Honorable Reader Reflections On My Work:

Honorable Reader Thomas Merton, 1915-1968 was a Trappist monk of the Abbey of Gethsemani Kentucky as well as a bestselling writer poet social activist and student of comparative religion This posthumously published book is a collection of prefaces that Merton wrote for international editions of his books which often give insight as he looks back with the advantage of hindsight Merton suggests that the major message in his books is that the contemplative life applies wherever there is life Echoing Silence Thomas Merton, 2007-02-13 When Thomas Merton entered a Trappist monastery in December 1941 he turned his back on secular life including a very promising literary career He sent his journals a novel in progress and copies of all his poems to his mentor Columbia professor Mark Van Doren for safe keeping fully expecting to write little if anything ever again It was a relatively short lived resolution for Merton almost immediately found himself being assigned writing tasks by his Abbot one of which was the autobiographical essay that blossomed into his international best seller *The Seven Storey Mountain* That book made him famous overnight and for a time he struggled with the notion that the vocation of the monk and the vocation of the writer were incompatible Monasticism called for complete surrender to the absolute whereas writing demanded a tactical withdrawal from experience in order to record it He eventually came to accept his dual vocation as two sides of the same spiritual coin and used it as a source of creative tension the rest of his life Merton's thoughts on writing have never been compiled into a single volume until now Robert Inchausti has mined the vast Merton literature to discover what he had to say on a whole spectrum of literary topics including writing as a spiritual calling the role of the Christian writer in a secular society the joys and mysteries of poetry and evaluations of his own literary work Also included are fascinating glimpses of his take on a range of other writers including Henry David Thoreau Flannery O'Connor Dylan Thomas Albert Camus James Joyce and even Henry Miller along with many others **The Root of War is Fear** Forest, Jim, 2016-08-18 Providing an intimate and timely view of Merton this book traces the theme of peace and nonviolence in Merton's life and writings drawing in particular on extensive correspondence with Jim Forest a Merton biographer Thinking through Thomas Merton Robert Inchausti, 2014-02-01 Considers the legacy of Thomas Merton and his relevance for contemporary times With the publication of *The Seven Storey Mountain* in 1948 Thomas Merton became a bestselling author writing about spiritual contemplation in a modern context Although Merton 1915-1968 lived as a Trappist monk he advocated a spiritual life that was not a retreat from the world but an alternative to it particularly to the deadening materialism and spiritual vacuity of the postwar West Over the next twenty years Merton wrote for a wide audience bringing the wisdom of Christianity Buddhism and Sufism into dialogue with the period's contemporary thought In *Thinking through Thomas Merton* Robert Inchausti introduces readers to Merton and evaluates his continuing relevance for our time Inchausti shows how Merton broke the high modernist trance so that we might become the change we wish to see in the world by refiguring the lost virtues of silence contemplation and community in a world enamored by the

will to power virtuoso performance radical skepticism and materialist metaphysics Merton's defense of contemplative culture is considered in light of the postmodern thought of recent years and emerges as a compelling alternative Inchausti explores Merton's understanding of Western Christian monasticism and provides new insights into his critique of modernity Curt Cadorette author of *Catholicism in Social and Historical Contexts An Introduction* **How to Tell God from the Devil** A. Roy Eckardt, 2018-01-16 *How to Tell God From the Devil* is the first book to depict the relationship among comedy the Devil and God Drawing from Jewish and Christian theories Eckardt describes comedy as a means to distinguish the divine from the diabolic He presents a thorough critique of efforts throughout history to justify God in the presence of radical evil and suffering *How to Tell God From the Devil* is a sequel to Eckardt's fascinating earlier study *Sitting in the Earth and Laughing* Eckardt offers a theological vision of the comic and shows its practical use in differentiating God from the Devil The viewpoint presupposed is a special application of the incongruity theory of humor which sees humor as an attempt to deal with inexplicable occurrences Eckardt shows how humor can make faulty explanations tolerable for examining evil and suffering particularly the notion that God can somehow be excused for the terrible evils extant in the world Eckardt critiques dualistic views that make the Devil and God independent sovereign beings and monistic views that try to reduce evil to non-being Eckardt holds God to be ultimately responsible for evil in such ways that the only final resolution of evil if there is such is a form of divine comedy Eckardt employs a variety of historical psychological sociological philosophical and theological sources He discusses and assesses such diverse figures as Martin Luther Reinhold Niebuhr Zen Buddhists Conrad Hyers Nancy A Walker Jon D Levenson and Harvey Cox *How to Tell God From The Devil* is an exceptional work and will be significant and enjoyable for sociologists theologians philosophers and specialists concerned with the study of humor **In the School of Prophets** Ephrem Arcement, 2015-03-31 The distinctive prophetic quality of Thomas Merton's spirituality shaped by figures ranging from the Hebrew prophets to Thich Nhat Hanh emerges from this fresh examination of the works Merton read responded to and celebrated in his own writing *In the School of Prophets* examines the final decade of Merton's life mainly through the lens of his journals and letters and helps to fill a gap in contemporary Merton studies William Blake and various Latin American poets novelists Boris Pasternak Albert Camus and William Faulkner existentialists Søren Kierkegaard and Gabriel Marcel monks of the Egyptian desert and Bernard of Clairvaux number among those who helped shape Merton's prophetic consciousness leading him to reexamine what it means to be both a human being and a contemplative monk of the twentieth century **Cistercian Fathers and Forefathers** Thomas Merton, 2018-09-15 This volume of previously uncollected studies makes a notable contribution to Merton's extensive and influential legacy This volume includes pieces on eleventh and twelfth century monastics by Thomas Merton perhaps the most significant American Catholic spiritual writer of the twentieth century The essays are difficult to locate elsewhere the conference transcripts are available only here **Thomas Merton** Paul R Dekar, 2012-04-26 Thomas Merton was arguably the twentieth century's

