Kin State Intervention In Ethnic Conflicts:

Kin State Intervention in Ethnic Conflicts Rajat Ganguly, 1998-01-01 Kin State Intervention in Ethnic Conflicts analyses the role played by Kin States in ethnosecessionist conflicts utilizing comparative case studies of secessionist movements in South Asia **Ethnic Conflict** Karl Cordell, Stefan Wolff, 2009 Investigating the causes and consequences of ethnic conflict the authors argue that the most effective responses are those that take into account factors at the local state regional and global level and that avoid seeking simplistic explanations and solutions to what is a truly complex phenomenon Ethnic conflicts are man made not natural disasters and as such they can be understood prevented and settled However it takes skilful committed and principled leaders to achieve durable settlements that are supported by their followers and it takes the long term commitment of the international community to enable and sustain such settlements Book Jacket

Military Intervention and Secession in South Asia Anne N. Dos Santos, 2007-10-30 From Chechnya in Russia to Kashmir in India to the Basque region in Spain secessionist movements remain a serious threat to international security Despite the importance of this issue the causes that bring about external military intervention in a secessionist war have not until now been adequately addressed In this book Dos Santos identifies the conditions that make international military intervention in a secessionist war more or less likely South Asia being fraught with secessionist movements Bangladesh Sri Lanka Kashmir and Punjab provides an ideal laboratory for the examination of this compelling issue Dos Santos argues that a shift in the balance of power between a secessionist group and its central government will lead to a preventive war on the secessionists by the central government In turn a preventive war of this nature may lead to an alliance between the secessionist group and an external power The stronger the alliance the greater the chances of an international military intervention Understanding the conditions under which secessionist movements expand become secessionist wars and invite international military intervention on behalf of the secessionists has strong policy implications It can go a long way toward guiding policymakers who may want to mitigate or avoid these conditions in their states Dos Santos views both states and secessionist groups as primary actors and she examines both the distribution of power among states and the balance of power between central government and groups within states Managing and Settling Ethnic Conflicts NA NA, 2016-09-27 Interest in the study of ethnic conflict has grown over the past decade This is partly due to its re emergence in Central and Eastern Europe after the collapse of communism as well as its prolonged and violent manifestation in Sri Lanka East Timor Ethiopia Eritrea the Middle East Corsica and the Spanish part of the Basque country Moreover events in Kosovo and East Timor prompted the international community to engage in controversial and often difficult peace making and peacekeeping operations This collection seeks to explore the issues surrounding this type of conflict Following a theoretical introduction recognized experts in ethnopolitics provide in depth case studies covering each of the major approaches to conflict management and settlement in different geographic regions The conclusion summarizes the findings and assesses future prospects Thus a comprehensive

picture of the state of the discipline emerges alongside an overview of current ethnic conflicts worldwide

Ethnonationalist Conflict in Postcommunist States Maria Koinova, 2013-07-01 Ethnonationalist Conflict in Postcommunist States investigates why some Eastern European states transitioned to new forms of governance with minimal violence while others broke into civil war In Bulgaria the Turkish minority was subjected to coerced assimilation and forced expulsion but the nation ultimately negotiated peace through institutional channels In Macedonia periodic outbreaks of insurgent violence escalated to armed conflict Kosovo's internal warfare culminated in NATO's controversial bombing campaign In the twenty first century these conflicts were subdued but violence continued to flare occasionally and impede durable conflict resolution In this comparative study Maria Koinova applies historical institutionalism to conflict analysis tracing ethnonationalist violence in postcommunist states to a volatile formative period between 1987 and 1992 In this era of instability the incidents that brought majorities and minorities into dispute had a profound impact and a cumulative effect as did the interventions of international agents and kin states Whether the conflicts initially evolved in peaceful or violent ways the dynamics of their disputes became self perpetuating and informally institutionalized Thus external policies or interventions could affect only minimal change and the impact of international agents subsided over time Regardless of the constitutions laws and injunctions majorities minorities international agents and kin states continue to act in accord with the logic of informally institutionalized conflict dynamics Koinova analyzes the development of those dynamics in Bulgaria Macedonia and Kosovo drawing on theories of democratization international intervention and path dependence as well as interviews and extensive fieldwork The result is a compelling account of the underlying causal mechanisms of conflict perpetuation and change that will shed light on broader patterns of ethnic violence

Perspectives on Contemporary Ethnic Conflict Santosh C. Saha, 2006-01-01 The existing traditions of inquiry into ethnic conflict can be classified into four categories essentialism instrumentalism constructivism and institutionalism All four traditions have a distinguished lineage but none can really account for the worldwide spread of ethnic violence We need to move from the local to the macro or global This book using methodology from sociology history and politics will present the complexities of ethnic conflict in terms of linguistics religion territory and tribes in various regions These brilliant essays look at some of the most conflicted sites in the world where ethnic violence has been created and played out Burma Indonesia Rwanda Burundi Nigeria the Sudan Mexico and Guyana Divided into two parts Perspectives on Contemporary Ethnic Conflict is a rich text for scholars of conflict studies focusing on the sources and dynamics of ethnic violence and providing descriptions of ethnic conflict across the globe

