Killing Corridor:

ERDOCIDE Hüseyin Demirtaş,2020-06-08 More than 1 5 million social murders using minimum 114 genocidal methods and tools killing even unborn babies preventing medical treatment Nazism copycatting Planned for 8000 years A neo modern type of genocide On July 20 2016 the regime in Turkey was changed This change has destroyed almost 300 hundred years of democratic heritage Rule of law and the other founding principles of Republic which were set by Ataturk have been replaced by a permanent decree regime Around 1 500 000 citizens from every faction of society have been made SOCIALLY DEAD Around 100 citizens were unable to tolerate this way of living suffering a PERMANENT SOCIAL DEATH and unfortunately chose to end their unsustainable lives Numerous citizens have been killed in prisons detention and torture centers as a result of the torture they were subjected to Furthermore the treatments of numerous citizens are being hindered Pregnant ladies are being detained and their unborn babies are killed The massive purge and physical killings made by the decisions of Decrees or individual ministers are shown to the public as if they were only dismissals but the practical consequences of them are individual SOCIAL KILLINGS The total number of SOCIAL DEATHS is around 1 500 000 Around 1 500 000 innocent citizens and their descendants have been socially killed The practice of systematic and mass social killing is a post modern SOCIAL GENOCIDE After four years of research I have identified 114 types of social killing methods and tools I also sent numerous official claims to the various Turkish public and official institutions and told them to end committing the crime of genocide In the meantime the criminals who put the genocide into action also segregated the victims from the rest of society This was done to prevent the unification of the citizens who were the individual victims of the massive genocide and also the indirect victims of the genocide which I estimate to be around 4 000 000 This was also done to prevent the united struggle against such atrocities This separation allowed genocide criminals to commit the crime more easily To those who wish you can act jointly in the fight against these violent crimes against humanity and even against unborn babies I appeal to you to stand by and defend the rights dignity and lives of innocent people against those who commit crimes against humanity
