generally speaking those who have the true dragon blood can be called the dragon race of course there are many creatures with thin bloodlines that are called the dragon race this point makes people laugh And the four clawed golden dragon in front of them actually has one third of the true dragon bloodline and precisely because of this its entire body radiates a sparkling golden light possessing a dense true dragon aura A completed golden dragon can rampage against an Immortal Emperor that statement is correct in itself but a completed golden dragon is not a true dragon the golden dragon is just a branch of the true dragon its bloodline is not pure there are also other mixed bloodlines from then on whether in terms of bloodline or strength the golden dragon is inferior to the true dragon **EMPEROR CHAPTER 69** Leduc,2025-06-04 **EMPEROR**
