How The Japanese Learn To Work:

How the Japanese Learn to Work Ronald Philip Dore, Ronald Dore, Mari Sako, 1998 Fully revised and updated this book offers the most comprehensive review available in English of the many facets of Japanese vocational education and training

How the Japanese Learn to Work R. P. Dore, Mari Sako, 2012-10-02 Japan is regarded as a world leader in the field of education and training for improved economic performance Yet success in Japan is often achieved by going against what is regarded as ideal practice elsewhere This book offers the most comprehensive review available in English of the many facets of Japanese vocational education and training Covering the system from primary education through to in job training offered by companies this book provides a detailed study of current practice giving equal emphasis to formal training in explicitly vocational courses and informal training in factories shops and offices The authors analyse the difference between substantive person changing training and mere ability labelling They raise important questions such as To what extent does the need to package skills to provide convenient qualifications distort the actual training given How efficient is it to rely on professional trainers to certify the acquisition of skills rather than run separate testing systems The authors reveal how in Japanese companies employees are strongly motivated by pride in the successful execution of their jobs and that much company training is carried out by colleagues

International Human Resource Management in Japanese Firms T. Keeley, 2001-09-25 This book examines possibly the greatest challenge facing Japanese multinationals as they continue to expand their foreign direct investment how to integrate local managers into the management process of overseas subsidiaries as well as in that of the parent companies themselves In the majority of Japanese subsidiaries management control has remained in the hands of Japanese managers at extremely high cost but now Japanese firms are being forced to consider integrating local nationals into the management process of their companies a process which may yield significant competitive advantage
