Entanglements Of Power Geographies Of Domination And Resistance:

Entanglements of Power Ronan Paddison, Chris Philo, Paul Routledge, Joanne Sharp, 2002-09-11 This book argues that practices of resistance cannot be separated from practices of domination and that they are always entangled in some configuration They are inextricably linked such that one always bears at least a trace of the other that contaminates or subverts it The team of contributors explore themes of identity embodiment organisation colonialism and political transformation examining them from historical contemporary and more abstract perspectives within a wide geographical and cultural spectrum Case studies include German Reunification Jamaican Yardies on British Television Victorian Sexuality and Moralisation in Cremorne Gardens Ethnicity Gender and Nation in Ecuador Sport as Power the film Falling Down *Entanglements of Power* presents an exciting and challenging account of the symbiotic relationship between domination and resistance and contextualises this within the parameters of geography with a rich body of case study material and a respected team of contributors

Entanglements of Power Joanne P. Sharp, 2002 **An Intercultural Theology of Migration** Gemma Cruz, 2010-01-15 Migration has long been associated with the social sciences However as a phenomenon that provides windows into possibly new forms of oppression and at the same time paths toward human liberation a systematic theological look at contemporary migration is long overdue Building on the emerging interest on migration in theology this book presents an intercultural theology of migration drawn from the experience of Filipino women domestic workers in Hong Kong in dialogue with theological ethics and liberationist theologies The result is a new look at the phenomenon of contemporary migration

Maternities Robyn Longhurst, 2012-07-26 Over the past decade geographers have shown a growing interest in the body as an important co ordinate of subjectivity and as a way of understanding further relationships between people place and space To date however geographers have published little on what is one of if not the most important of all bodies bodies that conceive give birth and nurture other bodies It is time that feminist social and cultural geographers contributed more to debates about maternal bodies This book offers a series of windows on the ways in which maternal bodies influence and are influenced by social and spatial processes Topics covered include women coming out as pregnant at work changing fashion for pregnant women being disabled and pregnant the politics of home versus hospital birth breastfeeding practices that sit outside the norm women who are constructed as bad mothers and e mums mothers who go on line

Humor and Nonviolent Struggle in Serbia Janjira Sombatpoonsiri, 2015-10-29 In this highly original and engaging work Sombatpoonsiri explores the nexus between humor and nonviolent protest aiming to enhance our understanding of the growing popularity of humor in protest movements around the world Drawing on insights from the pioneering Otpor activists in Serbia she provides a detailed account of the protesters systematic use of humor to topple Slobodan Milo evic in 2000 Protest newsletters documentaries of the movement and interviews with activists combine to illustrate how humor played a pivotal role by reflecting the absurdity of the regime s propaganda and in turn by

delegitimizing its authority Sombatpoonsiri highlights the Otpor activists ability to internationalize their nonviolent crusade influencing youth movements in the Ukraine Georgia Iran and Egypt Globally Otpor s successful use of humor has become an inspiration for a later generation of protest movements

Skype: Bodies, Screens, Space Robyn Longhurst,2016-09-13 Despite the popularity of Skype with video many of us are still figuring out how to do it Interviews reveal that we can now run the programme but we are less certain about how to perform in front of the webcam Seeing ourselves in the box on the side can feel strange We are not quite sure which bits of our bodies to display on the screen how much to move around the room or move the device around the room Is it acceptable to use Skype with video at a funeral in crowded spaces or while in bed This book addresses how people are emotionally and affectually connecting with others audio synchronously on the screen in a variety of different spatial contexts Topics include Skype with video being used by grandparents to connect with grandchildren friends and family using it for special occasions and partners using it for romance and sex Theories addressing bodies gender queerness phenomenology and orientation inform the research It concludes that while Skype does not offer some kind of utopian future it does open up possibilities for existing power relations to be filtered through new lines of sight site which are shaping what bodies can do and where

