Enter The River Healing Steps From White Privilege Toward Racial Reconciliation:

Enter The River Jody Miller Shearer, Tobin Miller Shearer, 1994-03-11 The Bible tells of Naaman the Syrian who entered the Jordan River to be cleansed Comparing the affliction of racism to Naaman s illness Enter the River by Jody Miller Shearer invites readers into their own healing He explores definitions of prejudice and racism the different effects of racism on white persons and people of color affirmative action and many other issues The accessible presentation provides a strong foundation for study and action Reconciliation Curtiss Paul DeYoung, 2019-06-18 Rather than settling for cheap shortcuts to harmony Curtiss Paul DeYoung invites us to embrace a costly reconciliation Reconciliation God s Timeless Call to Justice Healing and Transformation describes what is essential for engaging in the process of costly reconciliation taking responsibility seeking forgiveness repairing the wrong healing the soul and creating new ways of relating Chapters close with a set of study guide questions for readers who seek a concise lay oriented articulation of the biblical mandate for reconciliation across racial gender and class lines This is the 2019 reprint edition of Reconciliation Our Greatest Challenge Our Only Hope **White Men Challenging Racism** Cooper Thompson, Emmett Schaeffer, Harry Brod, 2003-04-21 Narratives exploring the lives experiences and feelings on racism from anti racist white men who are committed to social justice **White Awareness** Judy H. Katz, 2003 Originally designed for facilitators as a training handbook complete with exercises and tools to assist white people address racism this book guides white people through the process of understanding challenging and confronting issues of racism This training program provides a meaningful way to help create change in the white community Responding to the challenge of creating a learning environment in which to address racism White Awareness provides a detailed step by step guide through six stages of learning from awareness to action The exercises within each of the stages focus on key themes including defining racism and its inconsistencies confronting the reality of racism exploring aspects and implications of white culture and identity understanding cultural differences and examining cultural racism analyzing individual racism and developing action strategies to combat racism This newly revised edition published on the twenty fifth anniversary of the first edition includes over forty activities with instructions and suggestions for conducting each session as well as recommended readings and sources for use in the activities Proving worthwhile in educational business community and military settings the program is detailed yet flexible The volume has been updated to include new source information insights on President Bill Clinton s 1998 Initiative on Race and groundbreaking research on racism as a mental disorder *The Long Southern Strategy* Angie Maxwell, Todd Shields, 2019-06-24 The Southern Strategy was but one in a series of decisions the GOP made not just on race but on feminism and religion as well in what Angie Maxwell and Todd Shields call the Long Southern Strategy The Southern Strategy is traditionally understood as a Goldwater and Nixon era effort by the Republican Party to win over disaffected white voters in the Democratic stronghold of the American South To realign these voters with the GOP the party abandoned its past support for civil rights and used racially

coded language to capitalize on southern white racial angst However that decision was but one in a series of decisions the GOP made not just on race but on feminism and religion as well in what Angie Maxwell and Todd Shields call the Long Southern Strategy In the wake of Second Wave Feminism the GOP dropped the Equal Rights Amendment from its platform and promoted traditional gender roles in an effort to appeal to anti feminist white southerners particularly women And when the leadership of the Southern Baptist Convention became increasingly fundamentalist and politically active the GOP tied its fate to the Christian Right With original extensive data on national and regional opinions and voting behavior Maxwell and Shields show why all three of those decisions were necessary for the South to turn from blue to red To make inroads in the South however GOP politicians not only had to take these positions but they also had to sell them with a southern accent Republicans embodied southern white culture by emphasizing an us vs them outlook preaching absolutes accusing the media of bias prioritizing identity over the economy encouraging defensiveness and championing a politics of retribution In doing so the GOP nationalized southern white identity rebranded itself to the country at large and fundamentally altered the vision and tone of American politics www.congregationalresources.org Richard Bass,2004-12-30 An ever increasing number of resources compete for the attention of congregational leaders With a seemingly endless number of choices finding the best resource on a particular topic for a specific congregation is an often daunting challenge www.congregationalresources.org is an invaluable companion to the groundbreaking online version of Alban Institute's and Indianapolis Center for Congregational Studies jointly researched and produced Congregational Resource Guide launched in 2001 and accessed by thousands of seekers each week The book conveniently and cogently puts the rich array of important resources into context by examining in depth the key books organizations Web sites and people that will help leaders gain an understanding of important issues facing their congregations The book features ten overviews of important topics by widely recognized experts in their fields including Amy Sherman on Community Ministry Tom Fischer on Congregational Health Lee Ramsey on Preaching Paul Chaffee on Leadership John Janka on Evaluation and Jean Trumbauer on Lay Ministry Each essay is accompanied by an annotated list of selected resources for researching further information Helpful guides for using these valuable resources to promote and encourage congregational understanding and transformation are also included *Ralph Ellison and Kenneth Burke at the Roots of the Racial Divide* Bryan Crable,2012 Ralph Ellison and Kenneth Burke focuses on the little known but important friendship between two canonical American writers The story of this fifty year friendship however is more than literary biography Bryan Crable argues that the Burke Ellison relationship can be interpreted as a microcosm of the American racial divide Through examination of published writings and unpublished correspondence he reconstructs the dialogue between Burke and Ellison about race that shaped some of their most important works including Burke's *A Rhetoric of Motives* and Ellison's *Invisible Man* In addition the book connects this dialogue to changes in American discourse about race Crable shows that these two men were deeply connected intellectually and personally but the social division between white and black

