Parliament,1968      *Ireland: 1641* Micheál Ó Siochrú,Jane Ohlmeyer,2016-05-16 The 1641 rebellion is one of the seminal events in early modern Irish and British history Its divisive legacy based primarily on the sharply contested allegation that the rebellion began with a general massacre of Protestant settlers is still evident in Ireland today Indeed the 1641 massacres like the battles at the Boyne 1690 and Somme 1916 played a key role in creating and sustaining a collective Protestant British identity in Ulster in much the same way that the subsequent Cromwellian conquest in the 1650s helped forge a new Irish Catholic national identity Following a successful hardback edition Siochr and Ohlmeyer s popular title is now available in paperback The original and wide ranging themes chosen by leading international scholars for this volume

will ensure that this edited collection becomes required reading for all those interested in the history of early modern Europe. It will also appeal to those engaged in early colonial studies in the Atlantic world and beyond as the volume adopts a genuinely comparative approach throughout examining developments in a broad global context.

*Youth, Place and Theories of Belonging* Sadia Habib, Michael Ward, 2019-07-30

Drawing on interdisciplinary perspectives *Youth Place and Theories of Belonging* showcases cutting edge empirical research on young people's lifeworlds. The scholars demonstrate that belonging is personal, infused with individual and collective histories as well as interwoven with conceptions of place. In studying how young people adapt to social change, the research highlights the plurality of belonging as well as its temporal and fleeting nature. In the field of youth studies, we have seen a recent emphasis on studying the ways youth live out everyday multiculturalisms in an increasingly globalised world. How young people negotiate belonging in everyday life and how they come to understand their positions in fragmented societies remain emerging areas of scholarship. Composed of twelve chapters, the collection references key sites and institutions in young people's lives such as schools, community cultural centres, neighbourhoods and spaces of consumption. Drawing from diverse areas such as the rural, the urban as well as displacements and mobilities, this international collection enhances our understanding of the theories employed in the study of youth identity practices. Written in a direct and clear style, this collection of essays will be of interest to researchers working in geography, theories of affect, gender, mobility, performativities and theories of space/place. Investigating how young people come to belong can open up new spaces and provide critical insights into young people's identities.

*In the Wake of the Tiger* David Clark, Rubén Jarazo Álvarez, 2010-09

The field of Irish Studies has undergone a period of great fruitfulness over the last decade. Concurrent with the economic revolution and subsequent financial crash, an immense interest in the island of Ireland and her cultural practices has been apparent from parts of the globe and academic debate on Irish culture and society has been intense and prosperous. This volume contains a number of essays which approach a variety of issues raised within the framework of post-Celtic Tiger Ireland, with contributions from scholars working in Europe. The book is divided into four sections: on Trauma Studies, on the relationship between Ireland with Europe and the rest of the world, on Audiovisual Studies and on Ireland and the Celtic Tiger. The essays reflect a variety of issues which are of great relevance to an understanding of the world of Irish Studies at the end of the first decade of the twenty-first century.