The Ashgate Research Companion to Critical Geopolitics Merje Kuus,2016-04-01 Since the late 1980s critical geopolitics has gone from being a radical critical perspective on the disciplines of political geography and international relations theory to becoming a recognised area of research in its own right Influenced by poststructuralist concerns with the politics of representation critical geopolitics considers the ways in which the use of particular discourses

shape political practices Initially critical geopolitics analysed the practical geopolitical language of the elites and intellectuals of statecraft Subsequent iterations have considered the role that popular representations of the international political world play As critical geopolitics has become a more established part of political geography it has attracted ever more critique from feminists for its apparent blindness to the embodied effects of geopolitical praxis and from those who have been uncomfortable about its textual focus while others have challenged critical geopolitics to address alternative resistant forms of geopolitical practice Again critical geopolitics has been reworked to incorporate these challenges and the latest iterations have encompassed normative agendas non representational theory emotional geographies and affect It is against the vibrant backdrop of this intellectual development of critical geopolitics as a subdiscipline that this Companion is set Bringing together leading researchers associated with the different forms of critical geopolitics this volume produces an overview of its achievements limitations and areas of new and potential future development The Companion is designed to serve as a key resource for an interdisciplinary group of scholars and practitioners interested in the spatiality of politics

European Social Integration and the Roma Cerasela Voiculescu, 2016-10-04 In the field of political sociology and European studies there has long been a discussion on transnational neoliberal development and ethnic groups self governance Notwithstanding there has been limited exploration in relation to modes of knowledge production associated with neoliberal governance of the Other e g ethnic and indigenous groups which capture its idiosyncratic modes of political expression and empowerment Drawing on Michel Foucault s political philosophy this book discusses European social integration as transnational neoliberal governmentality and challenges its epistemologically constituted subaltern subject Neoliberalism is questioned in relation to its programs of securitisation of poverty and authoritarian models of self governance associated with instrumentality of the market In this context the book s rich political historical ethnography develops a new framework for the study of social power Furthermore inspired by Jacques Rancière s radical philosophy *European Social Integration and the Roma* proposes a new mode of knowledge production about populations excessively subjected to neoliberal governmentality heralding the epistemological decolonisation of the neoliberal subject Presenting an insightful new prospect in critical sociology as well as the conceptualization of power and the application of theories of governmentality this book will appeal to scholars interested in the areas of political sociology and anthropology international relations social and political theory philosophy and post development studies

Transnational Activism in Asia Nicola Piper, Anders Uhlin, 2004-06-01 This book provides new perspectives on transnational activism with a specific regional focus on Asia By offering an innovative approach its theoretical chapters and empirical case studies examine macro as well as micro aspects of power and how cross border activities of civil society groups are related to problems of democracy

Food Transgressions Michael K. Goodman, Colin Sage, 2016-04-22 Reconnecting so called alternative food geographies back to the mainstream food system especially in light of the discursive and material transgressions currently happening between alternative and conventional

