Even In Sweden Racisms Racialized Spaces And The Popular Geographical Imagination:

Even in Sweden Allan Pred, 2000-11-21 A tour de force Orvar L. Fjörén co author of *Culture Builders A Historical Anthropology of Middle Class Life* Written in a striking experimental style this is an insightful and impressive book on a topic of enormous contemporary significance James Ferguson author of *Expectations of Modernity* Pred works with a powerful set of ideas and arresting empirical materials to create a series of interlocking overlapping and superimposed spaces within which modern racism is brought into view with a shocking clarity Derek Gregory author of *Geographical Imaginations*

Even in Sweden Racisms, Racialized Spaces, and the Popular Geographical Imagination, 2015 **Even in Sweden** Allan Pred, 2011 **Scandinavia since 1500** Byron J. Nordstrom, 2023-06-27 An updated edition of the definitive history of Scandinavia over the past five centuries Despite certain distinctions and differences the lands of Scandinavia or Norden Sweden Norway Finland Iceland Denmark and the Faroe Islands are united by bonds of culture language and geography and by a shared history that comes richly to life in this landmark work Now in an expanded updated edition this authoritative chronicle of five centuries of Scandinavian history incorporates the geopolitical developments and momentous events that have marked the Nordic world in recent decades Scandinavia since 1500 situates the region's political history within the traditional European chronology in which the long modern period is subdivided into the Renaissance early modern modern and contemporary Within this framework Byron J. Nordstrom traces the various ways in which economic social and cultural ideas and practices have come to Scandinavia from abroad only to be modified and recast in a uniquely Nordic character Long unquestioned national mythologies come under Nordstrom's scrutiny along with historical blind spots and erasures as he ranges from canonical figures like Gustavus Adolphus of Sweden and Christian IV of Denmark to the constitutions of the nineteenth and twentieth centuries the resistance movements in World War II and the Scandinavian welfare states literary culture and modern design Expanded to include the nature and realities of the increasingly postindustrial economies of the late twentieth and early twenty first centuries including environmental concerns integration with Europe globalization and immigration Scandinavia since 1500 offers a comprehensive yet nuanced portrait of this unique region in all its political diplomatic social economic and cultural complexity Cover alt text Bold white title and author name across breathtaking snowy landscape of sun touched cliffs beside a waterway and scattering of homes **Europe's New Racism** Evens Foundation, 2002-06 Europe has seen a tremendous rise in popularity of new rightist political parties in the last two decades or so claiming cultural supremacy of the so called native Europeans over foreign immigrants In this volume European scholars from Russia to Britain have come together to examine the media and social and legal policies in an effort to determine the causes of this resurgence of rightist and anti democratic ideologies They furthermore suggest actions that might help combat racism more effectively **Migration from Turkey to Sweden** Bahar Baser, Paul T. Levin, 2017-10-04 The refugee crisis and the recent rise of anti immigration parties across Europe has prompted widespread debates about

migration integration and security on the continent But the perspectives and experiences of immigrants in northern and western Europe have equal political significance for contemporary European societies While Turkish migration to Europe has been a vital area of research little scholarly attention has been paid to Turkish migration to specifically Sweden which has a mix of religious and ethnic groups from Turkey and where now well over 100 000 Swedes have Turkish origins This book examines immigration from Turkey to Sweden from its beginnings in the mid 1960s when the recruitment of workers was needed to satisfy the expanding industrial economy It traces the impact of Sweden s economic downturn and the effects of the 1971 Turkish military intervention and the 1980 military coup after which asylum seekers mostly Assyrian Christians and Kurds sought refuge in Sweden Contributors explore how the patterns of labour migration and interactions with Swedish society impacted the social and political attitudes of these different communities their sense of belonging and diasporic activism The book also investigates issues of integration return migration transnational ties external voting and citizenship rights Through the detailed analysis of migration to Sweden and emigration from Turkey this book sheds new light on the situation of migrants in Europe