most widely published and widely read spiritual writer This book explores Merton's prophetic writings and experience as they offer guidance for those seeking to experience God to simplify their lives to live more humanly and to shape Christian community in the face of alienation consumerism noise and technology The book includes parts of three previously unpublished conference contributions by Merton on technology Exploring Merton's thoughts on monastic renewal prayer radical simplicity ecology technology war peace and interfaith dialogue Dekar reminds us why Merton was so influential and why he continues to be so *Thomas Merton's Paradise Journey* Thomas Merton, William H. Shannon, 2010-07-15 A book which traces the development of the thoughts and writings of the 20th century Cistercian monk Thomas Merton on the subject of contemplation *The Inward Path to God* Wayne Simsic, 2014-01-02 It's been five hundred years since the birth of the great saint and doctor of the Church Teresa of Avila yet her words and wisdom still have the power to leap across the barriers of time and culture In this book author and retreat master Wayne Simsic introduces St Teresa's map for the journey of prayer as outlined in her masterpiece *The Interior Castle* First Simsic invites the reader to focus on two fundamental themes for Teresa turning inward and growing in the virtues of charity detachment and humility which she considered essential for prayer Then he describes the life of prayer as it unfolds in the dwellings of the interior castle As readers move with Teresa into the deeper dimensions of life and love they will discover their own path of prayer **Thomas Merton's Poetics of Self-Dissolution** Sonia Petisco, 2017-07-26 This book includes a collection of essays on the poetry of Thomas Merton 1915-1968 one of the most relevant spiritual masters of the twentieth century These scholarly inquiries are all glimpses which accurately represent his poetics of dissolution the dissolution of the old corrupt world in favour of an apocalyptic vision of a new world Este libro incluye una colección de ensayos sobre la poesía de Thomas Merton 1915-1968 uno de los maestros espirituales más relevantes del siglo XX Todas estas investigaciones académicas dejan entrever lo que representa exactamente su poética de desintegración la descomposición del viejo mundo corrupto a favor de una visión apocalíptica de un nuevo mundo categorizaciones abstractas de lo sobrenatural que dan paso a una experiencia íntima y más dinámica de lo sagrado en el hogar y en el mundo *Thomas Merton and the Inclusive Imagination* Ross Labrie, 2001 Thomas Merton 1915-1968 was a Roman Catholic priest a Trappist monk a social activist and a poet Author of the celebrated autobiography *The Seven Storey Mountain* Merton has been described as the most important American religious writer of the past hundred years One of the notable characteristics of Merton's writing both in poetry and in prose was his seamless intermingling of religious and Romantic elements an intermingling that because of his gifts as a writer and because of his enormous influence has had the effect of making widespread a distinctive form of religious thought and expression In *Thomas Merton and the Inclusive Imagination* Ross Labrie reveals the breadth of Merton's intellectual reach by taking an original and systematic look at Merton's thought which is generally regarded as eclectic and unsystematic *Open to the Full Dimension* Dominiek Lootens, 2022-03-14 Thomas Merton 1915-1968 is considered to be one of the most important

