Broken Places Tracy Clark,2023-11-07 After a fatal shooting on a rooftop a traumatized Cassandra Raines quits the Chicago P D with one less black female homicide detective But when she stumbles across the dead body of a respected member of the community it s up to her to prove a murderer is on the loose in this first installment of the Chicago Mystery series by Chicago journalist Tracy Clark Cops can make mistakes even when they re not rookies If anyone knows that it s Cass Raines who took a bullet two years ago after an incompetent colleague screwed up a tense confrontation with an armed suspect Deeply traumatized by the incident Cass resigned from the Chicago PD leaving one less female African American on the force Now she s the head of a one woman private investigation agency taking on just enough work to pay the bills She spends the rest of her time keeping an eye on the tenants in her little Hyde Park apartment building biking along the lakefront and playing chess with the only father figure she s ever known Father Ray Heaton When Father Ray asks Cass to look into a recent spate of vandalism at his church she readily agrees to handle the case But only hours later she s horrified to discover his murdered body in the church confessional a dead gangbanger sprawled out nearby She knew Pop as she called him had ticked off plenty of people from slumlords to drug dealers and even some parishioners

and politicians with his uncompromising defense of the downtrodden But a late night random theft doesn't seem like much of a motive at a cash strapped parish like Saint Brendan's The lead detective assigned to the case is all too ready to dismiss it as an interrupted burglary gone awry just another statistic in a violent city But Cass's instincts tell her otherwise and badge or no badge she intends to see justice done

Cribsheet Emily Oster, 2019-04-23 From the author of *Expecting Better* The Family Firm and *The Unexpected* an economist's guide to the early years of parenting Both refreshing and useful With so many parenting theories driving us all a bit batty this is the type of book that we need to help calm things down LA Times The book is jam-packed with information but it's also a delightful read because Oster is such a good writer NPR With *Expecting Better* award winning economist Emily Oster spotted a need in the pregnancy market for advice that gave women the information they needed to make the best decision for their own pregnancies By digging into the data Oster found that much of the conventional pregnancy wisdom was wrong In *Cribsheet* she now tackles an even greater challenge decision making in the early years of parenting As any new parent knows there is an abundance of often conflicting advice hurled at you from doctors family friends and strangers on the internet From the earliest days parents get the message that they must make certain choices around feeding sleep and schedule or all will be lost There's a rule or three for everything But the benefits of these choices can be overstated and the trade offs can be profound How do you make your own best decision Armed with the data Oster finds that the conventional wisdom doesn't always hold up She debunks myths around breastfeeding not a panacea sleep training not so bad potty training wait until they're ready or possibly bribe with M Ms language acquisition early talkers aren't necessarily geniuses and many other topics She also shows parents how to think through freighted questions like if and how to go back to work how to think about toddler discipline and how to have a relationship and parent at the same time Economics is the science of decision making and *Cribsheet* is a thinking parent's guide to the chaos and frequent misinformation of the early years Emily Oster is a trained expert and mom of two who can empower us to make better less fraught decisions and stay sane in the years before preschool

Getting to Maximum Chris Ekpekurede, 2012-12 Reaching maximum success cannot be achieved without making the necessary sacrifices In fact the size of any success is directly proportional to the extra mile covered in its pursuit Therefore the extra mile defines the level of success Do not expect your actions to be logical when you are operating in this realm Extra mile actions do not make sense because they do not appeal to the senses So when you are about to embark on an extra mile action it is pointless to consult anyone but God Sacrificing can hurt but nothing lifts the spirit of a person better You can change your present circumstances by launching your sacrifices a notch higher *Parasomnias* Sanjeev V. Kothare, Anna Ivanenko, 2013-07-10 Parasomnias are phenomena that occur exclusively during sleep or are exacerbated during sleep wake transition These disorders are known to contribute towards impaired quality of life disturbed and non restorative sleep risk for injuries to self and others and often associated with other medical neurological and psychiatric disorders Advances in sleep medicine have revealed a high prevalence of parasomnias across all ages With the growing interest for diagnosing and management of parasomnias in sleep medicine a practical guide to parasomnias is greatly needed Parasomnias provides a comprehensive review of epidemiology pathophysiology clinical characteristics diagnostic evaluation and treatment of parasomnias across the patient's life span Written by experts each chapter integrates the latest research and clinical data In addition several chapters address medico legal and forensic aspects of parasomnias Clinicians and researchers with an interest in sleep medicine will find Parasomnias to not only be an important contribution to the literature but an indispensable guide to identifying understanding and treating this disorder **A Killer's Grace** Ronald Chapman, 2016-08-08 For Kevin Pitcairn the letter from a serial killer awaiting execution comes with implications he can't ignore The writer's guilt is clear at least in a legal sense But the questions he raises draw Pitcairn into a compelling journey of investigation whose profound psychological and spiritual implications hurl his life into upheaval As he tries to determine and tell the killer's true story Pitcairn plunges deeper into the pit his own demons have created and trapped him in His journalist's curiosity becomes a compulsion as events bind him tighter and tighter propelling him from New Mexico's stark high desert into an increasingly hostile wider world Murder mystery and redemption shape Pitcairn's struggle to answer the moral questions left festering by the killer's horrible crimes What is the nature of evil What choices do any of us truly have How can we reconcile with our most painful wounds and the people who have inflicted them **Serial Killer Trivia: Cold Cases** Michelle Kaminsky, 2021-06-15 From England's Jack the Ripper and the Axeman of New Orleans to lesser known cases like Canada's Forest City Killer and Cleveland's Torso Murderer this trivia book is packed with information about some of the most

