Law, European University Institute**

European Union Enlargement:

European Union Enlargement JURGEN ELVERT, Wolfram Kaiser, 2004-08-02 European Union Enlargement provides a comparative analysis of the post war European policies of those states that joined the European Union between 1973 and 1995 The volume draws upon new empirical research in order to investigate the policies that these newcomer states have had towards Europe since 1945 with an emphasis on their experience of membership and its possible Europeanising effect A final comparative chapter draws the national European policies of the newcomers together and outlines what they have brought to the EU The book also tests integration theories against the available evidence demonstrating their limited explanatory value and the economic political and cultural specificity of different national paths towards EU integration

European Union Enlargement Michael Schwarzing, 2017-09-29 European Union Enlargement offers an intense and detailed analysis of the almost ten year process of preparing and negotiating the accession of Eastern Southeastern and Central European countries as well as Mediterranean countries to the European Union In the end ten joined in 2004 with two more to follow in 2007 European Union Enlargement was written by two diplomats who were directly involved in that process Sajdik and Schwarzing relate their first hand experience of proceedings that occurred behind closed doors They detail how the vision of adding some countries gradually developed into the concrete policy intended to enlarge the European Union A special chapter explains the Accession Process as well as the Union s strategy that prepared the candidate countries in legal and economic terms for membership The authors describe in detail the complex negotiations that occurred from 1998 to 2002 These include activities of EU member states as well as the European Commission with respect to the candidate countries They further offer a brief analysis of future possibilities of EU accession by Balkan nations and Turkey A number of topical chapters deal with particular key issues involved in the process free movement of workers agriculture financing of the enlargement transport and nuclear safety Other chapters deal with the enclave of Kaliningrad as well as the Stability and Association Pact for South East Europe In addition to providing key information about the process this volume is also a case study of European policies and diplomatic practice The enlargement negotiations from 1998 to 2002 were the most complex ones the European Union had ever conducted In consequence this work gives insight into the working methods of both the institutions in Brussels and of the representatives of the member states that made them a success It will be of interest to those concerned with European politics international organizations and area studies European Union Enlargement

Michael Schwarzing, 2017-09-25 European Union Enlargement offers an intense and detailed analysis of the almost ten year process of preparing and negotiating the accession of Eastern Southeastern and Central European countries as well as Mediterranean countries to the European Union In the end ten joined in 2004 with two more to follow in 2007 European Union Enlargement was written by two diplomats who were directly involved in that process Sajdik and Schwarzing relate their first hand experience of proceedings that occurred behind closed doors They detail how the vision of adding some

countries gradually developed into the concrete policy intended to enlarge the European Union A special chapter explains the Accession Process as well as the Union's strategy that prepared the candidate countries in legal and economic terms for membership The authors describe in detail the complex negotiations that occurred from 1998 to 2002 These include activities of EU member states as well as the European Commission with respect to the candidate countries They further offer a brief analysis of future possibilities of EU accession by Balkan nations and Turkey A number of topical chapters deal with particular key issues involved in the process free movement of workers agriculture financing of the enlargement transport and nuclear safety Other chapters deal with the enclave of Kaliningrad as well as the Stability and Association Pact for South East Europe In addition to providing key information about the process this volume is also a case study of European policies and diplomatic practice The enlargement negotiations from 1998 to 2002 were the most complex ones the European Union had ever conducted In consequence this work gives insight into the working methods of both the institutions in Brussels and of the representatives of the member states that made them a success It will be of interest to those concerned with European politics international organizations and area studies

Driven to Change Antoaneta L. Dimitrova, 2004 Will joining the European Union help achieve prosperity stability and democracy in Central and Eastern Europe This book addresses this question by analysing how the European Union has approached this enlargement Specifically the book shows how in its enlargement to the East the European Union has tried to guide the post communist states of Central and Eastern Europe towards new institutions and changing rules In addressing the little explored link between post communist transformations and enlargement the book presents the effects of enlargement governance extended by the EU on domestic processes of reform and transformation With its rich empirical overview of the reform challenges to various sectors the author presents various scenarios of the interaction of EU rules with post communist reform In contrast to other books on enlargement this one relies on the perspective of scholars from Eastern Europe to illustrate the importance of the accession process to reform

