Kib Of Fire:

RAIDERS T.L. MILLER,2004-09-15 Living in the threat of the third war John Daniels follows his family tradition and begins training his child to survive At the age of five she is taught different styles of martial arts as well as hunting tracking and traps The untimely death of the childs parents throws her into the middle of the war to use what she has learned One day at a time Kimber Daniels survives as she was raised to do Anger for the people responsible for her parents death pushes her down the path of revenge Along the way the vengeful survivalist discovers she isn t alone on the path of hate and unknowingly forms what would turn out to be the most dangerous rebel group of that war The Raiders Nothing left to lose the rebels wage their own war on the enemy in a fight for their home and lives YEAR 2420 Four hundred years after Earths third war Supreme Commander Radkins self appointed leader of the Alterrian nation discovers the groups talents In the middle of a war he started he develops an interest in the group and what they could offer his troops The high tech time he lives in has the best weapons to offer skilled pilots as well as battle ships powerful enough to destroy planets The technology of the years had taken away from the people however Trained to survive a push button world ground assaults were nothing but stories to the military of this time Sights set on the rebels from Earths past Radkins develops a time ship the Epoch Hie to bring the group to his war Depending on the fact that they were traitors to their country and government he planned to buy their services He had no doubts that for the right price the Raiders would help him over power and enslave the Galithians who were fighting the rebellion against him Upon discovering Radkins plans the rebellion is faced with yet another problem in defeating the Alterrian forces Barely surviving as it was they would not be able to withstand what the Raiders could do to the rebellion Appointed to find the group Major Kile Dorant and the pilots of Fire Squad begin the search Reading the groups past in the history is alarming to say the least Known as traitors murderers and deserters the Raiders training and skills would undoubtedly destroy the rebellion if Radkins succeeded in using the group against them *The Journal of American Folklore* ,1892 Martin Luther King's Biblical Epic Keith D. Miller,2011-11-15 In his final speech I ve Been to the Mountaintop Martin Luther King Jr delivered his support of African American garbage workers on strike in Memphis Although some consider this oration King s finest it is mainly known for its concluding two minutes wherein King compares himself to Moses and seems to predict his own assassination But King gave an hour long speech and the concluding segment can only be understood in relation to the whole King scholars generally focus on his theology not his relation to the Bible or the circumstance of a Baptist speaking in a Pentecostal setting Even though King cited and explicated the Bible in hundreds of speeches and sermons Martin Luther King s Biblical Epic is the first book to analyze his approach to the Bible and its importance to his rhetoric and persuasiveness Martin Luther King s Biblical Epic argues that King challenged dominant Christian supersessionist conceptions of Judaism in favor of a Christianity that affirms Judaism as its wellspring In his final speech King implicitly but strongly argues that one can grasp Jesus only by first grasping Moses and the Hebrew prophets

This book also traces the roots of King's speech to its Pentecostal setting and to the Pentecostals in his audience. In doing so, Miller puts forth the first scholarship to credit the mostly unknown but brilliant African American architect who created the large yet compact church sanctuary which made possible the unique connection between King and his audience on the night of his last speech. **House documents**, 1895 *American Agency Bulletin*, 1926 **Tracts during the Commonwealth, and the reign of King Charles II** John Somers Baron Somers, 1812 *Pamphlets* Jesse Walter Fewkes, 1893 *Window on a War* Gerald Cannon Hickey, 2002 When Gerald Hickey went to Vietnam in 1956 to complete his Ph.D. in anthropology, he didn't realize he would be there for most of the next eighteen years through the entire Vietnam War. After working with the country folk of the Mekong Delta for several years in 1963, Hickey was recruited by the RAND Corporation which was contracted by the U.S. government to study and report on the highland tribes. From the buildup to war when mountain tribespeople still lived in longhouses and cut and burned brush to clear fields for rice to near the end of the conflict when he sailed away from Vietnam on the S.S. Idaho, Gerald Hickey experienced it all. He lived through the horrible Viet Cong night attack on the Nam Dong Special Forces Camp in July 1964 and he survived the full-scale battle at Ban Me Thuot during Tet 1968. Worst, he witnessed the decline of the mountain people from proud highlanders to refugees from a war none of them wanted and few understood. Hickey became respected by all parties as a fair intermediary between the highlanders, the American mission, and to some extent the Saigon government. His understanding of the montagnards and his representation of their interests helped to resolve their conflict with Saigon in 1965 and assured their alliance with U.S. forces through the rest of the war. These are his experiences told with the calm yet deep emotion of a man who invested a major portion of his life and career in the events of the war and with the people among whom he lived and worked. His is a unique viewpoint and one to which we should attend. Hickey's studies of these independent, brave, and misunderstood people provide the scholarly record. This fine book expresses his devotion and his despair at their inevitable and often cruel assimilation.
