Ireland Donovan Wylie, 1994      *Images of Irishness in Nineteenth-Century Travel Literature* Dimitrios Kassis, 2018-10-23  
Since its annexation to the British Crown Ireland has never ceased in forming the subject of an ardent national debate in Great Britain which resulted in the demonisation of the Celtic race as subaltern and backward In its effort to forge a national identity the British Empire adopted several collective identities on the basis of the racial and cultural findings of the 1850s which gave a new impetus to the systematic view of England as a typically Anglo Saxon culture staunchly opposed to the alleged Celtic backwardness and the rebellious spirit of the Irish In view of the rising anti Irish wave of sentiment in the British imperialist imagination Irish nationalism was manifest through a series of uprisings the majority of which sought to link the country to its ancient Celtic heritage The Celticist movements of Young Ireland and the Irish Revival revealed the need of Irish Nationalists to acquire a new collective identity which proved to be a strenuous task given the complex historical and ethnic background of the Irish This book investigates the extent to which Irish identity is affected by the racist and nationalist discourses of the nineteenth century which emerged to either defend or oppose the image of Ireland as a cultural construct The travelogues explored here include some of the most fundamental representations of Ireland by prominent Irish and British travel writers whose impressions of the island might be linked to the utopian and dystopian dimensions of the country      Urban Spaces in Nineteenth-Century Ireland Georgina Laragy, Olwen Purdue, Jonathan Jeffrey Wright, 2018-11-15 *Urban Spaces in Nineteenth Century Ireland* is a wide ranging and innovative collection of essays which offers new insights on the Irish urban experience Adopting a spatial approach the essays presented in this collection move beyond study of events that happened and people who lived in the towns and cities of nineteenth century Ireland instead exploring the ways in which particular urban spaces were constructed and experienced Focusing on a range of urban spaces from individual streets and districts to schools asylums and entire cities they highlight both the multifaceted nature of the Irish urban experience and the potential of the spatial approach to the study of history List of contributors Olwen Purdue Jonathan Jeffrey Wright Laura Johnstone Matthew Potter Jonathan Jeffrey Wright Mary Hatfield Olwen Purdue Gillian Allmond Georgina Laragy Mary Jane Boland and Oliver Betts      Irish Modernisms Paul Fagan, John Greaney, Tamara Radak, 2021-09-23 This book focuses on previously unexplored gaps limitations and avenues of inquiry within the canon and scholarship of Irish modernism to develop a more attentive and fluid theoretical account of this conceptual field Foregrounding interfaces between literary visual musical dramatic cinematic epistolary and journalistic media these essays introduce previously peripheral writers artists and cultural figures to debates about Irish modernism Hannah Berman Ethel Colburn Mayne Mary Devenport O'Neill Sheila Wingfield Freda Laughton Rhoda Coghill Elizabeth Bowen Mirt n Cadhain Joseph Plunkett Liam O'Flaherty Edward Martyn Jane Barlow Seosamh Torna Jack B Yeats and Brian O'Nolan all feature here to interrogate the term's implications Probing Irish modernism's responsiveness to contemporary theory beyond postcolonial

and Irish studies Irish Modernisms Gaps Conjectures Possibilities uses diverse paradigms including weak theory biopolitics posthumanism and the nonhuman turn to rethink Irish modernism s organising themes the material body language mediality canonicity war state violence prostitution temporality death mourning Across the volume cutting edge work from queer theory and gender studies draws urgent attention to the too often marginalized importance of women s writing and queer expression to the Irish avant garde while critical reappraisals of the coordinates of race and national history compel us to ask not only where and when Irish modernism occurred but also whose modernism it was Signifying Place Sheila Gaffey,2017-11-28 Through a socio semiotic analysis of promotional materials used by both producers of quality products and their support organizations this book investigates the use of imagery especially images of place in three contrasting regions of Ireland It highlights the role of place particularly rural imagery in the promotion of handcrafts and rural tourism services and suggests some of the meanings which may be contacted through the use of such imagery Much of the research to date in this field has concentrated on the use of imagery to promote particular places rather than products and in an Irish context on the promotion of Ireland as a tourism destination This book focuses on the regional and local level to examine the creation and use of more micro place specific images both real and mythical by small and medium sized businesses and explores the extent to which the two industries borrow from and feed into firstly each other and secondly macro place myths and iconographies John Derricke's The Image of Irelande: with a Discoverie of Woodkarne Thomas Herron,Denna Iammarino,Maryclaire Moroney,2021-04-27 John Derricke s Image of Irelande with a Discoverie of Woodkarne is a key work of English print making Irish and English history and cultural misunderstanding The work attests to the complexity of English and Irish relations colonisation military history imperial propaganda poetry art printing and the forging of identity in the early modern British Isles The original work comprises of a lengthy poetic narrative and twelve famous woodcuts of the highest quality produced in sixteenth century England They also represent some of the only contemporary views of early modern Ireland on record The sixteen interdisciplinary essays in this collection focus on the text s political and historical meaning print history iconographic elements paratexts literary and artistic influences and cultural archaeology The collection will appeal to scholars of many disciplines **The Irish Ecclesiastical Record** ,1918 *The Irish writers of the seventeenth century. (Gallery of Irish writers).* Thomas D'Arcy McGee,1846 Irish Classics Declan Kiberd,2001 A celebration of the tenacious life of the enduring Irish classics this book by one of Irish writing s most eloquent readers offers a brilliant and accessible survey of the greatest works since 1600 in Gaelic and English which together have shaped one of the world s most original literary cultures In the course of his discussion of the great seventeenth and eighteenth century Gaelic poems of dispossession and of later work in that language that refuses to die Declan Kiberd provides vivid and idiomatic translations that bring the Irish texts alive for the English speaking reader Extending from the Irish poets who confronted modernity as a cataclysm and who responded by using traditional forms in novel and radical ways to the great