Understanding Ethnic Conflict Raymond Taras, Rajat Ganguly, 2015-08-07 Understanding Ethnic Conflict provides all the key concepts needed to understand conflict among ethnic groups Including approaches from both comparative politics and international relations this text offers a model of ethnic conflict's internationalization by showing how domestic and international actors influence a country's ethnic and sectarian divisions Illustrating this model in five

original case studies the unique combination of theory and application in Understanding Ethnic Conflict facilitates more critical analysis of contemporary ethnic conflicts and the world's response to them *Autonomy and Ethnic Conflict in South and South-East Asia* Rajat Ganguly, 2013-05-20 This book uses empirical evidence from various case studies to examine the relationship between territorial and regional autonomy the nation state and ethnic conflict resolution in South and South East Asia The concept of territorial or regional autonomy holds centre stage in the literature on ethnic conflict settlement because it is supposed to be able to reconcile two paradoxical objectives the preservation of the territorial integrity and sovereignty of the state and the satisfaction of ethnic minorities right to national self determination Critics argue however that autonomy may not be the panacea for ethnic conflict in all cases The contributing authors begin with the concept of territorial or regional autonomy and subject it to a rigorous empirical analysis which provides reliable evidence regarding the suitability of the autonomy solution to intractable ethnic conflicts Drawing upon case studies from Kashmir Assam Sri Lanka Aceh Mindanao and Southern Thailand this edited volume argues that autonomy arrangements may at best work to resolve only a handful of separatist ethnic conflicts in South and South East Asia This book will be of much interest to students of South and South East Asia Asian security ethnic conflict peace studies and IR in general Problem of Ethnicity: Role of United Nations in Kosovo Crisis Jasvir Singh, 2009 **Iraqi Kurdistan, the PKK and International Relations** Hannes Černý, 2017-07-28 Due to its primacy in explaining issues of war and peace in the international arena the discipline of International Relations IR looms large in analyses of and responses to ethnic conflict in academia politics and popular media in particular with respect to contemporary conflicts in the Middle East Grounded in constitutive theory this book challenges how ethnic ethno nationalist conflict is represented in explanatory IR by deconstructing its most prominent state centric models frameworks and analytical concepts As much a critique of contemporary scholarship on Kurdish ethno nationalism as a detailed analysis of the most prominent Kurdish ethno nationalist actors the book provides the first in depth investigation into the relations between the PKK and the main Iraqi Kurdish political parties from the 1980s to the present It situates this inquiry within the wider context of the ambiguous political status of the Kurdistan Region of Iraq its relations with Turkey and the role Kurdish parties and insurgencies play in the war against ISIS in Iraq and Syria Appreciating these complex dynamics and how they are portrayed in Western scholarship is essential for understanding current developments in the Iraqi and Syrian theatres of war and for making sense of discussions about a potential independent Kurdish state to emerge in Iraq Iraqi Kurdistan provides a comprehensive and critical discussion of the state centric and essentialising epistemologies ontologies and methodologies of the three main paradigms of explanatory IR as well as their analytical models and frameworks on ethnic identity and conflict in the Middle East and beyond It will therefore be a valuable resource for anyone studying ethnicity and nationalism International Relations or Middle East Politics **Nation, Ethnicity and the Conflict in Afghanistan** Raghav Sharma, 2016-07-15 Ethnic and tribal loyalties in Afghanistan provided the lethal cocktail for the violent

conflict that engulfed the country following the collapse of the Soviet backed government in 1992 The ensuing fighting between mujahideen groups paved the way for the tectonic social and political shifts which continue to shape events today What accounts for the emergence of ethnicity as the main cause of conflict in Afghanistan What moved people to respond with such fervour and intensity to calls for ethnic solidarity This book attempts to make sense of ethnicity s decisive role in Afghanistan through a comprehensive exploration of its nature and perception Based on new data generated through interviews field notes and participant observations Sharma maps the increased role of ethnicity in Afghan national politics Key social political and historical processes that facilitated its emergence as the pre dominant fault line of conflict are explored moving away from grand political and military narrative to instead engage with zones of conflict as social spaces This book will be of interest to students and scholars working in politics ethnic studies and security studies

Conflict Management in Kashmir Debidatta Aurobinda Mahapatra, 2018 This work studies the world s most multifaceted and complex political turmoils Kashmir using the protracted social conflict theory

