How Migrant Labor Is Changing Rural China:

How Migrant Labor is Changing Rural China Rachel Murphy, 2002-09-19 One of the most dramatic and noticeable changes in China since the introduction of economic and social reforms in the early 1980s has been the mass migration of peasants from the countryside to urban areas across the country Murphy's in depth fieldwork in rural China offers a rich basis for her findings about the impact of migration on many aspects of rural life inequality the organization of agricultural production land transfers livelihood diversification spending patterns house building marriage education the position of women social stability and state society relations Her analysis focuses on the human experiences and strategies that precipitate shifts in national and local policies for economic development and the responses of migrants non migrants and officials to changing circumstances obstacles and opportunities This pioneering study is rich in original source materials and anecdotes as well as useful comparative examples from other developing countries *Labour Migration and Social Development in Contemporary China* Rachel Murphy, 2008-10-08 Since the mid 1980s mass migration from the countryside to urban areas has been one of the most dramatic and noticeable changes in China Labour migration has not only exerted a profound impact on China's economy it has also had far reaching consequences for its social development This book examines labour migration in China focusing on the social dimensions of this phenomenon as well as on the economic aspects of the migration and development relationship It provides in depth coverage of pertinent topics which include the role of labour migration in poverty alleviation the social costs of remittance and regional gender and generational inequalities in their distribution hukou reform and the inclusion of migrants in urban social security and medical insurance systems the provision of schools for migrants children the provision of sexual health services to migrants the housing conditions of migrants the mobilization of women workers social networks to improve labour protection and the role of NGOs in providing social services for migrants Throughout it pays particular attention to policy implications including the impact of the recent policy shift of the Chinese government which has made social issues more central to national development policies and has initiated policy reforms pertaining to migration *The Routledge Handbook of Chinese Studies* Chris Shi, Weixiao Wei, 2021-05-30 This Handbook approaches Chinese Studies from an interdisciplinary perspective while attempting to establish a fundamental set of core values and tenets for the subject in relation to the further development of Chinese Studies as an academic discipline It aims to consolidate the current findings in Chinese Studies extract the essence from each affiliated discipline formulate a concrete set of ideas to represent the Chineseness of the subject establish a clear identity for the discipline and provide clear guidelines for further research and practice Topics included in this Handbook cover a wide spectrum of traditional and newly added concerns in Chinese Studies ranging from the Chinese political system and domestic governance to international relations Chinese culture literature and history Chinese sociology gender middle class nationalism home ownership dating and Chinese opposition and activism The Handbook also looks at widening the scope of

Chinese Studies Chinese psychology postcolonialism and China Chinese science and climate change and some illustrations of innovative Chinese Studies research methods The Routledge Handbook of Chinese Studies is an essential reference for researchers and scholars in Chinese Studies as well as students in the discipline Chinese Social Policy in a Time of Transition Douglas Besharov, Karen Baehler, 2013-06-27 Examines the consolidation of Chinese social policy partly as a result of economic liberalization and expansion The Price of China's Economic Development Zhaohui Hong, 2015-07-21 The People's Republic of China has experienced significant transformations since Deng Xiaoping instituted economic reforms in 1978 Subsequent leaders continued and often broadened Deng's policies shifting the nation from agrarianism to industrialism from isolation to internationalism and from centralized planning to market based economics As the world strives to understand the nation's rapid development few observers have comprehensively examined the social and cultural price of the economic boom for the majority of the Chinese people Zhaohui Hong assesses the sociocultural consequences of these reforms in this provocative study He contends that modern China functions as an oligarchy or plutocracy ruled by an alliance of political power and private capital where the boundaries between the private and public sectors are constantly shifting This power capital institution based on three millennia of Confucian ideology and decades of Maoist communism exercises monopolistic control of public resources at the expense of civil society and social justice for the majority of citizens The Price of China's Economic Development urges policymakers to alter their analytic lens While industrial and commercial development is quantitatively measured Hong argues that social progress should be assessed qualitatively with justice its ultimate goal and fair allocation of resources and opportunity as the main index of success This sophisticated analysis introduces English speakers to the varied and significant work of contemporary Chinese scholars and substantially enriches the international dialogue **Against the Law** Ching Kwan Lee, 2007 This powerful study opens a critical perspective on the slow death of socialism and the rebirth of capitalism in the world's most dynamic and populous country Based on remarkable fieldwork and extensive interviews in Chinese textile apparel machinery and household appliance factories Against the Law dissects the world of Chinese workers today and finds a rising tide of labor unrest mostly hidden from the world's attention Intense working class agitation is being spurred by massive unemployment of Mao's socialist proletariat in the northern rustbelt and by the exploitation of millions of young workers in the southern sunbelt Providing a broad comparative political and economic analysis of the vast mosaic of this labor struggle together with unprecedented fine grained ethnographic detail the book portrays the multi faceted humanity of the Chinese working class as their stories unfold in bankrupt state factories and global sweatshops in crowded dormitories and remote villages at heroic moments of street protests as well as in quiet disenchantment with the corrupt officialdom and the fledgling legal system **Politics in China** William A. Joseph, 2010 Sixty years ago China was one of the poorest countries in the world populated mostly by rural peasants and still suffering from more than a century of internal turmoil and international humiliation Today China is a

