Irish Signorina:

The Irish Signorina Julia O'Faolain, 1985 *Women and Exile in Contemporary Irish Fiction* Ellen

McWilliams, 2013-04-09 *Women and Exile in Contemporary Irish Fiction* examines how contemporary Irish authors have taken up the history of the Irish woman migrant. It situates these writers' work in relation to larger discourses of exile in the Irish literary tradition and examines how they engage with the complex history of Irish emigration. *Irish Women Writers* Ann Owens Weekes, 2014-07-11 From the legendary poet Oisín to modernist masters like James Joyce, William Butler Yeats and Samuel Beckett, Ireland's literary tradition has made its mark on the Western canon. Despite its proud tradition, the student who searches the shelves for works on Irish women's fiction is liable to feel much as Virginia Woolf did when she searched the British Museum for work on women by women. Critic Nuala O'Faolain, when confronted with this disparity, suggested that modern Irish literature is dominated by men so brilliant in their misanthropy that the self-respect of Irish women is radically and paradoxically checkmated by respect for an Irish national achievement. While Ann Owens Weekes does not argue with the first part of O'Faolain's assertion, she does with the second. In *Irish Women Writers: An Uncharted Tradition*, she suggests that it is the critics rather than the writers who have allowed themselves to be checkmated. Beginning with Maria Edgeworth's *Castle Rackrent* (1800) and ending with Jennifer Johnston's *The Railway Station* (1980), she surveys the best of the Ireland's female literature to show its artistic and historic significance and to demonstrate that it has its own themes and traditions related to yet separate from that of male Irish writers. Weekes examines the work of writers like E. O. Somerville and Martin Ross (pen names for cousins Edith Somerville and Violet Martin), Elizabeth Bowen, Kate O'Brien, Mary Lavin, and Molly Keane, among others. She teases out the themes that recur in these writers' works, including the link between domestic and political violence and the re-visioning of traditional stories such as Julia O'Faolain's use of the Cúchulainn and Diarmuid and Grainne myths to reveal the negation of women's autonomy. In doing so, she demonstrates that the literature of Anglo and Gaelic Irish women presents a unified tradition of subjects and techniques, a unity that might become an optimistic model not only for Irish literature but also for Irish people. *Irish Women Writers* Alexander G. Gonzalez, 2005-11-30 Irish women writers have a large following and their works are attracting large amounts of scholarly and critical attention. Through roughly 75 alphabetically arranged entries written by more than 35 expert contributors, this reference overviews the lives and works of Irish women writers active in a range of genres and periods. Each entry includes a brief biography, a discussion of major works and themes, a survey of the writer's critical reception, and a list of works by and about the author. The volume closes with a selected general bibliography. Ireland has an especially lively literary tradition, and works by Irish writers have long been recognized as interesting and influential. While male writers have received the bulk of the critical attention given to Irish literature, contemporary women writers are among the most widely read Irish authors. This reference overviews the lives and works of Irish women writers active in a range of periods and genres. Included are roughly 75

Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world's greatest authors The Revival saw a reestablishment of Ireland's literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O'Casey J.M. to a close Ireland in *Writing Interviews with Writers and Academics* focuses on the textual mapping of the country over the century through the creative energies and intellectual reflections of a selection of writers and educators at the tertiary level. The volume is a collection of eleven interviews held by three university teachers and a research assistant all resident in Spain. The interviews with both male and female writers and academics who hail from Northern Ireland and the Republic have been conducted over the 1990s. The academics express views on their critical theories and practices on particular areas of interest on English and Irish in Ireland on contemporary writing and cultural dynamics from Friel to Telefís Éireann passing through Field Day the Abbey and the question of a hybrid Irish identity.
