Acacia is a strong and independent woman whose heart and heritage are rooted in Africa, while her reality in contemporary America finds itself in a very different time and place. In living her life, she must breach the distance between her current space and the ties that bind her. Straddling two, sometimes opposing, worlds of medicine and dance, Dr. Acacia Graeme must find the balance between feeding her mind through work and study and nourishing her soul and spirit through dance. And what happens when the music stops? Because it does often. How will she get through the silence of her every day? This is the story of a flawed heroine whose intentions are pure, her truth perhaps less so. Torn between the enduring innocence of her first love and the life-long search for one true love, she is compelled to come to terms with her own free nature and independent spirit, and in so doing, turn tragedy to triumph. A Nation of Lords David Dawley, 1992

**The Uncertainty of Hope** Valerie Tagwira, 2008 *The Labor of Hope* Harry Pettit, 2023-11-14 Technological advancements, expanding education, and unfettered capitalism have encouraged many around the world to aspire to better lives, even as declines in employment and widening inequality are pushing more and more people into insecurity and hardship. In Egypt, a generation of young men desire fulfilling employment, meaningful relationships, and secure family life, yet find few paths to achieve this. *The Labor of Hope* follows these educated but underemployed men as they struggle to establish careers and build satisfying lives. In so doing, this book reveals the lived contradiction at the heart of capitalist systems: the expansive dreams they encourage and the precarious lives they produce. Harry Pettit follows young men as they engage a booming training, recruitment, and entrepreneurship industry that sells the cruel meritocratic promise that a good life is realizable for all. He considers the various ways individuals cultivate distraction and hope for future mobility: education, migration, consumption, and prayer. These hope-filled practices are a form of emotional labor for young men, placing responsibility on the individual rather than structural issues in Egypt's economy. Illuminating this emotional labor, Pettit shows how the capitalist economy continues to capture the attention of the very people harmed by it. Bernice and Her Multiple Personalities Zora O. Young M.