shocking cold cases in history Written for the true crime junkies who just can't get enough you'll get all the must know details on more than 80 unsolved true crime cases

The 7 Worst Testosterone Killers Mike Westerdal, Sports Nutrition Certified, Critical Bench, 2021-11-15 Men were created to be strong and virile Testosterone is the anabolic male hormone that separates men from women It is what gives men our male characteristics including our virility and strength Plus testosterone also drives muscle growth and strength while performing other functions such as Maintaining reproductive tissues Stimulating sperm production Stimulating and maintaining sexual function Supporting bone strength As men age our testosterone production gradually declines from year to year But it's not just aging that robs us of our testosterone it is also changing societal norms where men are encouraged to repress our masculinity and even embrace our feminine side Likewise the modern environment is toxic to men Every day our bodies and spirits are under constant assault from testosterone robbing enemies that slowly hammer away at our masculinity by inhibiting our God-given ability to naturally produce testosterone I'm here today to show you how to fight back and take charge of your masculinity by teaching you about the seven most common testosterone killers we encounter every day of our lives in this special report

Killers Amidst Killers Bill Jensen, 2023-12-05 In Chase Darkness with Me readers and listeners learned Billy Jensen's journalist origin story his struggles his call to adventure and his first successes in solving murders In Killers Amidst Killers readers will ride shotgun with Jensen as he takes on serial killers who are walking among us and planning their next moves in real time The facts are not in old police reports and faded photos They unfold before our eyes on the page Our story begins in 2017 when two young women best friends Danielle and Lindsey go missing in Columbus Ohio within weeks of each other and their bodies are found soon thereafter As Jensen investigates Danielle and Lindsey's cases he comes across other missing and murdered women and before long he uncovers eighteen of them All unsolved And no one was

talking about it These are not women who were raised in the street They got hooked on pills The pills were taken away They get hooked on heroin And when the money is gone they have to sell themselves It happens very quick Through his investigations and the help of experts Jensen identifies serial killers in Cleveland and Columbus Why there Because it s easy Sharks go where the swimmers are Serial killers go where the easy prey are Ground zero of the opioid epidemic The heart of America That is what happened to Danielle and Lindsey But serial killers murdering sex workers in the 21st century will get 45 seconds on the local news and page 3 in the local paper and then can disappear in the wind □□□□□□□□□□ □□.□□ □,2021-08-01 *Work Time Regulation as Sustainable Full Employment Strategy* Robert LaJeunesse,2009-03-25 Robert LaJeunesse looks beyond the 20th century arguments for shortening the work week He writes a careful convincing critique of traditional full employment policies in advocacy of an alternative macroeconomic paradigm With an emphasis on greater socioeconomic participation the author proposes a policy of work time regulation that is not only appropriate for a 21st century post industrial economy but speaks to concerns about balancing work and family environmental sustainability stabilizing incomes and prices and social and economic well being Through its unique conceptualization of employment relations as a social effort bargain this book proposes that governments can achieve egalitarian and sustainable macroeconomic objectives by regulating work hours Equally important to achieving sustainable full employment and price stability work time regulation offers the capability for citizens living in an age of abundance to define themselves as something other than paid employees Work time reform represents a first step in a process of enlightenment in which workers will create an identity through the whole of their relationships at work home community and at play There is certainly a role for government in fostering the pursuit of loftier ideals subsequent to a redistribution of work time but the first precondition for enhanced human development is greater socioeconomic participation which means more paid work for some and less for others In addition to students and researchers in economics sociology and political science this book will be of interest to policy makers policy analysts labour unionists environmentalists and other social reformers
