress and Fashion in the Age of Enlightenment* Peter McNeil, 2018-11-01 Eighteenth century fashion was cosmopolitan and varied Whilst the wildly extravagant and colorful elite fashions parodied in contemporary satire had significant influence on wider dress habits more austere garments produced in darker fabrics also reflected the ascendancy of a puritan middle class as well as a more practical approach to dress With the rise of print culture and reading publics fashions were more quickly disseminated and debated than ever and the appetite for fashion periodicals went hand in hand with a preoccupation with the emerging concept of taste Richly illustrated with 100 images and drawing on pictorial textual and object sources *A Cultural History of Dress and Fashion in the Age of Enlightenment* presents essays on textiles production and distribution the body belief gender and sexuality status ethnicity and visual and literary representations to illustrate the diversity and cultural significance of dress and fashion in the period

Printed Textiles Linda Eaton, 2014-09-23 The Winterthur Museum's richly illustrated history of British and American fabrics made or used from 1700-1850 is a visual reference for designers and a definitive contribution to textile studies From slipcovers that belonged to George Washington to bedhangings described by Harriet Beecher Stowe Delaware's Winterthur Museum holds some of the finest cotton and linen textiles made or used in America and Britain between 1700 and 1850 One of the fastest growing and potentially most lucrative trades in the eighteenth and early nineteenth centuries on the forefront of developments in science and engineering chemistry and technology the textile industry is a fascinating lens into international trade relations and cultural exchange over nearly two centuries *Printed Textiles* is a major update to the classic text published by Winterthur in 1970 a sourcebook compiled by celebrated curator Florence Montgomery that detailed all aspects of the fabrics lifespan from their design and method of manufacture to their use and exchange value Linda Eaton Director of Collections and Senior Curator of Textiles updates the classic with a particular focus on furnishing fabrics referred to as furnitures Building on research that has come to light since 1970 and benefiting from the technical and scientific expertise of the conservators and scientists at Winterthur Eaton presents a thorough and sweeping study enriched by the diverse approaches to material culture today With hundreds of beautifully photographed samples engagingly contextualized with iconic figures in American history including Betsy Ross and Benjamin Franklin this significant addition to textile scholarship allows for a full appreciation of these fascinating fabrics *Printed Textiles* is destined to become an essential reference for interior designers fashion and textile design students conservators collectors and anyone with an interest in the textile industry

Singlewomen in the European Past, 1250-1800 Judith M. Bennett, Amy M. Froide, 2013-02-01 When we think about the European past we tend to imagine villages towns and cities populated by conventional families married couples and their children Although most people did marry and pass many of their adult years in the company of a spouse this vision of a preindustrial Europe shaped by heterosexual marriage deceptively hides the well

established fact that in some times and places as many as twenty five percent of women and men remained single throughout their lives Despite the significant number of never married lay women in medieval and early modern Europe the study of their role and position in that society has been largely neglected Singlewomen in the European Past opens up this group for further investigation It is not only the first book to highlight the important minority of women who never married but also the first to address the critical matter of differences among women from the perspective of marital status Essays by leading scholars among them Maryanne Kowaleski Margaret Hunt Ruth Mazo Karras Susan Mosher Stuard Roberta Krueger and Merry Wiesner deal with topics including the sexual and emotional relationships of singlewomen the economic issues and employment opportunities facing them the differences between the lives of widows and singlewomen the conflation of singlewomen and prostitutes and the problem of female slavery The chapters both illustrate the roles open to the singlewoman in the thirteenth through eighteenth centuries and raise new perspectives about the experiences of singlewomen in earlier times
