This book now available in paperback is a photographic introduction to horses and ponies that provides a wealth of information about riding and horse care as well as capturing the magic of these fascinating animals. Many horse books currently available on the market are too dry and weighty for the child who is new to riding. They concentrate on the serious practicalities of pony ownership and fail to convey the pleasure of simply being around horses. This is a book targeted at the child of 8 years plus who is learning to ride at a riding school but dreams of having a pony of her own. With scores of specially commissioned photographs of horses and ponies in the fields at the stables being ridden, this book will convey the romance and fun of the world of horses as well as the facts.
