Invitation to The North Hermann Tietgen,2023-09-27 A man with a recent degree in Agriculture from the University of Berlin Hermann came to Canada in 1930 to escape inflation and lack of jobs in Germany A chance encounter led him to the North and a job prospecting for gold He fell in love with the North like so many others had done before him In 1939 the declaration of war against Germany stopped all searches for gold in the North Suddenly other minerals were more important This brought all the gold prospectors to Edmonton from the North and there were many more men than jobs Hermann his wife and little daughter moved back to Montreal where he was hoping to find a job Fortunately through a friend of a friend he did land a job at an alloy producing plant in Beauharnois Quebec near Montreal The first job was as a stoker on a platform above the huge vats of molten metal stirring the mass which would be used to make armoured steel for vehicles and tanks for the Canadian Armed Forces He worked at St Lawrence Alloys as a Stores Keeper and then as the Purchasing Agent until he retired in 1968 He died in 1970 never having returned to the North which he loved so well This is his story in his own words

Aurora's Song Cherime MacFarlane,2016-01-28 Algen is finally home after spending most of her teen years

and young adulthood in Washington State She has never been clear on the reason she got sent to live with her father's relatives But she has a job she loves and can finally live in the place she loves The Aurora Borealis fascinates her Algen has missed the lights and winter terribly The Grannies want her to be careful Should she be wary of the new hire at the native corporation She's sure if he gets too close her heart will be in grave danger The cultural anthropologist is pursuing her with the single mindedness of a big predator Gunrik is too smart too much of a hunk far too tempting and can't stay in her little backwater in rural Alaska *Shibaraku* Lucille Apcar, 2011 Early in the month of September 1945 a small band of American soldiers on a reconnaissance mission through the central mountain region of Honshu main island of Japan arrived in Karuizawa Here they found us a motley colony of ragged half starved westerners from almost every type of background thrown together huddled in drafty uncomfortable shelters away from cities now ravaged by war The informal easy going friendly manner of the Americans soon captivated all Thus the occupation of a defeated nation commenced and for my family and me at least changed our lives forever Page 4 of cover

The Aesthetic Cold War Peter J. Kalliney, 2024-12-10 How decolonization and the cold war influenced literature from Africa Asia and the Caribbean How did superpower competition and the cold war affect writers in the decolonizing world In *The Aesthetic Cold War* Peter Kalliney explores the various ways that rival states used cultural diplomacy and the political police to influence writers In response many writers from Africa Asia and the Caribbean such as Chinua Achebe Mulk Raj Anand Eileen Chang C L R James Alex La Guma Doris Lessing Ng g wa Thiong o and Wole Soyinka carved out a vibrant conceptual space of aesthetic nonalignment imagining a different and freer future for their work Kalliney looks at how the United States and the Soviet Union in an effort to court writers funded international conferences arts centers book and magazine publishing literary prizes and radio programming International spy networks however subjected these same writers to surveillance and intimidation by tracking their movements tapping their phones reading their mail and censoring or banning their work Writers from the global south

also suffered travel restrictions deportations imprisonment and even death at the hands of government agents Although conventional wisdom suggests that cold war pressures stunted the development of postcolonial literature Kalliney s extensive archival research shows that evenly balanced superpower competition allowed savvy writers to accept patronage without pledging loyalty to specific political blocs Likewise writers exploited rivalries and the emerging discourse of human rights to contest the attentions of the political police A revisionist account of superpower involvement in literature The Aesthetic Cold War considers how politics shaped literary production in the twentieth century Cold CEO's Proud Fiancée Mu

on Agriculture,1919 Understanding the Cold War Adam B. Ulam,2017-09-29 Understanding the Cold War is the story of a man and an epoch Its telling moves between detailed personal history and an Olympian assessment of the origins significant events and outcome of the Cold War Professor Ulam describes his hometown family and early education as well as his departure with his brother for the U S just days before the Nazi invasion of Poland would have trapped them Then follows reminiscences of his college and Harvard years all rich with anecdote and insight and his thoughts as an acknowledged expert on Soviet affairs The volume offers basic antidotes to simplistic explanations Whether discussing the Kirov assassination or the Moscow Trials of the so called Trotskyist Bloc or the nationalist basis of disputes between China and Russia during the Vietnam War period Ulam avoids the sensational and the speculative in favor of the the empirical and the evidentiary The core segments of the work review the Cold War from the belly of the Stalinist and later post Stalinist communist system And in a section entitled The Beginning of the End Ulam discusses the Gorbachev interregnum and the early years of the transition from communism to democracy He well appreciates how the ease of the transition does not betoken a simple movement to the democratic camp In contemplating the changing nature of the new political configuration one could hardly have a better guide to clarity and authenticity than Adam Ulam Reviewing Understanding the Cold War Stephen Kotkin director of Princeton s Russian Studies Program observed And whereas some celebrated analysts such as

John Maynard Keynes had dismissed Marxism as illogical and dull Ulam highlighted the doctrine's intricacy and comprehensiveness which he argued explained its attraction not just to peasants but also to intellectuals

Origins of the Cold War 1941-1949 Martin McCauley, 2015-11-19 Origins of the Cold War 1941-1949 covers the formative years of the momentous struggle which developed between two superpowers the Soviet Union and the United States It not only involved these titans but also the rest of the globe many proxy wars were fought much to the detriment of the developing world In a clear concise manner this book explains how the Cold War originated and developed between 1941 and 1949 The fourth edition is revised updated and expanded to include new material on topics such as the culture wars and Stalin's view of Marxism The introduction looks at the various approaches which have been adopted to analyse the Cold War and the challenges to arrive at a theory which can explain it The book explores questions such as Who was responsible for the Cold War Was it inevitable or could it have been avoided Was Stalin genuinely interested in a post war agreement Illustrated with maps and figures and containing a chronology and who's who of key individuals Origins of the Cold War 1941-1949 incorporates the most recent scholarship theories and information to provide students with an invaluable introduction to a fascinating period that shaped today's world

An Analysis of Odd Arne Westad's The Global Cold War Patrick Glenn, Bryan Gibson, 2017-07-05 For those who lived through the Cold War period and for many of the historians who study it it seemed self evident that the critical incidents that determined its course took place in the northern hemisphere specifically in the face off between NATO and the Warsaw Pact in Europe In this view the Berlin Wall mattered more than the Ho Chi Minh Trail and the Soviet intervention in Hungary was vastly more significant than Soviet intervention in Korea It was only the fine balance of power in the northern theatre that redirected the attentions of the USA and the USSR elsewhere and resulted in outbreaks of proxy warfare elsewhere in the globe in Korea in Vietnam and in Africa Odd Arne Westad's triumph is to look at the history of these times through the other end of the telescope to reconceptualize the Cold War as something that fundamentally happened in the Third World not the First The thesis he presents in The Global Cold War is highly creative It upends much conventional wisdom and points out that the determining factor in the struggle was not geopolitics but ideology an ideology moreover that was heavily flavoured by elements of colonialist thinking that ought to have been alien to the mindsets of two avowedly anti colonial superpowers Westad's work is a fine example of the creative thinking skill of coming up with new connections and fresh solutions it also never shies away from generating new hypotheses or redefining issues in order to see them in new ways
