**Searching the Law, 3d Edition** Frank Bae,Edward Bander,Francis Doyle,Joel Fishman,Paul Richert,2021-12-13 "Code of Massachusetts regulations, 1990",1990 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of

Massachusetts as of January 2020 **International Environmental Law, Volume I** Paula M. Pevato,2017-11-22 This title was first published in 2003 Viewed as a prelude to a broader spectrum of perspectives and approaches captured within international protection of the environment these volumes offer an invitation to further exploration Covering a broad array of topics the essays chosen convey pivotal breakthroughs in international environmental law *International Environmental Law and Asian Values* Roda Mushkat,2004 Following decades of vigorous economic expansion Asia is confronting the environmental consequences of unfettered development This poses a challenge because of the strong bias of prevailing cultural systems in the region toward the goal of lifting standards of living over achieving ecological sustainability This book juxtaposes international environmental norms and practices with relevant Asian policies and their applications in key areas Roda Mushkat examines the fundamental principle of public participation in environmental law making as well as the rights approach against the emergence of democratic and human rights norms in the region The complex relationship between trade and the environment is also discussed in light of the strong regional emphasis on economic growth trade liberalization and the aversion to conditionalities Given regionalization processes in Asia Pacific and elsewhere this work seeks to establish to what extent such processes have led to the regionalization of international environmental law International Environmental

Law and Asian Values concludes that although some gaps can be identified between international imperatives and regional responses Asian values have not proved to be an insurmountable barrier to the spread of international environmental legal ideas On the whole the region is responding to impulses emanating from the global arena rather than resisting them consciously The analysis and conclusions of this comprehensive and original work will be of considerable interest to scholars of international law and relations environmental policy comparative culture economic development and social change

International Water Law and the Quest for Common Security Bjorn-Oliver

Magsig, 2015-03-24 The world's freshwater supplies are increasingly threatened by rapidly increasing demand and the impacts of global climate change but current approaches to transboundary water management are unsustainable and may threaten future global stability and international security. The absence of law in attempts to address this issue highlights the necessity for further understanding from the legal perspective. This book provides a fresh conceptualisation of water security, developing an operational methodology for identifying the four core elements of water security which must be addressed by international law: availability, access, adaptability, and ambit. The analysis of the legal framework of transboundary freshwater management based on this contemporary understanding of water security reveals the challenges and shortcomings of the current legal regime. In order to address these shortcomings, the present mindset of prevailing rigidity and state centrism is challenged by examining how international legal instruments could be crafted to advance a more flexible and common approach towards transboundary water interaction. The concept of considering water security as a matter of regional common concern is introduced to help international law play a more prominent role in addressing the challenges of global water insecurity. Ways for implementing such an approach are proposed and analysed by looking at international hydropolitics in Himalayan Asia. The book analyses transboundary water interaction as a case study for advancing public international law in order to fulfil its responsibility of promoting international peace and security.