rapidly modernizing economic dynamo with growing global influence Politics in China is an authoritative introduction to how this transformation occurred and how China is governed today Written by an international team of highly regarded China scholars each chapter offers an accessible overview of a key topic in Chinese politics The opening section provides readers with a firm grounding in China's modern political history from the fall of the last imperial dynasty through era of communist rule under Mao Zedong Deng Xiaoping and their successors The next section covers the political system with chapters on Communist Party ideology the structure of the political system and the policies behind the country's spectacular economic performance The book then focuses on several major issues in China today politics in the countryside and the cities the arts the environment public health and population policy The final chapters cover politics in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan Comprehensive and fully up to date in its coverage Politics in China is essential not only for students studying contemporary China but for any reader interested in learning how this rising power has evolved in recent times and the workings of its current political system

Migration, Development and Poverty Reduction in Asia Iom International Organization For Migration, 2008 Gender, Mobilities, and Livelihood Transformations Ragnhild Lund, Kyoko Kusakabe, Smita Mishra Panda, Yunxian Wang, 2013-08-29 In the era of globalization many minority populations are subject to marginalization and expulsion from their traditional habitats due to rapid economic restructuring and changing politico spatial relations This book presents an analytical framework for understanding how mobility is an inherent part of such changes The book demonstrates how current neoliberal policies are making people increasingly on the move whether voluntarily or forced and whether individually as family or as whole communities and how such mobility is changing the livelihoods of indigenous people with particular focus on how these transformations are gendered It queries how state policies and cross border and cross regional connections have shaped and redefined the livelihood patterns rights and citizenship identities and gender relations of indigenous peoples It also identifies the dynamic changes that indigenous men and women are facing given rapid infrastructure improvements and commercialization and or industrialization in their places of Environment With a focus on mobility this innovative book gives students and researchers in development studies gender studies human geography anthropology and Asian studies a more realistic assessment of peoples livelihood choices under a time of rapid transformation and the knowledge produced may add value to present development policies and practices

Searching for Sweetness Sarah Hanisch, 2022-03-11 Traversing from the rapidly urbanising county level city of Fuqing to the remote mountainous kingdom of Lesotho in Southern Africa Searching for Sweetness is one of the first and most extensive ethnographies linking rural to urban migration in China with Chinese migration to Africa Against the backdrop of China's national struggle for modernity and globalisation Sarah Hanisch examines Chinese migrant women's complex and ever shifting struggles for upward social mobility across different generations and localities in China and Lesotho Embedding the women's individual portraits into larger historical contexts

Hanisch illustrates how these women interpret and narrate their migratory and everyday experiences through and beyond powerful state metanarratives on sweetness and bitterness. In her exploration of migratory identities and projects that have been overlooked by previous studies, Hanisch brings uniquely gendered, multi-sited and intergenerational perspectives to existing scholarship on Chinese internal and international migration. This book is an important effort to connect Chinese migration to Africa to developments taking place in China. Hanisch also explores various drivers of present-day gendered migration and ongoing changes in the state's metanarratives surrounding development, modernity and bitterness/sweetness. The deeply trusting relationships she was able to establish with her interlocutors make this book especially unique and valuable. Yoon Jung Park, Georgetown University. This book tells us about Chinese migration to Africa beyond the state-centred narratives we usually read in journalistic and academic accounts. As a multi-sited ethnography, it provides insights into the struggle of ten women between hope and desperation, between success and defeat. Searching for Sweetness is what drives these women and makes them tell their stories beyond and in constant dialogue with the state-designed master narratives. This is a must-read for anyone who wishes to confront the complexity of today's globalised world. Susanne Weigelin-Schwiedrzik, University of Vienna.

