**The Elvis Movies** James L. Neibaur, 2014-04-04 Elvis Presley's stature as the King of Rock and Roll will never be challenged Between his first RCA hit single in 1956 the number one smash Heartbreak Hotel and his death in 1977 Elvis amassed more than 100 hits on the music charts Presley's dominance on the music chart was paralleled only by the singer's motion picture career Between 1956 and 1969 Elvis appeared in more than thirty films further cementing his place as one of the most popular entertainers of the twentieth century While there have been countless books that explore the real Elvis tucked beneath layers of showbiz mythology such volumes often dismiss his motion picture career as insignificant or overlook his onscreen work entirely In *The Elvis Movies* James L. Neibaur looks at the thirty one features that Presley made from *Love Me Tender* in 1956 to *Change of Habit* in 1969 Most of these were star vehicles tailor made for his image As Neibaur points out Elvis had a real interest in being a good actor but his initial promise was soon thwarted by anti creative decisions that sold a packaged version of the singer Despite lapsing into a predictable formula of lightweight musicals Elvis Presley's star power ensured that the films became box office successes Neibaur examines each film providing information about their production and offering assessments about their value in general as well as their place in the Presley canon Additional details include behind the scenes personnel costars DVD availability and featured hit songs An entertaining and informative look at an often underrated aspect of the singer's career *The Elvis Movies* offers readers insight into his films This volume will be a welcome resource to fans of the singer who want to know more about the King and his successful ventures on the big screen

*Sucker Punch* Amanda J Field,2023-10-16 The 1930s 40s and 50s were the heyday of the boxing film attracting some of the biggest stars of the time including Errol Flynn James Cagney Kirk Douglas and Paul

Newman and some of the best directors Yet it is a genre that has received little critical attention apart from a few films singled out because they can be categorised as film noir It would be easy to assume therefore that the typical boxing film of this period was a dark melodrama with the tragic and doomed figure of the boxer at its centre but that gives a false picture of a genre that included comedies and costume dramas among its 130 plus films Sucker Punch invites the reader to take a wider look at the scope and breadth of the genre by providing a detailed discussion of 20 boxing films a selection from each decade from Hollywood and British studios Some such as *Body and Soul* have become part of the established canon of Film Studies while lighter fare such as *Ringside Maisie* or *Gentleman Jim* have been overlooked by the critics but are worthy of re examination not simply because they are enjoyable films in their own right but also because they offer insights into social attitudes of the times The book draws on contemporary sources such as trade paper film reviews as well as modern academic criticism to build a highly readable account of the development of the boxing genre and its narrative conventions **The**
