Remembrance of the Great War in the Irish Free State, 1914-1937 Mandy Link, 2019-06-12 This book focuses on how Irish remembrance of the First World War impacted the emerging Irish identity in the postcolonial Irish Free State While all combatants of the war to end all wars commemorated the war Irish memorial efforts were fraught with debate

over Irish identity and politics that frequently resulted in violence against commemorators and World War I veterans The book examines the Flanders poppy the Victory and Armistice Day parades the National War Memorial church memorials and private remembrances Highlighting the links between war memory empire and decolonization it ultimately argues that the Great War its commemorations and veterans retained political potency between 1914 and 1937 and were a powerful part of early Free State life

[Conscription, US Intervention and the Transformation of Ireland 1914-1918](#) Emmanuel Destenay,2022-03-10 This book analyses the relationship between the Irish home rule crisis the Easter Rising of 1916 and the conscription crisis of 1918 providing a broad and comparative study of war and revolution in Ireland at the beginning of the Twentieth Century Destenay skilfully looks at international and diplomatic

perspectives as well as social and cultural history to demonstrate how American and British foreign and domestic policies either thwarted or fed directly or indirectly the Irish Revolution He readdresses and at times redresses the well established but somewhat inaccurate conclusion that Easter Week 1916 was the major factor in radicalizing nationalist Ireland This book provides a more nuanced and gradualist account of a transfer of allegiance how fears of conscription aroused the bitterness and mistrust of civilian populations from August 1914 onwards By re situating the Irish Revolution in a global history of empire and anti colonialism this book contributes new evidence and new concepts Destenay convincingly argues that the fears of conscription have been neglected by Irish historiography and this book offers a fresh appraisal of this important period of history

Belfast Boys Richard S. Grayson,2010-06-01 This is the story of men from either side of West Belfast s sectarian divide during the Great War Richard S Grayson follows the volunteers of the 36th and 16th divisions who fought on the Somme and side by side at Messines recovering the forgotten West Belfast men throughout the armed forces from the retreat at Mons to the defeat of Germany and life post war In so doing he tells a new story which challenges popular perceptions of the war and explains why remembrance remains so controversial in Belfast today

Women and the Irish Revolution Linda Connolly,2020-11-23 The narrative of the Irish revolution as a chronology of great men and male militarism with women presumed to have either played a subsidiary role or no role at all requires reconsideration Women and feminists were extremely active in Irish revolutionary causes from 1912 onwards but ultimately it was the men as revolutionary leaders who took all the power and indeed all the credit after independence Women from different backgrounds were activists in significant numbers and women across Ireland were profoundly impacted by the overall violence and tumult of the era but they were then relegated to the private sphere with the memory of their vital political and military role in the revolution forgotten and erased Women and the Irish Revolution examines diverse aspects of women s experiences in the revolution after the Easter Rising The complex role of women as activists the detrimental impact of violence and social and political divisions on women the role of women in the foundation of the new State and dynamics of remembrance and forgetting are explored in detail by leading scholars in sociology history politics and literary studies Important and timely and featuring previously unpublished material this book will prompt essential new public conversations on the experiences of women in the Irish revolution

The Irish of Gettysburg Philip Thomas Tucker,2017-07-31 At the outbreak of the Civil War Irish citizens on both sides of the Mason Dixon answered the call to arms This was most evident at the Battle of Gettysburg Louisiana Irish Rebels charged with the cry We are the Louisiana Tigers Irish soldiers of the Alabama Brigade and the Texas Brigade launched assaults on the line s southern end at Little Round Top During Pickett s Charge Gaelic brothers fought each other as determined Irishmen of the Sixty Ninth Pennsylvania Volunteer Infantry repelled Irish of the Virginia Brigade in one of the most decisive moments in American history Author Phillip Thomas Tucker reveals the compelling story

Katy Hayward, Catherine O'Donnell, 2010-10-04 This book offers new insights into the close relationship between political discourses and conflict resolution through critical analysis of the role of discursive change in a peace process Just as a peace process has many dimensions and stakeholders so the discourses considered here come from a wide range of sources and actors The book contains in depth analyses of official discourses used to present the peace process the discourses of political party leaders engaging or otherwise with it the discourses of community level activists responding to it and the discourses of the media and the academy commenting on it These discourses reflect varying levels of support for the peace process from obstruction to promotion and the role of language in moving across this spectrum according to issue and occasion Common to all these analyses is the conviction that the language used by political protagonists and cultural stakeholders has a profound effect on progression towards peace Bringing together leading experts on Northern Ireland s peace process from a range of academic disciplines including political science sociology linguistics history geography law and peace studies this book offers new insights into the discursive dynamics of violent political conflict and its resolution **Irish Novels**

1890-1940 John Wilson Foster, 2008-02-21 Studies of Irish fiction are still scanty in contrast to studies of Irish poetry and drama Attempting to fill a large critical vacancy *Irish Novels 1890 1940* is a comprehensive survey of popular and minor fiction mainly novels published between 1890 and 1922 a crucial period in Irish cultural and political history Since the bulk of these sixty odd writers have never been written about certainly beyond brief mentions the book opens up for further exploration a literary landscape hitherto neglected perhaps even unsuspected This new landscape should alter the familiar

perspectives on Irish literature of the period first of all by adding genre fiction science fiction detective novels ghost stories New Woman fiction and Great War novels to the Irish syllabus secondly by demonstrating the immense contribution of women writers to popular and mainstream Irish fiction Among the popular and prolific female writers discussed are Mrs J H Riddell B M Croker M E Francis Sarah Grand Katharine Tynan Ella MacMahon Katherine Cecil Thurston W M Letts and Hannah Lynch Indeed a critical inference of the survey is that if there is a discernible tradition of the Irish novel it is largely a female tradition A substantial postscript surveys novels by Irish women between 1922 and 1940 and relates them to the work of their female antecedents This ground breaking survey should also alter the familiar perspectives on the Ireland of 1890 1922 Many of the popular works were problem novels and hence throw light on contemporary thinking and debate on the Irish Question After the Irish Literary Revival and creation of the Free State much popular and mainstream fiction became a lost archive neglected evidence indeed of a lost Ireland