modern practitioners of such paradoxically conservative and revolutionary writing Kiberd's work embraces three sorts of Irish classics those of awesome beauty and internal rigor such as works by the Gaelic bards Yeats Synge Beckett and Joyce those that generate a myth so powerful as to obscure the individual writer and unleash an almost superhuman force such as the Cuchulain story the lament for Art O Laoghaire and even Dracula and those whose power exerts a palpable influence on the course of human action such as Swift's Drapier's Letters the speeches of Edmund Burke or the autobiography of Wolfe Tone The book closes with a moving and daring coda on the Anglo Irish agreement claiming that the seeds of such a settlement were sown in the works of Irish literature A delight to read throughout Irish Classics is a fitting tribute to the works it reads so well and inspires us to read and read again

**Theories and concepts** Peter M. Burns,Cathy Palmer,Jo-Anne Lester,2010 Tourism is an essentially visual experience we leave our homes so as to travel to see places thus adding to our personal knowledge about and experience of the world The study of tourism as a complex social phenomenon beyond simply business is increasing in importance and by providing an examination of perceptions of culture and society in tourism destinations through the tourist's eyes this book discusses how destinations were and are created and perceived through the lens of the tourist's gaze It is essential reading for researchers and students in tourism and related subjects      *Gallery of Irish Writers* Thom d' Arcy M'gu,1846      [Irish National Cinema](#)

Ruth Barton,2004 Ruth Barton argues that in order to understand the position of filmmaking in Ireland and the inheritance on which contemporary filmmakers draw definitions of the Irish culture and identity must take into account the Irish diaspora and engage with its cinema      *Gallery of Irish Writers* Thomas D'Arcy McGee,1857      [Globalization, Migration and Social Transformation](#) Bryan Fanning,Ronaldo Munck,2016-04-22 In the space of around ten years Ireland went from being a traditional labour exporter to a leading European economy and thus an attractive destination for immigrants from Eastern Europe and further afield This produced a singular social laboratory which this book explores in all its complexity set against the backdrop of globalization Until recently seen as a showcase for the success of globalization Ireland also became a destination for those displaced by the effects of globalization elsewhere Globalization Migration and Social Transformation takes Ireland as a paradigmatic case of social transformation exploring the reasons why emigration was so rapidly replaced by immigration along with the social political cultural and economic effects of this shift Presenting the latest research around the themes of identity social transformations and EU and Irish politics and policy this book offers a rich array of detailed empirical case studies drawn from Ireland which shed light on the experiences of immigrant groups from around the world and the wider processes of social transformation In addition it examines the manner in which the Irish state and the broader political system relate to new migrants and vice versa thus advancing our comparative understanding of how the European Union is responding to the challenge of mass migration Globalization Migration and Social Transformation makes a strong

contribution to the comparative literature on immigration and integration diaspora and social transformation in the era of globalization and as such it will appeal to social scientists with interests in migration race and ethnicity globalization and Irish studies     Masculinities and the Contemporary Irish Theatre B. Singleton,2010-11-24 Irish theatre and its histories appear to be dominated by men and their actions This book s socially and culturally contextualized analysis of performance over the last two decades however reveals masculinities that are anything but hegemonic played out in theatres and other arenas of performance all over Ireland     **The Picture of Dublin, Or Stranger's Guide to the Irish Metropolis ...