Americans produced hesitation embarrassment mystery and estrangement where Ellison and Burke might otherwise have found unity By using Ellison s nonfiction and Burke s rhetorical theory to articulate a new vocabulary of race the author concludes not with a simplistic healing of the divide but with a challenge to embrace the responsibility inherent to our social order American Literatures Initiative

The State of the American Mind: Stupor and Pathetic Docility Volume II

Amechi Okolo,2010-06-11 This book The State of the American Mind Stupor and Pathetic Docility Volume One begins to unravel some of the most obvious perplexing embarrassing and enduring problems and contradictions of American history and sociology viz how could the American revolution that started with the most ringing and most inspiring Declarations of human equality in world history end up establishing the most vicious exploitative society the world ever knew Black chattel slavery and only ten percent white enfranchisement etc Further how could men of such great wisdom and intellect like George Washington James Madison Thomas Jefferson and others who were Enlightenment scholars and clearly knew that slavery was despicable and evil because they had variously experienced white servitude and slavery themselves collude to establish and institutionalize the horrible system of Negro chattel slavery in America and also disenfranchised over 90 percent of people of their own race actions that racism could not explain The structural institutional slavery system they established and the resultant consequent racism hobbles America today as it did in the past and forced Eric Holder the Attorney General to declare that America is a nation of cowards when it comes to race discussions Thus this book starts with serious critical discussions of race in America and reveals what no textbook has ever done viz that most early American whites and Blacks were slaves an uncomfortable fact that would shock most Americans because it contradicts the orthodoxy or the dominant narrative that only Blacks were brought here in chains Further the book also shows the year Black slavery started something almost all textbooks got wrong It also shows who was the fi rst Black slave in America something no textbook ever mentions It also shows when and how racism started in America and many other very sensitive and embarrassing but necessary issues that America avoids but must be frankly discussed for America to move forward This book therefore shatters the two dominant themes of Americas history and sociology that Blacks were brought into America in chains as slaves while whites came to America in search of freedom as Harvard educated President Obama famously told us in his race speech Thus the crowning lesson of this book in addition to discussing some critical policy issues like education health care etc is that it discovers the centripetal force of the American society that eluded contemporary Americans because American bosses have laboriously concealed the facts from the public the scary but clearly healthy uniting fact that most Americans are united by their common ancestry their universal history and experience of servitude bond indentures and slavery Nothing is more universal more common and more shared in American history and sociology than the fact that most of our ancestors black and white were servants bond indentures and slaves who were dominated and super exploited by few overlords Colonial America was the preferred dumping ground for British outcasts rejects criminals masterless class

vagabonds bond indentures slaves etc until 1776 when Australia replaced America as the British dump for its rejects and surplus citizens Thus that America was a nation founded by British rejects and losers is inherently more rational than the prevailing orthodoxy or the Obama theory of Americas founders that they were great honorable men who journeyed across the ocean for freedom because of the obvious reason that good powerful achieving citizens do not normally emigrate to new uncharted lands

