Enterprise And Culture

Roger Burrows

Enterprise And Culture:

Enterprise and Culture Colin Gray, 2002-01-08 Interdisciplinary useful for psychologists or economists Wide ranging critical evaluation of an important social project **Enterprise Culture** Allan Gibb, Durham University Business School, 1990 *Enterprise Culture* Allan A. Gibbs, 1987 **Work and the Enterprise Culture** Malcolm Cross, Geoff Payne, 2018-05-11 Work and Enterprise Culture examines the world of work in the light of the major changes that have occurred over the last decade In particular the book focuses on what is understood by the term the enterprise culture and considers what impact if any this concept has on traditional work practices A major feature of the book is that the essays also address questions of equal opportunity on grounds of gender and race and examine the effects of the coming of the enterprise culture has had on these concerns Values of Enterprise Culture Heelas P Staff, Paul Heelas, Morris P Staff, Paul Morris, 1991 **Deciphering the Enterprise Culture (Routledge Revivals)** Roger Burrows, 2015-07-24 The idea of the enterprise culture has been much vaunted over the last few decades the growth of self employment and small business ownership has been an important feature of the restructuring of the British economy Because it is a concept that is difficult to evaluate controversial and politically sensitive social scientists were slow to analyse it Consequently it had been caricatured and many questions about its impact on society and the economy had been left unanswered This collection which was first published in 1991 presents a critical analysis of the various manifestations of the enterprise culture Drawing upon a range of research it deals with a number of related topics The result is a powerful analysis of the material and ideological role of the petty bourgeoisie in contemporary capitalism Its multidisciplinary approach which contributions from leading scholars in the field makes this book of interest to anyone wanting to make sense of the socio economic restructuring of Britain **Enterprise Culture in Neoliberal India** Nandini Gooptu, 2013-10-30 The promotion of an enterprise culture and entrepreneurship in India in recent decades has had far reaching implications beyond the economy and transformed social and cultural attitudes and conduct This book brings together pioneering research on the nature of India s enterprise culture covering a range of different themes workplace education religion trade films media youth identity gender relations class formation and urban politics Based on extensive empirical and ethnographic research by the contributors the book shows the myriad manifestations of enterprise culture and the making of the aspiring enterprising self in public culture social practice and personal lives ranging from attempts to construct hegemonic ideas in public discourse to appropriation by individuals and groups with unintended consequences to forms of contested and contradictory expression It discusses what is new about enterprise culture and how it relates to pre existing ideas and goes on to look at the processes and mechanisms through which enterprise culture is becoming entrenched as well as how it affects different classes and communities The book highlights the social and political implications of enterprise culture and how it recasts family and interpersonal relationships as well as personal and collective identity Illuminating one of the most important aspects of India s current economic and

social transformation this book is of interest to students and scholars of Asian Business Sociology Anthropology Development Studies and Media and Cultural Studies *The Hidden Enterprise Culture* Colin C. Williams,2008-01-01 This book will be an excellent primer for policy makers wishing to understand the nature and contradictory significance of the underground economy and needing to design suitably subtle policy responses to it Roger Lee Growth and Change The Hidden Enterprise Culture is a top pick for any economist or academician interested in this field as well as for any underground entrepreneur who wants to make their enterprise lawful with the fewest possible legal complications Midwest Book Review Strongly recommended for policy makers and students of business Global Business Review Portraying how entrepreneurs often start out conducting some or all of their trade on an off the books basis and how many continue to do so once they become established this book provides the first detailed account of the vast and ubiquitous hidden enterprise culture existing in the interstices of western economies Until now the role of the underground economy in enterprise creation entrepreneurship and small business development has been largely ignored despite its widespread prevalence and importance In contrast to much of the previous literature that views the underground economy as low paid exploitative sweatshop work that should be deterred this book takes a fresh more positive perspective that considers the underground economy as a hidden enterprise culture Colin C Williams prescribes the means by which western governments can best harness this hidden culture of enterprise He outlines detailed policy initiatives that seek to assist business ventures in setting up on a formal footing and aim to encourage underground enterprises and entrepreneurs to make the transition into the realm of legitimacy This book provides a lucid guide as to how the hidden culture of enterprise can be brought into the open As such it will prove invaluable to a wide ranging audience including scholars and students of business studies entrepreneurship management economics and regional science **Enterprise Culture** Russell Keat,Nicholas Abercrombie,1991 **The Values of the Enterprise Culture** Paul Heelas,Paul Morris,1991 *The Enterprise Culture and the Inner City* Nicholas Deakin,John Edwards,2005-06-28 Throughout the 1980s and into the 1990s policy for inner city regeneration underwent a transformation from a reliance on central and local government activity and the use of public funds to a much heavier dependence on private sector activities and private investment In *The Enterprise Culture and the Inner City* the authors offer a vigorous and critical investigation of government policy and in response to the result of the 1992 general election and the implications of the Olympia and York Canary Wharf project present a credible prediction for the future or lack of future of the inner city

