Iron In The Pines:

Iron in the Pines Arthur Dudley Pierce, 1957 Deep in the heart of southern New Jersey lies an area of some 96 000 acres of sprawling wilderness It is the famous Wharton Tract which the state of New Jersey purchased in 1954 for a watershed game preserve and park Many people know and love these wooded acres Each year people by the thousands visit Batsto Village once the center of the iron industry that thrived on the tract more than a century ago With warmth and accuracy Arthur D Pierce tells the story of the years when iron was king and around it rose a rustic feudal economy There were glass factories paper mills cotton mills and brickmaking establishments Here too were men who made those years exciting Benedict Arnold and his first step toward treason Charles Read who dreamed of an empire and died in exile Revolutionary heroes and heroines privateers and rogues The author s vivid pictures of day to day life in the old iron communities are based upon careful research This book proves that the human drama of documented history belies any notion that fiction is stranger than truth **Iron in the Pines** University Press Rutgers, Arthur D. Pierce, 1980-04-01 *Iron in the Pines* Arthur D. Pierce, 1957 Iron in the pines; the story of New Jersey's ghost towns and bog iron. Fifth printing Arthur Dudley Pierce, 1957 **The Story of Coal and Iron in Alabama** Ethel Armes, 1910 **This is New Jersey** John T. Cunningham, 1994 The extraordinary diversity of New Jersey is captured in this revised and up to date edition of This Is New Jersey for forty years a classic and one of the most popular books ever written about the state History current problems and opportunities for the future are skillfully blended in a book that makes it clear that there is a lot more to the state than can be imagined by those who speed through it on any of New Jersey s numerous interstates or railways Ranking forty sixth in size but sixth in population New Jersey is the most urban and densely populated of the fifty states In spite of that the state truly deserves its nickname Garden State and it has a large recreation industry John T Cunningham examines the state county by county from the hill country to the city belt from the dairy farms to the Jersey shore Historically settlement in New Jersey goes back to the Lenni Lenape Indians to the colonists and to the state s place as the crossroads of the American Revolution To those who do not know the state s byways and quiet towns it appears that highways abound Yet there are also many thousands of acres of precious woodland preserved by park commissions in Essex and Union counties In northern New Jersey alone there are more than a million acres of hardwood forests In southern New Jersey over a million acres of the fascinating Pinelands account for almost a quarter of the total state area New Jersey is a land of lakes and mountains of fishing docks and two hundred year old houses of farms and factories of old universities and new commuting towns This fourth edition retains the popular pictures of each county courthouse the heart of county history and administration This fully redesigned edition is enhanced by several four color and over 100 black and white illustrations by noted New Jersey photographer Walter Choroszewski *Privateers of the Revolution* Donald Grady Shomette, 2025-06-06 A narrative of the forgotten privateering war on the Jersey coast during the American Revolution *History of the Manufacture of Iron in All Ages* James

Gordon,2001-09-28 By applying their abundant natural resources to ironmaking early in the 18th century Americans soon made themselves felt in world markets After the Revolution ironmakers supplied the materials necessary to the building of American industry pushing the fuel efficiency and productivity of their furnaces far ahead of their European rivals In this work Robert B Gordon draws on recent archaeological findings as well as archival research to present an comprehensive survey of iron technology in America from the colonial period to the industry s demise at about the turn of the 20th century

Bulletin ,1923 **The Atlantic Monthly** ,1859 **A Geography of New Jersey** Charles A.
