French XX bibliography : critical and biographical references for French literature since 1885 : index to volume VII (Nos. 31-35) and index to anonymes (vols. I-VII),1969 An Elementary French Grammar and Reader
William Henry Fraser,John Squair,1901 New Serial Titles ,1990 A union list of serials commencing publication after Dec 31 1949 *Enlightenment Biopolitics* William Max Nelson,2024-05-06 A wide ranging history tracing the birth of biopolitics in Enlightenment thought and its aftermath In Enlightenment Biopolitics historian William Max Nelson pursues the ambitious task of tracing the context in which biopolitical thought emerged and circulated He locates that context in the Enlightenment when emancipatory ideals sat alongside the horrors of colonialism slavery and race based discrimination In fact these did not just coexist Nelson argues they were actually mutually constitutive of Enlightenment ideals In this book Nelson focuses on Enlightenment era visions of eugenics including proposals to establish programs of selective breeding forms of penal slavery and spurious biological arguments about the supposed inferiority of particular groups The Enlightenment he shows was rife with efforts to shape harness and organize the minds and especially the bodies of subjects and citizens In his reading of the birth of biopolitics and its transformations Nelson examines the shocking conceptual and practical connections between inclusion and exclusion equality and inequality rights and race and the supposed improvement of the human species and practices of dehumanization *Savage Tales* Linda Goddard,2019-09-03 An original study of Gauguin s writings unfolding their central role in his artistic practice and negotiation of colonial identity As a French artist who lived in Polynesia Paul Gauguin 1848 1903 occupies a crucial position in histories of European primitivism This is the first book devoted to his wide ranging literary output which included journalism travel writing art criticism and essays on aesthetics religion and politics It analyzes his original manuscripts some of which are richly illustrated reinstating them as an integral component of his art The seemingly haphazard collage like structure of Gauguin s manuscripts enabled him to evoke the primitive culture that he celebrated while rejecting the style of establishment critics Gauguin s writing was also a strategy for articulating a position on the margins of both the colonial and the indigenous communities in Polynesia he sought to protect Polynesian society from civilization but remained implicated in the imperialist culture that he denounced This critical analysis of his writings significantly enriches our understanding of the complexities of artistic encounters in the French colonial context Publisher s description *A French Grammar for Schools and Colleges* William Henry Fraser,John Squair,1910 Gauguin's Challenge
Norma Broude,2018-03-08 Several decades have now passed since postcolonial and feminist critiques presented the art historical world with a demythologized Paul Gauguin 1848 1903 a much diminished image of the artist hero who had once been universally admired as the father of modernist primitivism In this volume both long established and more recent Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal

with and assess the life work and legacy of this still perennially popular artist To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin's thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology philosophy and the history of science to gender studies and the study of Pacific cultural history Dealing with a wide range of Gauguin's production they challenge conventional art historical thinking highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace with Gauguin and his art Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history late 19th century French and Pacific culture gender studies and beyond Havet's Practical French Grammar for the Use of English Students Alfred G. The Death of the French Atlantic Alan Forrest,2020-01-31 The Death of the French Atlantic examines the sudden and irreversible decline of France's Atlantic empire in the Age of Revolution and shows how three major forces undermined the country's competitive position as an Atlantic commercial power The first was war especially war at sea against France's most consistent enemy and commercial rival in the eighteenth century Great Britain A series of colonial wars from the Seven Years War and the War of American Independence to the Revolutionary and Napoleonic Wars did much to drive France out of the North Atlantic The second was anti slavery and the rise of a new moral conscience which challenged the right of Europeans to own slaves or to sacrifice the freedom of others to pursue national economic advantage The third was the French Revolution itself which not only raised French hopes of achieving the Rights of Man for its own citizens but also sowed the seeds of insurrection in the slave societies of the New World leading to the loss of Saint Domingue and the creation of the first black republic in Haiti at the beginning of the nineteenth century This proved critical to the economy of the French Caribbean driving both colonists and slaves from Saint Domingue to seek shelter across the Atlantic world and leaving a bitter legacy in the French Caribbean It has also created an uneasy memory of the slave trade in French ports like Nantes La Rochelle and Bordeaux and has left an indelible mark on race relations in France today Le Guide Musical ,1880
