Foundations of Scriptural Understanding serves as a beginning for scriptural studies introduced in succeeding volumes, focusing on the foundations and principles for understanding biblical literature. A description of man's relationships with the universe, covenants, their composition and purpose, with attendant ordinances, are considered as a prelude to the dispensation of the Mosaic Law, followed by the names, signs, tokens, seasons, festivals, and feasts that are predictive of the promised Messiah. This volume also delves into a fuller description of the Messiah and his missions as described through Israelite patriarchal blessings. Throughout the writings are references to the ancient tabernacles, sanctuaries, and temple worship.
