Everest Aspiration:

Everest-aspiration Sri Chinmoy, 1978 *Everest-Aspiration (traveller Edition)* Sri Chinmoy, 2022-04-07 During the first twenty days of July 1977 Sri Chinmoy delivered one hundred short talks These talks were given at his public esraj performances at picnics even at a local high school playground after morning sports practice In very few ways though can these pieces really be called talks They contain a rhythmic almost musical quality more like blank verse than prose More importantly they express a flow of ideas so subtle and melodic that they cry out to be felt and assimilated on an intuitive plane Before speaking Sri Chinmoy would enter into a high meditative state and then speak extemporaneously These talks then are expressions of a state of consciousness far beyond the mind's reach short illumining bursts of light from the Master's boundless Realisation Sun *Aspiration Everest* Sri Chinmoy, 2015 **His Miracle-Breath** Vidagdha Bennett, 2016-03-31 In this volume I have tried to offer an insight into New York City as Sri Chinmoy might have found it in 1964 and also the haven that he discovered in Woodstock In addition I have included transcripts of some evening gatherings at Sri Chinmoy's home They capture the delightful and unstructured ebb and flow of conversation informal questions personal guidance reflections and humorous asides These were the moments when time itself seemed to stretch endlessly punctuated only by the striking of a wall clock the barking of Sri Chinmoy's little dog or the mimicking calls of his mynah bird *The Philosophy of Sri Chinmoy* Kusumita P. Pedersen, 2021-06-28 This is the first book length study of the thought of Sri Chinmoy 1931-2007 who became well known during his lifetime as the exponent of a dynamic spirituality of integral transformation which he set forth in an extensive body of writings in both prose and poetry mostly in English but also in his native Bengali He held that all fields of human endeavor can be venues of spiritual transformation when founded in aspiration and contemplative practice He is noted not only as a spiritual teacher but also as an advocate of peace a composer and musician an artist and a sportsman who created innovative programs promoting self transcendence and understanding between people of all cultures and walks of life This study of Sri Chinmoy's philosophy refers to these diverse activities especially in the biographical first chapter but is mainly based on his written works The book's aim is to give to the reader a straightforward and unembroidered account of Sri Chinmoy's philosophy It makes every attempt to allow Sri Chinmoy to speak for himself in his own words and thus provides ample quotation and draws on his poetic works as much as on his other writings *Arc*, 2006