Entrepreneurship for Deprived Communities Nikolai Mouraviev,Alex Avramenko,2020-04-09 Using case studies and research based narratives to investigate the barriers facing developing enterprises in deprived communities this book provides a toolkit for small business professionals and local authorities to revitalise a community centered enterprise culture and reinvigorate disadvantaged groups [Three Decades of Enterprise Culture?](#) D. Storey,F. Greene,K. Mole,2007-12-04 This book provides a unique portrait of the changing nature of entrepreneurship over a thirty year period in a low enterprise

area Using data from interviews with over 900 entrepreneurs it also compares and contrasts new businesses in a low enterprise area with areas with medium and high entrepreneurship rates Understanding the Enterprise Culture Shaun Hargreaves Heap, Angus Ross, 1992 The enterprise initiative is probably the most significant political and cultural influence to have affected Western and Eastern Europe in the last decade In this book academics from a range of disciplines debate Mary Douglas's distinctive Grid Group cultural theory and examine how it allows us to analyse the complex relation between the culture of enterprise and its institutions Mary Douglas Britain's leading cultural anthropologist contributes several chapters

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Enterprise Culture (Routledge Revivals)** Russell Keat, Nicholas Abercrombie, 2012-04-12 First published in 1991 this book consists of twelve papers all specifically written for this volume and an Introduction which maps out some of the key conceptual and theoretical issues raised by the phenomenon The first group of papers draws upon and analyses the political claims made on behalf of enterprise culture The papers in the second section explore the international dimension of enterprise culture The final section is devoted to a consideration of the role of consumers in an enterprise culture Culture and Enterprise Emily Chamlee-Wright, The late Don Lavoie, 2002-01-04 What is the animating spirit behind what may appear to be the coldly calculating world of markets and business enterprise Though often mathematically modelled in dry terms markets can be looked at instead as meaningful domains of human activity To economists markets have been seen as nothing but objective forces or allocation mechanisms This book however argues that they can be seen as involving the human spirit personal expression and moral commitments It presents the view that markets are not so much things that need to be measured as meanings that need to be narrated and interpreted The aim of this book is to introduce two scholarly fields to one another economics and cultural studies in order to pose the question how does culture matter to the economy When we look at the economy as a legitimate domain of culture it transforms our understanding of the nature of business life By viewing markets as an integral part of our culture filled with the drama of human creativity we might begin to better appreciate their role in the world **Work and Enterprise Culture** M. Cross, 1991-04 **The Values of the Enterprise Culture** Paul Heelas, Paul Morris, Paul M. Morris, 1992-01-01 Risky Business? Robert MacDonald, Frank Coffield, 2015-04-22 First published in 1991 MacDonald and Coffield look at the implementation and outcome of enterprise initiatives introduced in Teeside in relation to 100 unemployed young adults in the age range 16-25 within a political ideology which has sought to change a dependency culture to one of self-reliance The young people studied are categorized with reference to their attitude to and experience of work and a number of case studies are cited An important aspect of the study is that it is specifically concerned with ordinary young people The conclusions are worked out in terms of the changing culture of work government policies the internationalization of labour markets and the changing fortunes of young adults in Britain in the 1990s *The Culture of Enterprise in Neoliberalism* Tomas Marttila, 2013 This book provides an empirical study of the increasing

importance of the concept of the entrepreneur in the context of the neoliberal cultural paradigm Using the theoretical framework of the post structural discourse theory and methods of qualitative discourse analysis the book describes the changes in political discourse that resulted in the increasing dominance of the figure of the entrepreneur after the late 1980s