Lifting the White Veil Jeff Hitchcock,2002 What does it mean to be white in America and why is it important to know Drawing on both scholarly and personal sources the author discusses the history characteristics and psychology of white American culture He explains how white Americans exist in a multicultural context and offers suggestions how they can work for a society based on multiracial justice and equality Written in a clear simple engaging and informative style for the educated reader

Sister Species Lisa Kemmerer,2011-06-08 There is a very strong association between women animals and activism In *Women Social Justice and Animal Advocacy* activist Lisa A Kemmerer presents the narratives of fourteen ecofeminist activists who describe their own experiences in the field often from the perspective of discovering the extent of a particular kind of animal oppression and resolving to do something about it The narratives are bold and gripping sometimes horrifying and cover a range of topics relating to animal rights and liberation The writers discuss contemporary cockfighting factory farming orphaned primates in Africa the wild bird trade scientific experimentation on animals laws against dangerous dogs and violence against baby seals *Sister Species* provides a wide survey of what women are doing in the animal activism movement The writers ask readers to rethink how we view animals in our daily lives and how we can take action to protect them Kemmerer s introduction explains why she collected these particular stories and how she views the relationship between feminism and animal suffering The foreword is by Carol J Adams author of *The Sexual Politics of Meat* 1990 *Neither Man nor Beast* *Feminism and the Defense of Animals* 1994 *The Feminist Care Tradition in Animal Ethics* *A Reader* 2007 and many other books None of these essays has been previously published

Racism Albert J. Wheeler,2000 Of all mankind s vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature providing access by subject groupings as well as author and subject indexes Contents Racial Attitudes Racism and Poverty Hate Groups Racial Justice Racism and Politics Race Discrimination Racial Identity Racism Around the World

Between the World of Ta-Nehisi Coates and Christianity David Evans,Peter Dula,2018-10-24 Between the world of Ta Nehisi Coates and Christianity there appears to be the widest difference Coates s brief comments on Christianity in his highly acclaimed *Between the World and Me* make clear that religious faith is alien to his own experience Still Christian audiences from congregations to theological schools engaged the text for its analysis of the state of race relations in the United States In September 2015 Ta Nehisi Coates tweeted Best thing about *BetweenTheWorldAndMe* is watching Christians engage the

work Serious learning experience for me This volume takes that tweet as an invitation to theologians ethicists and religious studies scholars to engage the book and as a challenge to do so in a way that is a learning experience for Coates the authors and readers

No Partiality Douglas R. Sharp,2002-01-01 Douglas Sharp explores the theoretical constructions of race including its psychological sociopolitical and socioeconomic dimensions Finally Sharp carefully weaves a theological model of racial reconciliation for a new humanity

A House of Prayer for All Peoples Sheryl A. Kujawa-Holbrook,2002-12-31 Contrary to the oft repeated truism there are churches in America where Sunday is not the most segregated day of the week as Sheryl Kujawa Holbrook convincingly demonstrates in her compelling exploration of congregations tackling racial justice issues Yet the truism continues to haunt many congregations and Kujawa Holbrook reveals through story and thoughtful analysis what it means to create and live out multiracial community Focusing on six congregations from different denominations geographical regions and settings the author shows us the joys and struggles in their intentional pursuits of a more diverse and just community The stories in *A House of Prayer for All Peoples* will inspire leaders to explore their congregation s history study their community s demographics and most of all search their souls for ways they can develop and celebrate the diversity in their midst The book is capped by an extensive annotated resource list for readers who want to explore the topic further

Educating for Peace through Theatrical Arts Candice Carter,Rodrigo Benza Guerra,2022-06-12 This volume illustrates how theatre arts can be used to enact peace education by showcasing the use of theatrical techniques including storytelling testimonial and forum theatre political humor and arts based pedagogy in diverse formal and non formal educational contexts across age groups The text presents and discusses how the use of applied theatre especially in conflict affected areas can be used as an educational response to cultural and structural violence for transformation of relations healing and praxis as local and global peacebuilding Crucially it bridges performing arts and peace education the latter of which is unfolding in schools and their communities worldwide With contributors from countries including Northern Ireland Denmark Norway the USA Mexico Japan the Philippines Pakistan Burundi Kenya and South Africa the authors identify theoretical and technical aspects of theatrical performance that support peace through transformation along with embodied and sensorial learning This book will appeal to scholars and students with interests in teacher education arts based learning peace studies and applied theatre that consider practice with child adolescent and adult learners