The European Union: Integration and Enlargement R. Daniel Kelemen, Anand Menon, Jonathan Slapin, 2016-04-14 This book explores one of the central challenges facing the EU today how to reconcile enlargement with the pursuit of a stronger and more effective European Union While the relationship between widening and deepening has been recognized for years as one of the big questions in the field of European integration existing theoretical and empirical analyses of this relationship suffer from a variety of shortcomings This book brings together a group of EU scholars who significantly advance our understanding of the relationship between widening and deepening The contributors challenge a variety of common wisdoms concerning the relationship between widening and deepening and offer nuanced theoretical and empirical analysis of the relationship between these two vital dimensions of European integration Collectively the contributors to this volume offer the most comprehensive picture available to date of the multi faceted relationship between widening and deepening This book was published as a special issue of the Journal of European Public Policy

Enlargement of the European Union Allan F. Tatham, 2009-01-26 The development of EU enlargement has raised many thorny issues unanticipated by the framers of the EC Treaty A significant upshot of these issues is that the concept of European identity defined in terms of such factors as culture history and economics has supplanted the long dominant theme of widening and deepening particularly since the Union's expansion has become primarily eastward The major contribution of this important book lies in its analysis of the conceptualization and perception of enlargement from various points of view focusing on the concerns of stakeholders and the identity conflicts and uncertainties incurred by enlargement initiatives In the course of its presentation it details the actual pre accession Europeanization process and its complex history Among the key elements discussed are the following the conflict between widening and deepening and the effect on EU institutional reform institutional requirements on candidate countries pre accession criteria and negotiations administrative capacity judicial capacity and legal approximation in accession states capacity of the EU to absorb new Member States and EC law as part of European identity Also covered are specific historical details of particular pre accession negotiations e g Greece Spain Portugal Malta and Cyprus the still inconclusive negotiations with Turkey and the Western Balkan states and political factors involved in the non accession of Norway Iceland and Switzerland Assembling powerful evidence and applying incisive analysis the author's conclusion shows that absent further and major EU institutional reform it will be difficult for an enlarging Union to continue to deliver the goods A watershed in the continuing great debate on the fulfilment of the EC Treaty's determination to foster and promote an ever closer union of the peoples of Europe this book will prove invaluable to anybody interested in the European integration project particularly lawyers academics officials and policymakers in the EU Member States

The Politics of European Union Enlargement Frank Schimmelfennig, Ulrich Sedelmeier, 2005-11-16 This is a key reference text presenting the latest first rate approaches to the study of European enlargement Developed and significantly expanded from a special issue of the leading Journal of European Public Policy this new volume draws on the insights from the recently emerging theoretically informed literature on the EU's eastern enlargement and complements these studies with original articles that combine a theoretical approach with comparative analyses These expert contributors focus on the broader theoretical debates and their implications for the enlargement of the EU as well as placing the enlargement of the EU within the broader context of the expansion of international organisations and the study of institutions in international relations

European Union Enlargement Vincent L. Morelli, 2006

European Union Enlargement Nanette Neuwahl, 2004 The unification of Europe became a fact in April 2003 when the European Union decided to admit 10 new members The scope of this expansion is unique in the EU's history and brings with it unprecedented challenges in terms of the numbers of the people involved the social and cultural differences between the states that are concerned as well as in their geostrategic importance and interests It is amazing especially in the light of the simultaneous proposals for the deepening of the European Union that support for this enlargement of the EU enlargement in a historical obligation rather

that a calculated risk Some of the more important ramifications of this momentous change are dealt with in the book with the aim of clarifying the significance the extent and the costs of the coming changes in the EU

