The Jewish Threat Joseph W. Bendersky, W Bendersky, 2008-01-07 Very little has been written about America's own history of anti-Semitism In this shocking book the first documented examination of anti-Semitism in an American governmental institution Joseph Bendersky shows that such racism permeated the highest ranks of the U S military throughout the past century having a very real effect on policy decisions Through ten years of research in more than thirty five archives the author uncovered irrefutable evidence of endemic and virulent anti-Semitism throughout the Army Corps from the turn of the century right up to the 1970s This fully developed and clearly articulated perspective had a direct effect on policy discussions and decisions affecting such matters as immigration refugees military strategy and the establishment of Israel Written with novelistic intensity and attention to intriguing detail The Jewish Threat forces us to revise some of our cherished notions about our country and its most revered leaders

The Iron Trap Around America Gyeorgos Ceres Hatonn, 1993

Taking America Back David Austin Walsh, 2024-01-01 A provocative look at the relationship between the far right and the American conservative movement from the 1930s to the end of the Cold War Since 2016 many commentators have expressed shock at the so called rise of the far right in America at the expense of responsible and respectable conservatism But is the far right an aberration in conservative politics As David Austin Walsh shows the mainstream conservative movement and the far right have been intertwined for nearly a century and both were born out of a right wing popular front linking racists anti Semites and fascists in a broad coalition opposed to socialism communism and New Deal liberalism Far from being outliers in the broader conservative coalition these extremist elements were foundational in the creation of a right wing political culture centered around shared political enemies a penchant for conspiracy theories and a desire to restore America to its authentic pre New Deal values The popular front included Merwin Hart a New York business lobbyist active in far right circles who became a lobbyist for the Franco regime in Spain the original America First movement

the movement to prevent Jewish immigration to the United States after World War II the John Birch Society the American Nazi Party the George Wallace presidential campaign of 1968 the fight over the National Endowment for the Humanities and Pat Buchanan's support of Nazi war criminal John Demjanjuk during the Reagan Administration And connecting this disparate coalition was William F Buckley Jr the editor of National Review and America's leading responsible conservative

It's All in the Game Gyeorgos Ceres Hatonn,1994-10 *The Ruling Elite* Deanna Spingola,2012 The U S government complicit with the well connected corporations since the so called Civil War continues to wage war and destruction Lincoln's revolutionary war supported by Marx and Engels caused at least 618 222 and perhaps as many as 700 000 deaths including about 50 000 Confederate civilians Soldiers who were fighting dying and killing during that war were in training for future wars If Americans could kill fellow citizens then they would use force against foreign citizens in behalf of the government That war foreshadowed the devastating global warfare that followed with the Spanish American War two World Wars Korea Vietnam the First Gulf War and the current wars in the Middle East They do not include the bombings in the Baltic and elsewhere or the CIA's covert warfare wherein millions of people died In the First World War soldiers killed 9 911 000 people in action and wounded 21 219 500 people while 7 750 000 people were missing in action for a total of 38 880 500 In the Second World War there were over 24 000 000 military deaths and 49 000 000 civilian deaths totaling 73 000 000 deaths not including the number of wounded or missing That is 82 911 000 deaths in two world wars The real question is WHY

Right-Wing Populism in America Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America *Defender Magazine* ,1953 White Metropolis Michael Phillips,2010-01-01 Winner T R Fehrenbach Award Texas Historical Commission 2007 From the nineteenth century until today the power brokers of Dallas have always portrayed their city as a progressive pro business racially harmonious community that has avoided the racial

ethnic and class strife that roiled other Southern cities But does this image of Dallas match the historical reality In this book Michael Phillips delves deeply into Dallas s racial and religious past and uncovers a complicated history of resistance collaboration and assimilation between the city s African American Mexican American and Jewish communities and its white power elite Exploring more than 150 years of Dallas history Phillips reveals how white business leaders created both a white racial identity and a Southwestern regional identity that excluded African Americans from power and required Mexican Americans and Jews to adopt Anglo Saxon norms to achieve what limited positions of power they held He also demonstrates how the concept of whiteness kept these groups from allying with each other and with working and middle class whites to build a greater power base and end elite control of the city Comparing the Dallas racial experience with that of Houston and Atlanta Phillips identifies how Dallas fits into regional patterns of race relations and illuminates the unique forces that have kept its racial history hidden until the publication of this book

The City That Killed the President Tim Cloward, 2023-09-05

A creative cultural history of Dallas through the lens of its defining twentieth century event JFK s assassination The assassination of John F Kennedy on November 22 1963 shocked America Instantly Dallas was blamed for the killing labeled the City of Hate In the half century since the president s murder this city s artists and writers have produced important if often overlooked work that speaks to the difficult burden of our civic shaming Here are the works of poetry theater journalism art the actions of our citizens and political leaders all the fragments of our cultural life that address this tortured local history The City That Killed the President is a fitful discourse offering a window into Dallas itself a city reluctant to grapple with its past

America Last: The Right's

Century-Long Romance with Foreign Dictators Jacob Heilbrunn, 2024-02-20 A leading journalist and public intellectual explains the long disturbing history behind the American Right s embrace of foreign dictators from Kaiser Wilhelm and Mussolini to Putin and Orban Why do Donald Trump Tucker Carlson and much of the far Right so explicitly admire the murderous and incompetent Russian dictator Vladimir Putin Why is Ron DeSantis drawing from Victor Orb n s illiberal politics for his own policies as governor of Florida a single American state that has more than twice the population of Orb n s entire nation Hungary In America Last Jacob Heilbrunn a highly respected observer of the American Right demonstrates that the infatuation of American conservatives with foreign dictators though a striking and seemingly inexplicable fact of our

current moment is not a new phenomenon It dates to the First World War when some conservatives enthralled with Kaiser Wilhelm II openly rooted for him to defeat the forces of democracy In the 1920s and 1930s this affinity became even more pronounced as Hitler and Mussolini attracted a variety of American admirers Throughout the Cold War the Right evinced a fondness for autocrats such as Francisco Franco and Augusto Pinochet while some conservatives wrote apologias for the Third Reich and for apartheid South Africa The habit of mind is not really about foreign policy however As Heilbrunn argues the Right is drawn to what it perceives as the impressive strength of foreign dictators precisely because it sees them as models of how to fight against liberalism and progressivism domestically America Last is a guide for the perplexed identifying and tracing a persuasion or what one might call the illiberal imagination that has animated conservative politics for a century now Since the 1940s the Right has railed against communist fellow travelers in America Heilbrunn finally corrects the record showing that dictator worship is an unignorable tradition within modern American conservatism and what it means for us today

Iron Curtain Over America Introduction

In the digital age, access to information has become easier than ever before. The ability to download Iron Curtain Over America has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Iron Curtain Over America has opened up a world of possibilities. Downloading Iron Curtain Over America provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Iron Curtain Over America has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Iron Curtain Over America. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Iron Curtain Over America. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Iron Curtain Over America, users should also consider the potential security risks associated with online

platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Iron Curtain Over America has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