China on the Move C. Cindy Fan, 2007-12-04. *China on the Move* offers a new and more thorough explanation of migration which integrates knowledge from geography, population studies, sociology and politics to help us understand the processes of social, political and economic change associated with powerful migration streams so essential to Chinese development. Using a large body of research, clear and attractive illustrations, maps, tables and charts of findings based on census survey and field data and selected qualitative material such as migrants' narratives, this book provides an updated, systematic, empirically rich, multifaceted and lively analysis of migration in China.

Living with Reform Timothy Cheek, 2008-02-29. China is huge. China is growing more powerful. Yet China remains a great mystery to most people in the West. This contemporary history, based on the latest scholarly research, offers a balanced perspective of the continuing legacy of Maoism in the lives not only of China's leaders but China's working people. It outlines the ambitious economic reforms taken since the 1980s and shows the complex responses to the consequences of reform in China today. Cheek shows the domestic concerns and social forces that shape the foreign policy of one of the world's great powers. His analysis will equip the reader to judge media reports independently and to consider the experience and values not only of the Chinese government but China's workers, women and minorities.

Global Empowerment of Women Carolyn M. Elliott, 2007-12-12. The empowerment of women is a broadly endorsed strategy for solving a host of difficult problems, from child poverty to gender violence to international development. The seventeen international scholars in this multi-disciplinary volume offer thoughtful critiques of the notion of empowerment based on their studies in twenty countries in all regions of the world. The comparative introduction places concepts of empowerment in the context of models of the market and of community, showing how contradictions in these models as they are enacted on the ground provide both spaces and constraints for women. The

chapters consider opportunities for women in the context of globalization resurgent nationalism and politicized religion cultures of masculinity and the HIV AIDS epidemic in Africa They show how initiatives at national or global levels are transformed by local cultures and power structures and demonstrate the fruitfulness of tensions between universal values of human rights and contextualized understandings This landmark multi disciplinary collection of original studies by distinguished international feminist scholars will be an essential addition to the fields of Political Science Women s Studies Economics Sociology International Development and Environmental Studies

The Endless Crisis John Bellamy Foster, Robert W. McChesney, 2017-05-01 The days of boom and bubble are over and the time has come to understand the long term economic reality Although the Great Recession officially ended in June 2009 hopes for a new phase of rapid economic expansion were quickly dashed Instead growth has been slow unemployment has remained high wages and benefits have seen little improvement poverty has increased and the trend toward more inequality of incomes and wealth has continued It appears that the Great Recession has given way to a period of long term anemic growth which Foster and McChesney aptly term the Great Stagnation This incisive and timely book traces the origins of economic stagnation and explains what it means for a clear understanding of our current situation The authors point out that increasing monopolization of the economy when a handful of large firms dominate one or several industries leads to an over abundance of capital and too few profitable investment opportunities with economic stagnation as the result Absent powerful stimuli to investment such as historic innovations like the automobile or major government spending modern capitalist economies have become increasingly dependent on the financial sector to realize profits And while financialization may have provided a temporary respite from stagnation it is a solution that cannot last indefinitely as instability in financial markets over the last half decade has made clear

Historical Dictionary of the Chinese Economy Lawrence R. Sullivan, 2017-11-08 The Historical Dictionary of the Chinese Economy covers the world s second largest macro economy Extensive attention throughout the volume is given to the historical development of the Chinese economy since the establishment of the People s Republic of China PRC in 1949 Included is a review of developments during the period of central economic planning adopted from the Soviet Union 1953 1978 and in depth information and analysis on the various policies and fundamental changes brought about in China by the inauguration of economic reforms from 1978 1979 through 2016 This book contains a chronology an introduction and an extensive bibliography The dictionary section has over 400 cross referenced entries on critical sectors of the economy including automobiles banking and finance national currency economic regulation trade and investment and important industries such as agriculture computers and electronics iron and steel real estate and shipping This book is an excellent resource for students researchers and anyone wanting to know more about China s economy

The Communist Road to Capitalism Ralf Ruckus, 2021-07-27 The Communist Road to Capitalism explores how a dynamic of social struggles from below followed by countermeasures of the Chinese Communist Party CCP regime has pushed the historical evolution of

