Horizons West is a landmark of scholarship and interpretation devoted to what is for many Hollywood's signature genre. It provides a compelling account of the powerful mythology of America's past as forged by Western films and the men who made them. *John Barth* David Morrell, 2015-12-16 In 1969 while David Morrell was writing *First Blood* the novel in which Rambo was created he also wrote his doctoral dissertation about acclaimed author John Barth. In it Morrell analyses Barth's early fiction using interviews with Barth, his agent and his editors as well as several of Barth's unpublished essays and letters to tell what Morrell calls the story behind the stories: a biography of Barth's fiction. Over the years scholars have found John Barth *An Introduction* invaluable for its lengthy biographical sections which Barth himself approved. Fans of Morrell's fiction will find this book enlightening in terms of what Barth taught him about writing. **CRITICAL REACTION** David Morrell's not just a fine writer; he's also a great and generous teacher. *New York Times* bestselling author Lawrence Sanders has written an interesting and informative book which reads occasionally like a biography. His prose is eminently clear and straightforward. His book has something for everyone. There is no doubt that it will become a necessity for serious students of Barth and that coincidentally it is a genuinely interesting book. *Journal of Modern Literature* Morrell's study tells the story of Barth's storytelling: how he got his ideas and then how the publishers and reviewers dealt with them. He includes detailed biographical information and writes with great economy and clarity. *Modern Fiction Studies* Morrell gives the reader the benefit of his familiarity with Barth and his manuscripts to plot the career of each work from plans and in some cases research through revision, publisher-agent reactions, sales and post-publication revisions. The whole enterprise is carried off with appealing confidence and informality that add up to an eminently readable book. *World Literature Today*

Computers, Personnel Administration, and Citizen Rights Alan F. Westin, 1979 *Handbook of Information Resource Management* Jack Rabin, 1987-09-30 **Catalogue: Authors** Peabody Museum of Archaeology and Ethnology. Library, 1963 Its outstanding feature is the inclusion of journal articles. For more than 50 years the periodicals have been indexed as well as compilations such as *Festschriften* and the proceedings of congresses. **Exchange Bibliography** Council of Planning Librarians, 1978
