evaluate the actions of gangs specifically MS13 and Barrio 18 as they use methods of coercion to force the compliance of youths as de facto gang slaves By elaborating on this dynamic and on the risks associated with anti gang policies and harsh law enforcement practices Gang Strategies in the Northern Triangle unravels the underlying victimization exploitation and criminalization of youths in Honduras Guatemala and El Salvador The book maintains that the crimes of gang violence and the crimes of human trafficking intertwine and intersect to perpetuate an environment of trauma exploitation and hopelessness that leaves thousands with no options as refugees conscripted into gangs incarcerated for crimes they were forced to commit or dead

Hammer and Sleigh D.G. Martin, 2022-11-03 A Charming Christmas Tale Christmas has long been revered as a time of cheer family and celebration The hard work of individuals is traditionally enjoyed further by giving gifts to loved ones Where do these gifts really come from It is rumored that in the blistering eternal colds of Greenland's far north a city exists only to produce these gifts Often embellished in fairytales and stories to the casual passerby it is no wonder it has been placed on the tall bookshelf

of legend for all to enjoy But no one saw the change coming there was no steady progression or even a warning sign A sudden spontaneous transition from a friendly peaceful place to one of unrest and evil swept over the city's white plains and consumed all in its path The rest of the world would continue believing in the fairy tale of the jolly red Santa and his elves of the north Never would the world imagine that they would be coming for blood **Civilizations** Wallace Horta,2020-09-18 The first book in the Civilizations Trilogy broke new ground by introducing the protagonists of a civilization like never before Prepare yourself for a completely new completely original First Contact Astronauts Susan and Michael approach an unidentified space object which developed a close to the Sun trajectory and then moved itself to the far side of our Moon Upon making contact Susan goes through a series of relevant events from another planet crossing from one era to another in company of Michael who was acting strangely as if he was part of all of that Centuries later Susan no longer feels like a foreigner among that people In company of Electrons and aboard the Eclipsed Star she crosses the colossal Continuum Warpers playing a role in shaping the fate of the galaxy That is what has happened to Fount and it is done that way because only in the clarity of whole truth exists the possibility of accepting each other within the limits of what each civilization truly can be **Strike and Destroy** Stjepan G. Mestrovic,2012 How could the Maywand District killings or the kill team war crimes have happened Jeremy Morlock was convicted of premeditated murder but numerous other questionable kills in his brigade committed by other soldiers in other units in 2010 were never investigated The brigade commander went by the name Hellraiser and an internal army investigation revealed that the officers of the brigade were hopelessly confused as to their mission No one knew if they should obey the chain of command and do COIN in other words sit down for tea with the village elders or carry out Hellraiser's and the army's traditional counter guerrilla doctrine Hellraiser's refusal to carry out COIN doctrine led to complete social dysfunction in the brigade Normal army standards of discipline drug testing group cohesion mentoring counseling among other standards were abandoned Prof Mestrovic connects the social dysfunction in Hellraiser's brigade with Morlock's crime He shows that COIN doctrine was treated as a joke in the brigade while a Strike and Destroy mentality was dominant This inside account relies upon an internal army investigation into the command climate of Hellraiser's brigade conducted by Brigadier General Stephen Twitty along with court martial transcripts and direct interviews This book analyzes one war crime incident as an example of the general failure or refusal to implement COIN doctrine in Afghanistan Tiger Force Michael Sallah,Mitch Weiss,2006-05-15 At the outset of the Vietnam War the Army created an experimental fighting unit that became known as Tiger Force The Tigers were to be made up of the cream of the crop the very best and bravest soldiers the American military could offer They would be given a long leash allowed to operate in the field with less supervision Their mission was to seek out enemy compounds and hiding places so that bombing runs could be accurately targeted They were to go where no troops had gone to become one with the jungle to leave themselves behind and get deep inside the enemy's mind The experiment went terribly wrong What happened during the seven months

Tiger Force descended into the abyss is the stuff of nightmares Their crimes were uncountable their madness beyond imagination so much so that for almost four decades the story of Tiger Force was covered up under orders that stretched all the way to the White House Records were scrubbed documents were destroyed men were told to say nothing But one person didn't follow orders The product of years of investigative reporting interviews around the world and the discovery of an astonishing array of classified information Tiger Force is a masterpiece of journalism Winners of the Pulitzer Prize for their Tiger Force reporting Michael Sallah and Mitch Weiss have uncovered the last great secret of the Vietnam War