The Strategic Implications of European Union Enlargement Esther Brimmer, 2005 Enlargement will change the nature of the European Union but how will it affect international affairs The EU and its member states command significant economic resources and have launched a Common Foreign and Security Policy Yet the demands of taking on ten new countries concluding a constitutional treaty to accommodate decisionmaking and dissipating acrimony after the war in Iraq all complicate efforts to develop and enhance the EU's international presence This book considers the impact of enlargement with respect to the EU's perception of its international role in specific geographical regions The contributors discuss a range of global issues including the environment food policies development terrorism and the use of force Contributors include Stefan Fr hlich University of Erlangen Nuremberg Hanna Ojanen and Kristi Raik Finnish Institute of International Affairs Ulrike Guerot German Marshall Fund Berlin Office Stanislaw Tekieli Center for Eastern Studies Warsaw Michael Leigh European Commission Directorate General for External Affairs Henri Barkey Lehigh University Anne Marie LeGloannec Centre d Etudes et de Recherches Internationales Foundation Nationale des Sciences Politiques Stanislav Tkachenko St Petersburg University Nicolae Idu European Institute of Romania Ulrich Weisser Esther Brimmer Chantal de Jonge Oudraat and David Michel Center for Transatlantic Relations Johns Hopkins SAIS Daniel Gros CEPS Angel Ubide Tudor Investments Patrick Cronin CSIS and Antonio Missoroli EU Institute for Security Studies

The Enlargement of the European Union Victoria Curzon Price, Alice Landau, Richard Whitman, 2012-11-12 This volume looks at the process of enlargement which the European Union is currently undertaking focusing on both the economic and political dimensions of the subject The volume examines how enlargement has evolved and looks at the roles and relations of the different actors member states applicant states and EU institutions With contributors coming from different disciplinary backgrounds the volume offers an unusually rich array of perspectives on one of the most significant political developments of recent years

Evolving Practice In EU Enlargement With Case Studies In Agri-Food And Environment Law Kirstyn Inglis, 2010-04-16 Following some ten years as a practicing lawyer and consultant Kirstyn Inglis has been researching the evolving legal practice of EU enlargement for over ten years This book succinctly introduces this evolving practice covering transitional arrangements in accession treaties the Treaty of Lisbon recent European Court case law the specific governance challenge of incorporating Bulgaria and Romania and the strategy for future enlargements to bring in the Western Balkans and Turkey In part two the examples of the environment and the agri food acquis are explored including the analysis of the transitional arrangements in practice Overall the diversity and complexity of the pre accession and post accession challenge of enlargement becomes apparent as do key challenges for the evolution of the acquis communautaire in an enlarging Union at a time when Croatia is waiting to sign its own accession treaty

A Wider Europe Michael J. Baun, 2000-08-02 This clear and engaging text examines the process and politics of

the European Union's Eastern enlargement beginning with its initial response to the 1989 revolution up through the Helsinki summit decisions of December 1999 Michael Baun explores such topics as the EU's original decision to enlarge the pre accession strategy for prospective members the key political decisions on launching and expanding the accession negotiations and the actual progress of the negotiations He also examines the EU's efforts to reform its policies and institutions in advance of enlargement Throughout Baun weaves in understandable explanations of the complex multilevel process of EU decisionmaking He concludes by considering the limits of enlargement and its consequences for the EU's future development *The New Frontiers of Europe* Daniel Sheldon Hamilton, 2005 The European Union has expanded from 15 to 25 countries with more candidates knocking on the door This new diversity both enriches the EU and challenges its cohesion In this volume prominent authors from EU nations and important neighbours examine the implications and consequences of EU enlargement offering a range of views on the opportunities and challenges posed by these changes