Diaspora Entrepreneurs and Contested States Maria Koinova, 2021-03-25 Why do conflict generated diasporas mobilize in contentious and non contentious ways or use mixed strategies This book develops a theory of socio spatial positionality and its implications for the individual agency of diaspora entrepreneurs A novel typology features four types of diaspora entrepreneurs Broker Local Distant and Reserved depending on the relative strength of their socio spatial linkages to host land original homeland and other global locations A two level typological theory captures nine causal pathways unravelling how diaspora entrepreneurs operate in transnational social fields and interact with host land foreign policies homeland governments parties non state actors critical events and limited global influences Non contention often occurs when diaspora entrepreneurs act autonomously and when host state foreign policies converge with their goals Dual pronged contention is common under the influence of homeland governments non state actors and political parties The most contention occurs in response to violent events in the original homeland or adjacent to it fragile states The book is informed by 300 interviews among the Albanian Armenian and Palestinian diasporas connected to de facto states Kosovo Nagorno Karabakh and Palestine respectively Interviews were conducted in the UK Germany France Netherlands Sweden Switzerland Brussels in Belgium as well as Kosovo and Armenia in the European neighbourhood

Afghanistan Geoffrey Hayes, Mark Sedra, 2009-08-04 Many have questioned the wisdom of the international intervention in Afghanistan in light of the escalation of violence and instability in the country in the past few years Particularly uncertain are Canadians who have been inundated with media coverage of an increasingly dirty war in southern Afghanistan one in which Canadians are at the frontline and suffering heavy casualties However the conflict is only one aspect of Afghanistan s complicated and incomplete political economic and security transition In Afghanistan Transition under Threat leading Afghanistan scholars and practitioners paint a full picture of the situation in Afghanistan and the impact of international and particularly Canadian assistance They review the achievements of the reconstruction process and

outline future challenges focusing on key issues like the narcotics trade the Pakistan Afghanistan bilateral relationship the Taliban led insurgency and continuing endemic poverty This collection provides new insight into the nature and state of Afghanistan s post conflict transition and illustrates the consequences of failure Co published with the Centre for International Governance Innovation India's Sri Lanka Policy Vinod Khobragade,2023-06-09 This book focuses on India s foreign policy towards Sri Lanka before the Indo Sri Lanka Accord ISLA in July 1987 and India s military intervention after the ISLA The post intervention developments brought strategic changes in India s Sri Lanka policy However after leadership change in both the countries India confined its policy to moral support and decided to abstain from direct intervention or involvement in Sri Lanka s domestic politics After the demise of the LTTE and its leadership in 2009 India played a constructive role in rebuilding infrastructure in Sri Lanka The book also focuses on the developments of the relationships between India and Sri Lanka in the post IPKF period and the bilateral developments in the Post LTTE periods Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan Handbook of India's International Relations David Scott,2011-05-09 This Handbook gives an overview of India s international relations given the development of India as a major economic power in the world and the growing interest in the impact of Asia on the international system in the future Edited by David Scott of Brunel University and with chapters written by a variety of experts the Handbook of India s International Relations offers an up to date unbiased and comprehensive resource to academics students of international relations business people media professionals and the general reader There is a pre publication price on this title the price rises to 150 three months after publication **Transition in Afghanistan** William Maley,2018-04-17 This book by one of the most experienced authorities on the subject presents a deep analysis of the very difficult current situation in Afghanistan Covering a wide range of important subjects including state building democracy war the rule of law and international relations the book draws out two overarching key factors the way in which the prevailing neopatrimonial political order has become entrenched making it very difficult for any other political order to take root and the hostile region in which Afghanistan is located especially the way in which an ongoing creeping invasion from Pakistani territory has compromised the aspirations of both the Afghan government and its international backers to move the country to a more stable position The India-Pakistan Nuclear Relationship E. Sridharan,2020-11-29 Conflict resolution and promotion of regional cooperation in South Asia has assumed a new urgency in the aftermath of the nuclear tests by India and Pakistan in 1998 and underlined by the outbreak of fighting in Kargil in 1999 full mobilization on the border during most of 2002 and continued low intensity warfare and terrorism in Jammu and Kashmir The stability of nuclear deterrence between the two countries is therefore a matter of great urgency and has found a place on the scholarly agenda of security studies in South Asia Several books have been written on India s nuclear programme but these have been mostly analytical histories The India Pakistan Nuclear Relationship is a new departure in that it is the first time that a group of scholars from the South Asian subcontinent

have collectively tried to apply deterrence theory and international relations theory to South Asia Secession Marcelo G. Kohen, 2006-03-21 This book is a comprehensive study of secession from an international law perspective Pakistan's Stability Paradox Ashutosh Misra, Michael E. Clarke, 2013-03 Pakistan with the second largest Muslim population in the world is a crucial country in the international system This book identifies the factors that contribute both to Pakistan's perceived instability and its resilience It examines the drivers of Pakistan's chronic instability and addresses the implications of its current political and security predicaments for regional international and its own security
