They Saw the Second Coming Doug Clark, 1979 Destiny with Evil Book Two: The Age of Icemen Howard R.

Vollmer, 2013-03-11 The book is about people from another dimension People from our country found a portal which opens to a dimension where ancient people in the age of ice existed These men started to awaken and eventually formed a government which lead to the formation of armies which lead to fights and wars Trolldar a sorcerer from outer space then arrives to assist these men *Second Witness: Analytical and Contextual Commentary on the Book of Mormon* Brant A.

Gardner, 2007-09-01 Stop looking for the Book of Mormon in Mesoamerica and start looking for Mesoamerica in the Book of Mormon Second Witness a new six volume series from Greg Kofford Books takes a detailed verse by verse look at the Book of Mormon It marshals the best of modern scholarship and new insights into a consistent picture of the Book of Mormon as a historical document Taking a faithful but scholarly approach to the text and reading it through the insights of linguistics anthropology and ethnohistory the commentary approaches the text from a variety of perspectives how it was created how it relates to history and culture and what religious insights it provides The commentary accepts the best modern scholarship which focuses on a particular region of Mesoamerica as the most plausible location for the Book of Mormon s setting For the first time that location its peoples cultures and historical trends are used as the backdrop for reading the text The historical background is not presented as proof but rather as an explanatory context The commentary does not forget Mormon s purpose in writing It discusses the doctrinal and theological aspects of the text and highlights the way in which Mormon created it to meet his goal of convincing the Jew and Gentile that Jesus is the Christ the Eternal God *RAIDERS* T.L.

MILLER, 2004-09-15 Living in the threat of the third war John Daniels follows his family tradition and begins training his child to survive At the age of five she is taught different styles of martial arts as well as hunting tracking and traps The untimely death of the childs parents throws her into the middle of the war to use what she has learned One day at a time Kimber Daniels survives as she was raised to do Anger for the people responsible for her parents death pushes her down the path of revenge Along the way the vengeful survivalist discovers she isn t alone on the path of hate and unknowingly forms what would turn out to be the most dangerous rebel group of that war The Raiders Nothing left to lose the rebels wage their own war on the enemy in a fight for their home and lives YEAR 2420 Four hundred years after Earths third war Supreme Commander Radkins self appointed leader of the Alterrian nation discovers the groups talents In the middle of a war he started he develops an interest in the group and what they could offer his troops The high tech time he lives in has the best weapons to offer skilled pilots as well as battle ships powerful enough to destroy planets The technology of the years had taken away from the people however Trained to survive a push button world ground assaults were nothing but stories to the military of this time Sights set on the rebels from Earths past Radkins develops a time ship the Epoch Hie to bring the group to his war Depending on the fact that they were traitors to their country and government he planned to buy their services He

had no doubts that for the right price the Raiders would help him over power and enslave the Galithians who were fighting the rebellion against him Upon discovering Radkins plans the rebellion is faced with yet another problem in defeating the Alterrian forces Barely surviving as it was they would not be able to withstand what the Raiders could do to the rebellion Appointed to find the group Major Kile Dorant and the pilots of Fire Squad begin the search Reading the groups past in the history is alarming to say the least Known as traitors murderers and deserters the Raiders training and skills would undoubtedly destroy the rebellion if Radkins succeeded in using the group against them Mark Lane Express ,1914