Catholic American authors of the twentieth century In this book one can discover Merton not only as a contemplative writer and prophet but also as a pastoral practitioner Dominiek Lootens is a Catholic practical theologian with more than twenty years of experience as a pastoral supervisor and educator in Belgium and Germany Using his own professional practice as a starting point he reflects in this book on the life and work of Thomas Merton He shows how relevant Merton can be for pastoral practitioners who are active in today's global context A variety of professional topics are discussed interfaith hospital chaplaincy migration and practical theology pastoral supervision and spirituality natural contemplation and Orthodox pastoral theology racism and adult education and the training of chaplains as social justice allies This book offers practical theologians and pastoral practitioners an in depth view in the life and publications of Thomas Merton and invites them to bring it into dialogue with their own professional practice

The Ground of Our Beseeching Peter Sharpe, 2004

The Ground of Our Beseeching Metaphor and the Poetics of Meditation describes the signature styles of meditation in three American poets and shows how each generated language out of spiritual yearning The author's inquiry in this area grew out of an interest in the interplay of creativity language and religion and a need to know as both critic and practicing poet how metaphor arises particularly in the context of poetry which hearkens after the sacred How far in other words has metaphor taken some of our central poets T S Eliot Wallace Stevens and Theodore Roethke in matters of belief No other critique of American poetry prior to this study has systematically linked the idea of the sacred with the practice of metaphor Nor has a compelling case been made until now for viewing meditation a style of thinking close to prayer as the source or ground of these poets

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Mystery and the World* Maria Clara Bingemer, 2017-02-23 In *The Mystery and the World* Maria Clara Bingemer explores how the place of religion in society has dramatically shifted since the Enlightenment The modern era is characterised by a major change in humanity's fundamental desires that means that reason has taken the place of faith Human beings in their ongoing search for a scientific understanding of the world have drifted away from seeking any essence of transcendence in their lives Bingemer examines this transition and how especially in the postmodern era it has led to technology and superficial happiness becoming all important as opposed to the more sacred sense of contentment that governed us for centuries prior to the Enlightenment In her discussion however Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that even in our world of instant satisfaction we still need to fill the void left by religion Through well researched analysis of the modern era and discussion of some of the mystics of more recent times she reveals to readers how our religious belief whilst changed is not dead and is still an important aspect of our existence

Tuning the Rig Fred Herron, 2012-07-10 To tune the rig describes adjusting a ship's rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of

perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church

Thomas Merton and James Laughlin Thomas Merton, James Laughlin, 1997 Cloistered in a remote Kentucky monastery Thomas Merton struggled as a young man to reconcile his preferred contemplative life and his public passion for writing Here is the remarkable development of Thomas Merton monk poet and social critic as documented in nearly 30 years of correspondence with his mentor and publisher James Laughlin *Thomas Merton: God's Messenger on the Road towards a New World* Paul R. Dekar, 2021-06-02 Thomas Merton God s Messenger on the Road towards a New World highlights the contribution of the best selling North American writer between the Second World War and 1968 The Cistercian monk called people to act justly love kindness and walk humbly By his critique of technology a major impediment for people to follow Jesus by his writing on contemplative prayer by his interfaith outreach and through his witness against racism war and degradation of nature Merton still matters This book uses Micah 6 8 to organize Merton s focus on justice lovingkindness and humility as well as his dialogue with Rachel Carson Ernesto Cardinal Gandhi Martin Luther King Jr Thich Nhat Hahn and others

Faith and Struggle on Smokey Mountain Benigno P. Beltran, 2012 Smokey Mountain the vast garbage dump in Manila has served for many years as an emblem of third world squalor In many ways it is a metaphor for a planet slowly choking on garbage and waste But for Fr Beltran who served for three decades as a chaplain to the scavengers who survive off this reeking heap it is also a metaphor of hope an emblem of the will to survive the ability to create joy and find meaning even in the midst of abject poverty Faith and Struggle on Smokey Mountain describes the spiritual resilience of the scavengers of Smokey Mountain and how they taught Beltran to read the Gospel with new eyes The lessons he learned bear a message for all who struggle for a better world

Man of Dialogue Gregory K. Hillis, 2021-11-15 How Catholic was Thomas Merton Since his death in 1968 Merton s Catholic identity has been regularly questioned both by those who doubt the authenticity of his Catholicism given his commitment to ecumenical and interreligious dialogue and by those who admire Merton as a thinker but see him as an aberration who rebelled against his Catholicism to articulate ideas that went against the church In this book Gregory K Hillis illustrates that Merton s thought was intertwined with his identity as a Catholic priest and emerged out of a thorough immersion in the church s liturgical theological and spiritual tradition In addition to providing a substantive introduction to Merton s life and thought this book illustrates that Merton was fundamentally shaped by his identity as a Roman Catholic
