Sex and the Gender Revolution, Volume 1 Randolph Trumbach, 1998-12 A revolution in gender relations occurred in London around 1700 resulting in a sexual system that endured in many aspects until the sexual revolution of the 1960s For the first time in European history there emerged three genders men women and a third gender of adult effeminate sodomites or homosexuals This third gender had radical consequences for the sexual lives of most men and women since it promoted an opposing ideal of exclusive heterosexuality In Sex and the Gender Revolution Randolph Trumbach reconstructs the worlds of eighteenth century prostitution illegitimacy sexual violence and adultery In those worlds the majority of men became heterosexuals by avoiding sodomy and sodomite behavior As men defined themselves more and more as heterosexuals women generally experienced the new male heterosexuality as its victims But women as prostitutes seduced servants