food networks this volume critically interrogates and evaluates what stands for food politics in these spaces of transgression now and in the near future and addresses questions such as What constitutes alternative food politics specifically and food politics more generally when organic and other quality foods have become mainstreamed What has been the contribution so far of an alternative food movement and its potential to leverage further progressive change and or make further inroads into conventional systems What are the empirical and theoretical bases for understanding the established and growing transgressions between conventional and alternative food networks Offering a better understanding of the evolving position of the corporate food system vis a vis alternative food networks this book considers the prospects for economic social cultural and material transformations led by an increasingly powerful and legitimated alternative food network *Critical Geopolitics of the Polar Regions* Dorothea Wehrmann, 2018-11-13 Focusing on both Polar Regions this book provides a comprehensive understanding of political processes related to the rapidly changing Arctic and Antarctic where the environmental impacts of human activities are extremely visible Environmental changes in the Arctic and the Antarctic are increasingly seen as barometers of the global impact of human activities while newly arising economic opportunities in both Polar Regions prompt predictions that they will be the site of future conflicts This book maps and analyses the different actors involved in the politics of the Polar Regions to explain why similar patterns of interpretation of such major issues have become dominant in practical popular and formal geopolitical discourses Disentangling the politics the author illustrates how the ordering principles have evolved explains recent dynamics in political processes and provides the groundwork needed to better forecast future trends By focusing on the Americas the only continent that borders both Polar Regions the author shows how geographic proximity inspires interaction and cooperation among state and non state actors in very different ways This volume will be of interest to scholars and students of political science political geography international relations global governance and cultural studies It will have an international appeal particularly in the Americas and other countries with growing interests in the Polar Regions *The Discourse of Neoliberalism* Simon Springer, 2016-07-29 Why should we be worried about neoliberalism if we are not able to fully appreciate its deleterious effects How can we fully appreciate its intricacies and power without attending to and seeking to potentially reconcile the various critical theorizations of how it actually operates *The Discourse of Neoliberalism* offers a critical political economy meets poststructuralist perspective on the relationship between neoliberalism and power By advancing a geographical approach to understanding the discursive formations and material consequences of neoliberalism the book exposes how processes of neoliberalization are shot through with violence It argues that reading neoliberalism as a discourse better equips us to understand the power of this variegated economic formation as an expansive process of social spatial transformation that is intimately bound up with the production of poverty inequality and violence across the globe It illuminates the vital and ongoing power of neoliberalism in order to open up a critical space for thinking through how life beyond neoliberalism might be achieved *Rematerialising Children's*

Agency Matej Blazek, 2016 An original detailed ethnographic account of children's everyday lives in a small deprived neighborhood of postsocialist Bratislava called Kopčany *Rematerialising Children's Agency* provides novel empirical insight into the experience of growing up after twenty five years of postsocialist transformations A rising star in the study of children's geographies Matej Blazek explores the formation of children's agency and its many sources detailing the significance of intersecting themes from embodiment to complex social institutions as he asks key questions like What happens if we accept children's practices as cornerstones of communities What is uncovered if we examine adults' interactions with children in everyday community spaces Drawing on a background in youth work Blazek offers in depth insights into both children's lives and the priorities and needs of practitioners making this book of value across a range of disciplines and geographies

Spatial Justice, Contested Governance and Livelihood Challenges in Bangladesh Lutfun Nahar Lata, 2023-03-09 This book analyses the key livelihood and governance challenges that the urban poor experience while navigating public spaces in Dhaka Bangladesh Using data collected through extensive fieldwork in Bangladesh the book contributes to the emerging scholarship of resilient cities gendered space spatial justice and poverty in cities of the Global South The book assesses the everyday politics of survival for the urban poor how the poor negotiate different levels of formal and informal modes of power and governance and the dynamics of gender It explores how tenuous counter spaces are created when these factors combine to provide a valuable framework for work in other urban contexts in the Global South beyond Bangladesh Using cross disciplinary perspectives this book investigates the issues of human development urban governance urban planning and the gendered nature of urban space to outline how these issues enable or constrain poor people's livelihood practices and their rights to be in the city Exploring debates surrounding placemaking and inclusive cities and their connection to poor people's livelihoods this book will be of interest to scholars in the field of Sociology Development Studies Planning Geography and Anthropology

Kosovo Dr Denisa Kostovicova, 2005-10-09 Kosovo The Politics of Identity and Space explores the Albanian Serbian confrontation after Slobodan Milosevic's rise to power and the policy of repression in Kosovo through the lens of the Kosovo education system The argument is woven around the story of imposed ethnic segregation in Kosovo's education and its impact on the emergence of exclusive notions of nation and homeland among the Serbian and Albanian youth in the 1990s The book also critically explores the wider context of the Albanian non violent resistance including the emergence of the parallel state and its weaknesses Kosovo The Politics of Identity and Space not only provides an insight into events that led to the bloodshed in Kosovo in the late 1990s but also shows that the legacy of segregation is one of the major challenges the international community faces in its efforts to establish an integrated multi ethnic society in the territory

