A Kiss from Naddalena

'Set amongst the ancient olive groves,
it is a tender, heart-breaking tale of young love
pitched against the fates of war-torn Italy'

Italian Waters Pilot Rod and Lucinda Heikell, 2024-03-26 Italian Waters Pilot is the only guide for yachtsmen in English that covers the coasts of the Ligurian and Tyrrhenian Seas Sardinia Sicily the Ionian heel and Malta in one volume This new eleventh edition has numerous updates throughout with contact details plans and text undergoing a thorough revision Care has been taken to research the details of marina developments Where available information is given on proposed changes and extensions to yacht harbours Marine reserves are an important feature of the coasts and off lying islands particularly in Sardinia and Sicily and this edition provides updated details of the latest regulations Climate change and extreme weather events are becoming a major issue and this edition includes a section on the how climate change might affect sailing in the Mediterranean Italian Waters Pilot is the last word on the area for yachts cruising there and on their way between the eastern and western Mediterranean Rod and Lucinda Heikell have also authored companion guides on France Greece and Turkey acclaimed as the best pilot books available Recommended by the Royal Cruising Club and The Cruising Association Amazon customer reviews We sail the Med summers and keep the Heikells pilot books by our side We update them as they are published Last summer we sailed to Italy and consider their books a necessary part of both our planning and charting Can't do without them PH The Heikells have produced a very informative volume again Great details of coast and up to date marina details A must if you are sailing in the area IB Ideal for our purposes Detailed with useful comments about weather safety services officials eating and drinking ashore C It not only provides the necessary information for the sailor but also gives the most interesting local and historical information A most interesting book CC Political Terrorism A.J.

Jongman, 2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against **Perplexing Remedies in Ancient**

Medicine Maddalena Rumor, 2024-11-18 The topic of a potential relationship between Babylonian and Greco Roman medicine has been discussed for a long time yet it is notoriously difficult to give it flesh and bones by means of concrete examples The main goal of this study is to identify real elements in the therapeutical traditions of the one system that can be connected to those of the other which would confirm a certain degree of practical knowledge sharing between the two cultures By analyzing Drekapotheke filthy medicaments and similarly perplexing medical ingredients and by exploiting the concept of misunderstandings in translation I show how elements of Assyro Babylonian therapy were still present or emerging in the pharmaceutical compositions of the Early Roman Empire ultimately supporting the idea of at least occasional transfers of medical knowledge between the two cultures With its positive findings this study contributes to a broader reconstruction of the context within which ancient medicine developed It also finds reciprocal explanations of obscure passages and fuels further questions regarding the medical interrelations interconnections between these neighboring ancient cultures
