**Army of Khedive Ismail** John P. Dunn, 2004      *Lord Methuen and the British Army* Stephen M. Miller, 2012-11-12 This study analyzes the readiness of the British military establishment for war in 1899 and its performance in the South African War 1899 1902 It focuses on the career of Field Marshal Paul Sanford 3rd Baron Methuen whose traditional military training used so effectively in Queen Victoria's small wars was put to the test by the modern challenges of the South African War A subsidiary aim of this work is to correct and refine the historical consensus that Methuen's campaign in the South African War was plagued by practical errors and poor judgement The South African War was a crucial transitional episode in the history of the British army Unlike Great Britain's other expeditions it required the concentrated resources of the entire empire It was a modern war in the sense that it employed the technology the weaponry the communications and the transportation of the second industrial revolution

[The Civil War Abroad](#) Charles Priestley, 2022-04-27 The impact of the Civil War was felt far beyond American shores Many sites associated with the war remain in Britain and France the two countries most affected and traces of it can still be found in such unlikely places as Sweden and Turkey Both Union and Confederate agents sought support overseas aided by local sympathizers Some Victorian Britons despite their disdain for

slavery saw the South as an incipient nation struggling for recognition like the Italians or the Poles but linked to Britain by ties of blood language and history The sinking of the CSS Alabama by the USS Kearsarge off Cherbourg brought the war to the European coastline Ten years after Appomattox veterans from both North and South found themselves on the same side in the Egyptian army Drawing on a wide range of sources this book examines the international side of the Civil War

Egyptian Army uniforms 1830-1914 Chris Flaherty,2025-06-04 This book looks at Egyptian Army uniforms from 1832 till 1914 Following the Napoleonic Wars Muhammad Ali saw European training discipline and tactics as vital for improving his military power The Egyptian Army divide into two main periods before and after 1883 when the new Egyptian Army was formally raised Before 1883 there were nearly twenty Guard and Line Infantry Regiments having their beginning in the creation of the Nizam al Jadid New Organization Around 1832 there was the introduction of standard uniforms and equipment based on the European model After 188 the Egyptian Army was reorganized and while it followed changes in the British Army over the same period it still retained a distinctive appearance The Egyptian Army between 1885 and 1914 saw introduction of the field service khaki uniform in addition to its traditional summer and winter dress which was relegated to Barracks wear

*Slaves of Fortune* Ronald M. Lamothe,2011 The Anglo Egyptian reconquest of Sudan Churchill's River War has been well chronicled from the British point of view but we still know little about its front line troops the Sudanese soldiers of the Egyptian Army Making use of unpublished primary sources and published material located in the United Kingdom and Sudan *Slaves of Fortune* provides an historiographic correction It argues that nineteenth century Sudanese slave soldiers were social beings and historical actors shaping both European and African destinies just as their own lives were being transformed by imperial forces Jacket

**Turkish army Crimean war uniforms - Volume 2** Chris Flaherty,2021-10-21 Volume 1 Turkish Army uniforms in the Crimean War Period and Volume 2 which covers the Turkish Navy the Contingents Additional Cavalry Units and the Romanian Army both acknowledge as its key source of information the research by Charles A Norman

a well known British military artist and researcher Norman's work transliterated original observations illustrations and notes made by two Crimean War Commentators Joseph Emile Vanson and Constantin Guys Constantin Guys was a reporter and illustrator for The Illustrated London News and in 1854 was assigned to the Crimea to produce drawings of wartime scenes which could be turned into engravings for news Constantin Guys documented various Turkish uniforms with his description of each scene written in English on the back of the drawing or below it The approach taken in this volume has been to overlay Norman's original interpretations combining this with other period written descriptions illustrations paintings and photographs taken at the time hopefully getting a closer interpretation of the Turkish Army uniforms seen in the Crimea Many of the library and museum collections provide a significant amount of information However much of this is not accurately dated The dating of these often slip by two or three years and up to a decade earlier or later The illustrations presented in both volumes are based on this combination of materials

doubt on the assumption that all Africans would fall under the rule of Europeans and opened a breach that would lead to the continent's painful struggle for freedom from colonial rule