European Union Enlargement and Integration Capacity Tanja Börzel, Antoaneta L. Dimitrova, Frank Schimmelfennig, 2017-10-24 The effects of the Eastern enlargement the biggest so far are still felt across the European Union EU Many warned the EU was about to overreach the limits of its integration capacity More than a decade later this book presents a broad based and systematic evaluation of the 2004 2007's enlargement and its impact on the EU In contrast to widespread scepticism our results show that the EU's integration capacity has been strong Credible accession conditionality and pre accession assistance have had a positive impact on democracy governance capacity and economic transformation at least before accession After accession EU institutions have proven resilient Eastern enlargement has not affected negatively the legislative capacity of the EU It has not led to a deterioration of compliance and implementation of EU law either initial differentiated integration has quickly returned to normal levels This generally positive assessment stands in stark contrast with increasing public opposition to future EU enlargements We identify some less known sources of such opposition the lack of communication and political debate about enlargement between EU leaders and their citizens Public opposition undermines the credibility of EU conditionality which is crucial for having a positive impact on neighbouring countries in the future The chapters in this book originally appeared in a special issue in the Journal of European Public Policy *The Enlargement of the European Union* Académie de droit européen (Firenze), Academy of European Law, European University Institute, 2003 This collection of essays reflects on the fifth enlargement of the European Union projected to take place in 2004 It examines the process of enlargement its impact on both the candidate States and on the institutions and policies of the European Union In so doing it discusses these issues from a variety of perspectives legal economic and political reflecting the different dimensions of the enlargement project *Crs Report for Congress* Congressional Research Service the Libr, Kristin Archick, 2013-11-11 The European Union EU has long viewed the enlargement process as an extraordinary opportunity to promote political stability and economic prosperity in Europe Since 2004 EU membership has grown from 15

to 27 countries bringing in most states of Central and Eastern Europe and fulfilling an historic pledge to further the integration of the continent by peaceful means Analysts contend that the carefully managed process of enlargement is one of the EU's most powerful policy tools and that over the years it has helped transform many European states into functioning democracies and more affluent countries The EU maintains that the enlargement door remains open to any European country that fulfills the EU's political and economic criteria for membership At the same time EU enlargement is also very much a political process most all significant steps on the long path to accession require the unanimous agreement of the existing 27 member states As such a prospective EU candidate's relationship or conflicts with individual member states may also influence a country's EU accession prospects and timeline

The Eastern Enlargement of the European Union John O'Brennan, 2006-04-18 In May 2004 eight former communist states in Central and Eastern Europe acceded to the European Union This new book examines the Eastern expansion of the EU through a tripartite structure developing an empirical conceptual and institutional analysis to provide a rounded and substantive account of EU enlargement with new theoretical insights The foreword is written by Pat Cox former president of the European Parliament John O'Brennan also explores why the EU decided to expand its membership what factors drove this process forward how did the institutional environment of the EU influence enlargement outcomes In this context he comprehensively covers the role of the European Council Commission and Parliament This important volume will be of great interest to students and scholars of European politics and European Union studies

European Union Enlargement Conditionality Eli Gateva, 2016-04-29 The book provides the first comprehensive comparative analysis of the development of EU enlargement conditionality across four different enlargement waves the first 2004 and the second 2007 phase of the Eastern enlargement the EU enlargement to Croatia 2013 and the ongoing enlargement round involving Turkey and the Western Balkans

Shaping the New Europe M. Landesmann, D. Rosati, 2004-04-30 This volume brings together contributions on the major economic policy issues which have opened up as a result of the immanent process of European Union Enlargement The issues analyzed range from modelling and analyzing the costs and benefits of enlargement to challenges for macroeconomic policy both at the EU level and in the new member countries to the state of affairs in the new member countries with respect to sectoral policy reforms such as those undertaken in the financial sector and in competition policy and the impact of enlargement on Europe's trade policy agenda

European Union Enlargement Introduction

In the digital age, access to information has become easier than ever before. The ability to download European Union Enlargement has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download European Union Enlargement has opened up a world of possibilities. Downloading European Union Enlargement provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading European Union Enlargement has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download European Union Enlargement. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading European Union Enlargement. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading European Union Enlargement, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download European Union

Enlargement has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About European Union Enlargement Books

1. Where can I buy European Union Enlargement books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
