Monthly Packet ,1853 **The Rider of the Ruby Hills** Louis L'Amour, 2005-07-26 A WORD FROM LOUIS L AMOUR Almost four decades ago when my fiction was being published exclusively in pulp western magazines I wrote a number of novel length stories known back then as magazine novels In creating them I lived with my characters so closely that their lives were still as much a part of me as I was of them long after the issues in which they appeared went out of print Proud as I was of how I presented the characters and their adventures in the pages of the magazines I wanted to tell the reader more about my people and why they did what they did So over the years I revised and expanded these magazine works into novels that I published as full length paperbacks under different titles These particular early magazine versions of my books have long been a source of considerable speculation and curiosity among many of my readers so much so of late that now I ve decided to bring four of my magazine novels back into print in this latest volume of my short fiction I hope you enjoy them FEATURING Showdown Trail A Man Called Trent The Trail to Peach Meadow Canyon The Rider of the Ruby Hills

Christ Legends and the Miracles of Antichrist Selma Lagerlöf, 2020-09-28

It happened at the time when Augustus was Emperor in Rome and Herod was King in Jerusalem. It was then that a very great and holy night sank down over the earth. It was the darkest night that any one had ever seen. One could have believed that the whole earth had fallen into a cellar vault. It was impossible to distinguish water from land, and one could not find one's way on the most familiar road. And it couldn't be otherwise, for not a ray of light came from heaven. All the stars stayed at home in their own houses, and the fair moon held her face averted. The silence and the stillness were as profound as the darkness. The rivers stood still in their courses, the wind did not stir, and even the aspen leaves had ceased to quiver. Had any one walked along the seashore, he would have found that the waves no longer dashed upon the sands, and had one wandered in the desert, the sand would not have crunched under one's feet. Everything was as motionless as if turned to stone, so as not to disturb the holy night. The grass was afraid to grow, the dew could not fall, and the flowers dared not exhale their perfume. On this night the wild beasts did not seek their prey, the serpents did not sting, and the dogs did not bark. And what was even more glorious, inanimate things would have been unwilling to disturb the night's sanctity by lending themselves to an evil deed. No false key could have picked a lock, and no knife could possibly have drawn a drop of blood. In Rome, during this very night, a small company of people came from the

Emperor's palace at the Palatine and took the path across the Forum which led to the Capitol. During the day just ended the Senators had asked the Emperor if he had any objections to their erecting a temple to him on Rome's sacred hill. But Augustus had not immediately given his consent. He did not know if it would be agreeable to the gods that he should own a temple next to theirs and he had replied that first he wished to ascertain their will in the matter by offering a nocturnal sacrifice to his genius. It was he who accompanied by a few trusted friends was on his way to perform this sacrifice. Augustus let them carry him in his litter for he was old and it was an effort for him to climb the long stairs leading to the Capitol. He himself held the cage with the doves for the sacrifice. No priests or soldiers or senators accompanied him only his nearest friends. Torch bearers walked in front of him in order to light the way in the night darkness and behind him followed the slaves who carried the tripod the knives the charcoal the sacred fire and all the other things needed for the sacrifice. On the way the Emperor chatted gaily with his faithful followers and therefore none of them noticed the infinite silence and stillness of the night. Only when they had reached the highest point of the Capitol Hill and the vacant spot upon which they contemplated erecting the temple did it dawn upon them that something unusual was taking place.

Performance, Identity, and the Neo-Political Subject Fintan Walsh, Matthew Causey, 2013-04-17. This book stages a timely discussion about the centrality of identity politics to theatre and performance studies. It acknowledges the important close relationship between the discourses and practices historically while maintaining that theatre and performance can enlighten ways of being with others that are not limited by conventional identitarian languages. The essays engage contemporary theatre and performance practices that pose challenging questions about identity as well as subjectivity, relationality and the politics of aesthetics responding to neo liberal constructions and exploitations of identity by seeking to discern, describe or imagine a new political subject. Chapters by leading international scholars look to visual arts practice, digital culture, music, public events, experimental theatre and performance to investigate questions about representation, metaphysics and politics. The collection seeks to foreground shared universalist connections that unite rather than divide, visiting metaphysical questions of being and becoming and the possibilities of producing alternate realities and relationalities. The book asks what is at stake in thinking about a subject, a time, a place and a performing arts practice that would come after identity and explores how theatre and performance pose and interrogate these questions.
