Convergence: English and Nigerian Languages Ozo-mekuri Ndimele, 2016-02-22 The present volume which is the 5th in the Nigerian Linguists Festschrift Series is devoted to Professor Munzali A Jibril a celebrated icon in university administration and an erudite Professor of English Linguistics The title of this special edition

was specifically chosen to crown Professor Jibril's academic prowess in both English and indigenous Nigerian languages and to mark and laud his official departure from active university lectureship. 72 assessed papers are included from the many submitted. Papers cover the main theme of the volume, i.e. the interaction between English and indigenous Nigerian languages, and there are a number of papers on other secular areas of linguistics such as language and history, language planning and policy, language documentation, language engineering, lexicography, translation, gender studies, language acquisition, language teaching and learning, pragmatics, discourse and conversational analysis, and literature in English and African languages. There is also a rich section devoted to the major traditional fields of linguistics: phonology, morphology, syntax and semantics.

Language Policy and Economics: The Language Question in Africa Nkonko M. Kamwangamalu, 2016-04-23. This book addresses the perennial question of how to promote Africa's indigenous languages as medium of instruction in educational systems. Breaking with the traditional approach to the continent's language question by focusing on the often overlooked issue of the link between African languages and economic development, *Language Policy and Economics* argues that African languages are an integral part of a nation's socio-political and economic development. Therefore, the book argues that any language policy designed to promote these languages in such higher domains as the educational system, in particular, must have economic advantages if the intent is to succeed and proposes Prestige Planning as the way to address this issue. The proposition is a welcome break away from language policies which pay lip service to the empowerment of African languages while by default strengthening the stranglehold of imported European languages.

Language Planning and Policy in Europe Robert B. Kaplan, Richard B. Baldauf (Jr.), 2005. This text covers the language situation in Hungary, Finland, and Sweden, explaining linguistic diversity, historical and political contexts, including language in education, planning, and the roles of the media, of religion, and of minority and migrant languages. The authors have been participants in the language planning context in these polities.

Bloomsbury World Englishes Volume 2: Ideologies Rani Rubdy, Ruanni Tupas, Mario Saraceni, 2021-05-20. *Bloomsbury World Englishes* offers a comprehensive and rigorous description of the facts, implications, and contentious issues regarding the forms and functions of English in the world. International experts cover a diverse range of varieties and topics, offering a more accurate understanding of English across the globe and the various social contexts in which it plays a significant role. With volumes dedicated to research paradigms, language ideologies, and pedagogies, the collection pushes the boundaries of the field to go beyond traditional descriptive paradigms and contribute to moving research agendas forward. Volume 2, *Ideologies*, explores the politics and economics of English and the impact of language on local societies and cultures. In doing so, chapters discuss how English is often entangled in societal issues such as inequality, de-colonization, racism, oppression, and liberation.

Routledge Encyclopedia of Language Teaching and Learning Michael Byram, 2004. This handbook deals with all aspects of contemporary language teaching and its history. Produced for language teaching professionals, it is also useful as a reference work for academic studies at postgraduate level.
