How To Be A Ballerina:

Being a Ballerina Gavin Larsen, 2021-04-27 Finalist the Arts Club of Washington Marfield Prize A look inside a dancer's world Inspiring revealing and deeply relatable Being a Ballerina is a firsthand look at the realities of life as a professional ballet dancer Through episodes from her own career Gavin Larsen describes the forces that drive a person to study dance the daily balance that dancers navigate between hardship and joy and the dancer's continual quest to discover who they are as a person and as an artist Starting with her arrival as a young beginner at a class too advanced for her Larsen tells how the embarrassing mistake ended up helping her learn quickly and advance rapidly In other stories of her early teachers training and auditions she explains how she gradually came to understand and achieve what she and her body were capable of Larsen then re-creates scenes from her experiences in dance companies from unglamorous roles to exhilarating performances Working as a ballerina was shocking and scary at first she says recalling unexpected injuries leaps of faith and her constant struggle to operate at the level she wanted but full of enormously rewarding moments Larsen also reflects candidly on her difficult decision to retire at age 35 An ideal read for aspiring dancers Larsen's memoir will also delight experienced dance professionals and fascinate anyone who wonders what it takes to live a life dedicated to the perfection of the art form

how brilliant and passionate she was As her fame grew Mia's impact grew outside of the stage She started a dance school in the grass helping people who wanted to become dancers and building a community that helped each other and worked together The field became a place where people could get ideas and be creative where dreams could grow and people could be themselves Every year the meadow held huge parties in Mia's honor and dancers came from all over the world to take part Animals of all kinds showed off their skills and told stories about their own crazy adventures at the events which became a tribute to the power of dreams Mia's story was woven into the very structure of the meadow Everyone who heard her story was inspired to go after their goals no matter how big or hard they might seem Mia's spirit was welcomed by the meadow which turned into a safe place for dreamers looking for comfort inspiration and the courage to follow their dreams Mia's body got smaller over time but her energy kept dancing in the meadow The field stayed a place of hope where dreams took flight and hopes grew Many different kinds of animals were happy with their own dances which made a colorful tapestry of togetherness and self expression The story of Mia the dancing mouse ballerina and how beautiful the field was spread far and wide People from all over the world went there to find motivation and a glimpse of the magic of dreams The meadow whispered its ancient wisdom calling dreamers to take their own amazing trips and believe in the endless possibilities that lie ahead So Mia's story was heard all over the meadow and it reminded everyone who heard it that ideas could change people's lives and shape their futures Dreams kept growing in the meadow's everlasting embrace and Mia's soul kept dancing encouraging dreamers to believe in themselves and accept the magic that was already inside them This is how the story starts Once upon a time Mia a small mouse lived in a nice little field Mia was not like most mice Her dream was as big as her heart and as fine as the hairs on her face She wanted to be a ballerina which is the most beautiful and elegant type of dancer in the world Mia was interested from the moment her little feet touched the smooth wooden floor of the attic where she secretly watched Emily a human girl do ballet moves As the song floated through the air Emily's beautiful dance moves took Mia to a world of beauty and magic Mia would sit still with her eyes wide open as Emily jumped and spun around the room It looked like magic had gone through her body making her look like she had no weight and was made of air Mia couldn't help but picture herself dancing smoothly and gracefully on that stage People with Mia in the field thought she was crazy Mice don't dance Mia said Sammy the squirrel shaking his head Like the rest of us you should just stick to nibbling on nuts Mia couldn't lie to herself about how hot she felt Her burning desire to become a dancer would not go away So she worked on her steps and pirouettes every chance she got Mia would stand on her tiptoes with her little feet pointed and gracefully poised She did this with determination and hard work She found out that dancing came naturally to her She moved easily and gracefully as if she had always wanted to dance But it wasn't easy for her to follow her dream Mia ran into many problems along the way Her place of inspiration the attic became harder and harder to get to as people closed it off Mia had to come up with new ways to watch and learn Every night Mia a curious little mouse went on a secret trip that filled her heart with

