The Ashgate Research Companion to Corporate Social Responsibility Professor Nicholas Capaldi,Professor David Crowther,2012-11-28 The term corporate social responsibility CSR has gained prominence both in business and in the media and has become one of the most debated management issues Yet there is still a lack of consensus on what the concept means what it entails why it should be embraced and how This companion offers scholars and graduate students a valuable guide to current thinking and a comprehensive reference to this increasingly important field

Corporate Social Responsibility and Environmental Affairs in the British Press Martina Topić,2021-10-27 An ecofeminist criticism of neoliberalism this book uses economic growth CSR and the press coverage of environmental affairs as a case study The author argues that CSR is part of a wheel of neoliberalism that continually perpetuates inequality and the exploitation of women and Nature Using an ecofeminist sense making analysis of media coverage of food waste global warming plastic economic growth and CSR the author shows how the press discourse in writing is always similar and serves to preserve the status quo with CSR being just a smokescreen that saved capitalism and just one cog in the wheel of neoliberalism While available research offers perspectives from business and public relations studies looking at how CSR is implemented and how it contributes towards the reputation of businesses this book explores how the media enforce CSR discourse while at the same time arguing for environmental preservation The book presents a combination of quantitative and qualitative methods to explain how and why CSR is being pushed forward by the news media and how the media preserves the status quo by creating moral panic on environmental issues while at the same time pushing for CSR discourse and economic growth which only contributes towards environmental degradation The original research presented in the book looks at how the media write about economic growth plastics food waste CSR and global warming This interdisciplinary study draws on ecofeminist theory and media feminist theory to provide a novel analysis of CSR making the case that enforcing CSR as a way to do business damages the environment and that the media enforce a neoliberal discourse of promoting both economic growth and environmentalism which does not go together Examining the UK media as a case study a detailed methodological account is provided so that the study can be repeated and compared elsewhere The book is aimed at academics and researchers in business and media studies as well as those in women s studies It will also be relevant to scholars in business management and marketing
