Acharya S.,2012-09-04 In this highly controversial and explosive book archaeologist historian mythologist and linguist
Acharya S marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ
were created by members of various secret societies mystery schools and religions in order to unify the Roman Empire under
one state religion In developing such a fabrication this multinational cabal drew upon a multitude of myths and rituals that
existed long before the Christian era and reworked them for centuries into the religion passed down to us today Contrary to
popular belief there was no single man who was at the genesis of Christianity Jesus was many characters rolled into one
These characters personified the ubiquitous solar myth and their exploits were well known as reflected by such popular
deities as Mithras Heracles Hercules Dionysos and many others throughout the Roman Empire and beyond The story of Jesus
as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior gods Krishna and Horus
who for millennia preceding Christianity held great favor with the people The Christ Conspiracy shows the Jesus character as
not unique or original not divine revelation Christianity reinterprets the same extremely ancient body of knowledge that
revolved around the celestial bodies and natural forces The result of this myth making has been The Greatest Conspiracy