wonder She would sneak into the attic of a nearby house when everyone else was sleeping drawn in by the beautiful music and ghostly movements coming from inside In the stillness and quiet of the attic Mia would see something very magical Emily a human girl practicing her dance steps When Mia saw Emily jump and spin across the room her little eyes would get very big It was like a dream had come true right in front of Mia s eyes Mia s mind was blown by Emily s dance which had soft flowing moves and a mysterious beauty From the first time she saw dance Mia was amazed by how beautiful and interesting it was She wanted to be a part of that world to feel the thrill of dancing and to be able to show herself through movement Mia had found the person she was meant to be with and nothing could stop the fire that burned inside her Every night Mia went back upstairs where she hid in the dark and watched Emily s every move Emily s body seemed to float through the air and she noticed how gracefully she moved her arms and how determined she looked Mia practiced every step jump and turn until she knew them all by heart As Mia watched she tried to copy the moves in her own small way She would sway to a tune in her head testing her balance and rhythm She worked harder and harder to become a ballet dancer so she could share Emily s joy of dancing Mia s friends in the field couldn t understand why she was so set on becoming a dancer They couldn t imagine a mouse floating smoothly across the floor because they already had ideas about what was possible Sammy the squirrel who was known for being very real couldn t believe what he was seeing Mice don t dance Mia he would say shaking his head to put an end to her dreams You should stick to eating nuts like the rest of us it s the most logical thing to do But Mia didn t let their suspicion get her down She learned that other people s expectations didn t have to stop her from following her dreams She knew in her heart that she was good at dancing and loved it so much that she couldn t stop Instead of giving in to doubt Mia put her energy into hours of devoted practice She would find a place in the meadow where she was alone where she could walk easily and try out her elegant moves With each day that went by her steps got better and her pirouettes got easier to control Mia has a clear talent for dancing Her small body moved gracefully and elegantly capturing the spirit of the art form Her sharp agile paws disproved what her friends thought about her and showed them what she was really capable of The animals in the field couldn t help but watch as Mia kept getting better at her trade They watched in amazement as she walked on her toes with ease Her actions showed a passion that seemed beyond their understanding Over time their mistrust turned into respect Lila a smart ladybug with a big love for the arts was the first to notice Mia s talent One day she came up to Mia as she was working out in the field Her wings were shining in the sun I ve seen how hard you work and how good you are at dancing Mia she said softly Have you ever thought about sharing your talent with more people Mia s eyes got bigger and she looked surprised and excited at the same time She was excited about the idea of showing off her skills outside of the field She saw herself on a big stage mesmerizing people with her unique talent Lila helped Mia take the first steps toward her goals by encouraging her Lila took her to a nearby community theater known for helping people who want to be artists They saw how talented Mia was and asked her to be in their next show As Mia took her first steps onto the stage her heart

was racing with joy Everyone in the room was watching the tiny mouse that dared to do something different As soon as the music started Mia s movements opened up like a delicate flower Each step told a story of hard work and desire Mia s friends from the meadow watched her dance and their hearts were full of amazement joy and a new understanding They saw that Mia s path wasn t about showing them wrong Instead it was about her realizing her own potential and going beyond what society expected of her When Mia took her last bow the crowd went crazy with excitement The animals in the field jumped up and cheered which could be heard all around Mia was filled with love for her friends who had been there for her even when they didn t understand her dreams From that point on Mia s ability gave her a reason to keep going Her shows kept bringing in big groups and everyone who saw her graceful moves was amazed and happy She danced not only for herself but also for those who dared to dream beyond the bounds set by others Mia s story became a way to show how important it is to let go of old ideas and follow your passion no matter how strange it may seem Her path encouraged others to be proud of their unique skills and work hard to reach their goals Mia s amazing skill quickly got around and famous dancers and directors heard about it They couldn t believe a mouse could dance with such ease and beauty and they wished they could see it for themselves Invitations came in from well known dance groups and places all over the world People came in droves to see Mia perform because her name became known for being brave and creative She became a symbol of breaking through barriers and going against what people thought was possible She showed that ability and enthusiasm had no limits As Mia moved from stage to stage she met other dancers who were amazed by how brave she was and how much she trusted herself They understood how important her story was and how much of an impact she had on others They made a group of artists who liked the beauty of different ideas and celebrated differences Children were also moved by Mia s story because they could see themselves in it Even though society told them they couldn t they understood they could go after what they wanted Mia s story became a bedtime story that parents told to their children giving them hope and a sense of possibility Mia finally realized that her job was bigger than the stage She wanted to give people chances to learn about and improve their own skills With the help of her new dancing community Mia set up a charity that gave grants and tools to young artists from all walks of life Mia and her team made sure that all kids no matter where they came from had a chance to learn about dance through workshops mentoring programs and outreach projects They helped kids be creative let them express themselves and gave them courage Mia had an effect on more than just dance Her story inspired people from all walks of life to question the limits that were put on them They were told to follow their interests no matter how strange they might be Mia s story became a symbol of going against social rules which inspired people to live in an honest way and accept who they really are The things that Mia left behind got better as time went on She danced as enthusiastically as a little rat in the attic Not only was she known for her technical skills but also for the inner depth and honesty she brought to every move Mia s friends in the meadow were happy to see how famous she was becoming They had learned that it was important to believe in each other s

dreams even if they didn't understand them fully Mia was recognized because she was a great example of the strength of the human spirit and the power of faith But Mia knew that her dreams were not like those of most people Mice were not meant to dance and the world outside the attic was big and scary Still Mia was firm in her decision She thought that if she worked hard enough she could overcome any obstacle Mia did her training in the safety of her small field during the day when everyone else was awake She would find a soft patch of grass and use it as her own dance floor She got better at what she could do with each careful step and soft turn capturing the spirit of dance that had always interested her Mia's friends in the field often questioned what she wanted to do Mice don't dance Mia they would say with a hint of doubt Mia on the other hand didn't care about what they were worried about She knew that no one else could share her dreams and she wasn't going to let anyone bring her down As the years went by Mia's dedication to her trade grew She became more daring and started looking for ways to see the world outside of the meadow This was driven by her strong desire to be a dancer Mia sneaked into a nearby town and looked through the streets and alleys for dance schools and places to perform Mia was going farther than she ever had before when she saw a sign that said School of Dance When she looked in the window her heart jumped with joy Inside she saw a group of people who wanted to dance move with ease and perfection Mia saw that she had found her chance She promised to get into the School of Dance learn from the masters and show the rest of the world her own unique style She started planning with a strong sense of purpose Midnight was when Mia would sneak into the dance school She would pay close attention to the classes and learn from the dancers skills and energy Mia knew that her size and species would make things hard but she didn't let that stop her
