Lawrence, 2023-10-20 Using a critical lens derived from ecopsychology and its praxis ecotherapy this book explores the relationships Madeleine L Engle develops for her characters in a selection of the novels from her three Time Austin family and O Keefe family series as those relationships develop along a human nonhuman kinship continuum This is accomplished through an examination both of pairs of novels from the fantastic and the realistic series and of single novels which stand out as slightly different from the most prominent genre in a given series Thus this examination also shows L Engle s fluid movement along a fantasy reality continuum and demonstrates the integration of the three series with each other Importantly through examining these relationships and this movement along continuums in these novels the project demonstrates how ecopsychology and ecotherapy provide strong and important and as yet virtually unexplored intersections with children s literature

**The Invitation-Only Zone** Robert S. Boynton, 2016-01-12 A bizarre little known tale about the most secretive culture on earth For decades North Korea denied any part in the disappearance of dozens of Japanese citizens from Japan's coastal towns and cities in the late 1970s But in 2002 with his country on the brink of collapse Kim Jong-il admitted to the kidnapping of thirteen people and returned five of them in hopes of receiving Japanese aid As part of a global espionage project the regime had attempted to reeducate these abductees and make them spy on its behalf When the scheme faltered the captives were forced to teach Japanese to North Korean spies and make lives for themselves marrying having children and posing as North Korean civilians in guarded communities known as Invitation Only Zones the fiction being that they were exclusive enclaves not prisons From the moment Robert S Boynton saw a photograph of these men and women he became obsessed with their story Torn from their homes as young adults living for a quarter century in a strange and hostile country they were returned with little more than an apology from the secretive regime In *The Invitation Only Zone* Boynton untangles the bizarre logic behind the abductions Drawing on extensive interviews with the abductees Boynton reconstructs the story of their lives inside North Korea and