the People's Republic of China PRC since 1949 Under socialism until the mid 1970s during the ensuing transition until the mid 1990s and in the capitalist period since the CCP regime responded to the struggles of workers peasants migrants and women with a mix of repression concession cooptation and reform Ralf Ruckus shows that this dynamic took the country into a new phase each time and eventually all the way from socialism to capitalism in the 1950s labor struggles and the Hundred Flowers Movement were followed by the regime's Great Leap Forward in the 1960s the Cultural Revolution led to the CCP's failed attempt to revitalize socialism in the 1970s social unrest and movements for a democratic socialism made room for the regime's Reform and Opening policies in the late 1980s the Tiananmen Square uprising triggered more radical reforms in the 1990s peasant and state worker unrest could not stop the capitalist restructuring and in the 2000s migrant worker struggles led to concessions tightened repression and the regime's global capitalist expansion strategy in the 2010s The Communist Road to Capitalism breaks with established orthodoxies about the PRC's socialist successes and myths on its later rise as an economic power It combines a historiography of workers peasants migrants and women's struggles with a searing critique of exploitation authoritarian state power and gender discrimination under socialism and capitalism Drawing lessons from PRC history Ralf Ruckus finally outlines political aims and methods for the left that avoid past mistakes and allow to fight on for a society free of all forms of exploitation and oppression

Social Transformations in Chinese Societies Yanjie Bian, Kwok-bun Chan, Tak-sing Cheung, 2006-06-01 *Social Transformations in Chinese Societies* is the official annual of The Hong Kong Sociological Association It publishes articles of original research that addresses theoretical methodological or substantive issues of sociological significance about or related to social transformations in Chinese societies The focus is mainly on Hong Kong Taiwan the mainland Singapore and Chinese overseas Review essays of exceptionally high quality are also welcome

Population in China Nancy E. Riley, 2016-12-16 China is home to a fifth of the world's inhabitants For the last several decades this huge population has been in flux fertility has fallen sharply mortality has declined and massive rural to urban migration is taking place The state has played a direct role in these changes seeing population control as an important part of its intention to modernize the country In this insightful new work Nancy E Riley argues that China's population policies and outcomes are not simply imposed by the state onto an unresponsive citizenry but have arisen from the social organization of China over the past sixty years Riley demonstrates how China's population and population policy are intertwined and interact with other social and economic features Riley also examines the unintended consequences of state directives including the extraordinary number of missing girls the rapid aging of the population and an increase in inequality particularly between rural and urban residents Ultimately China's demographic story has to be understood as a complex multi-pieced phenomenon This book will be essential reading for researchers and students of China and social demography as well as non-specialists interested in the changing nature of China's population

China's Economic Dynamics Jun Li, Liming Wang, 2013-12-17 Although Chinese economic growth continues strong and although China coped very well with the recent

global crisis the Chinese economy faces many challenges including how to sustain growth how to rebalance the economy towards more domestic consumption how to accommodate rising wages growing social and regional inequality and how to reform financial and monetary policies This book examines the key challenges currently facing the Chinese economy It considers Chinas increasing global impact discusses the institutional drivers of China s economic growth assesses critically China s need for structural reform and explores issues related to sustainability and human rights **Urban China** Xuefei Ren,2013-04-23 Currently there are more than 125 Chinese cities with a population exceeding one million The unprecedented urban growth in China presents a crucial development for studies on globalization and urban transformation This concise and engaging book examines the past trajectories present conditions and future prospects of Chinese urbanization by investigating five key themes governance migration landscape inequality and cultural economy Based on a comprehensive evaluation of the literature and original research materials Ren offers a critical account of the Chinese urban condition after the first decade of the twenty first century She argues that the urban rural dichotomy that was artificially constructed under socialism is no longer a meaningful lens for analyses and that Chinese cities have become strategic sites for reassembling citizenship rights for both urban residents and rural migrants The book is essential reading for students and scholars of urban and development studies with a focus on China and all interested in understanding the relationship between state capitalism and urbanization in the global context

This Enthralling World of E-book Books: A Thorough Guide Unveiling the Benefits of Kindle Books: A Realm of Ease and Versatility E-book books, with their inherent mobility and ease of availability, have liberated readers from the limitations of physical books. How Migrant Labor Is Changing Rural China Introduction

In today's digital age, the availability of How Migrant Labor Is Changing Rural China books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of How Migrant Labor Is Changing Rural China books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of How Migrant Labor Is Changing Rural China books and manuals for download is the cost-saving aspect. Traditional books and manuals can

be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing How Migrant Labor Is Changing Rural China versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, How Migrant Labor Is Changing Rural China books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing How Migrant Labor Is Changing Rural China books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for How Migrant Labor Is Changing Rural China books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, How Migrant Labor Is Changing Rural China books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of How Migrant Labor Is Changing Rural China books and manuals for download and embark on your journey of knowledge?

FAQs About How Migrant Labor Is Changing Rural China Books

What is a How Migrant Labor Is Changing Rural China PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a How Migrant Labor Is Changing Rural China PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a How Migrant Labor Is Changing Rural China PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a How Migrant Labor Is Changing Rural China PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a How Migrant Labor Is Changing Rural China PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