Plagues, Priests, and Demons Daniel T. Reff, 2004-12-06 Drawing on anthropology religious studies history and literary theory *Plagues Priests and Demons* explores significant parallels in the rise of Christianity in the late Roman empire and colonial Mexico Evidence shows that new forms of infectious disease devastated

the late Roman empire and Indian America respectively contributing to pagan and Indian interest in Christianity Christian clerics and monks in early medieval Europe and later Jesuit missionaries in colonial Mexico introduced new beliefs and practices as well as accommodated indigenous religions especially through the cult of the saints The book is simultaneously a comparative study of early Christian and later Spanish missionary texts Similarities in the two literatures are attributed to similar cultural historical forces that governed the rise of Christianity in Europe and the Americas **Political Geography**

,2014-05-22 We live in a rapidly changing world in which politics is becoming both more and less predictable at the same time this makes political geography a particularly exciting topic to study To make sense of the continuities and disruptions within this political world requires a strongly focused yet flexible text This new sixth edition of Peter Taylor's Political Geography proves itself fit for the task of coping with a frequently and rapidly changing geo political landscape Co authored again with Colin Flint it retains the intellectual clarity rigour and vision of previous editions based upon its world systems approach Reflecting the backdrop of the current global climate this is the Empire globalization and climate change edition in which global political change is being driven by three related processes the role of cities in economic and political networks the problems facing territorially based notions of democratic politics and citizenship and the ongoing spectre of war This sixth edition remains a core text for students of political geography geopolitics international relations and political science as well as more broadly across human geography and the social sciences Political Geography Colin Flint,Peter J.

Taylor,2018-05-01 The new and updated seventh edition of Political Geography once again shows itself fit to tackle a frequently and rapidly changing geopolitical landscape It retains the intellectual clarity rigour and vision of previous editions based upon its world systems approach and is complemented by the perspective of feminist geography The book successfully integrates the complexity of individuals with the complexity of the world economy by merging the compatible but different research agendas of the co authors This edition explores the importance of states in corporate globalization challenges to this globalization and the increasingly influential role of China It also discusses the dynamics of the capitalist world economy and the constant tension between the global scale of economic processes and the territorialization of politics in the current context of geopolitical change The chapters have been updated with new examples new sections on art and war intimate geopolitics and geopolitical constructs reflect the vibrancy and diversity of the academic study of the subject Sections have been updated and added to the material of the previous edition to reflect the role of the so called Islamic State in global geopolitics The book offers a framework to help students make their own judgements of how we got where we are today and what may or should be done about it Political Geography remains a core text for students of political geography geopolitics international relations and political science as well as more broadly across human geography and the social sciences The Universities of Scotland, Ireland, and New England During the British Civil Wars Salvatore Cipriano,2024-12-17 Highlights the contested nature of higher education in the British Atlantic world between the Reformation and the Enlightenment

Universities in the early modern period were powerful institutions in the formation of societies utilised as both tools to legitimise and perpetuate the power of states and archetypes upon which to model an idealised society that might maintain social order. In an era of upheaval and civil war, rival authorities clashed in the universities where the conflicts and complexities of early modern state formation were regularly laid bare. The encroachment of the Stuart monarchy beyond England into Scottish and Irish academe stimulated broader resistance from Scottish and Irish authorities while prompting the founding of institutions of higher learning among expatriate communities beyond the British Isles especially in New England. In these spaces universities were viewed as institutional bulwarks against external intrusions that promoted localised competing visions of the godly church and state amid the conflicts and complexities of early modern state formation. This book provides new insight into the contested nature of higher education in the British Atlantic world between the Reformation and the Enlightenment and corrects outmoded notions about the universities' purported insularity and intellectual poverty. Rather, the image that emerges of these universities is one of genuine academies of strategic importance employed to serve the agendas of ruling powers in Scotland, Ireland and New England. Trinity College, Dublin; Harvard College and the Scottish universities existed on the frontiers of a deteriorating composite monarchy with a centralizing impulse becoming battle grounds of the mid-seventeenth century's intellectual, political and religious conflicts.
