sunset as dusk begins to fall Then there is always the occasional rain that cleanses the air and removes all the dust and grime from the trees and plants leaving one with a feeling of renewal In the spring the birds migrate north and drop down to feed on any seeds or hapless insect that happen to fall into their grasp Then in the fall the migration again occurs only at that time the birds are heading south To a small very curious boy these things are things of wonder Also in the spring life renews itself with puppies waddling along behind their mothers the bird eggs have hatched in the nest and soon the young birds begin to try their wings Baby chicks like little balls of fluff try to hide themselves under their mothers wings or cheep as they peck at the food scattered on the ground nearby Somehow Lothar had acquired a very strong sense of compassion for other creatures less fortunate Perhaps it was a result of all the Coon Hunts he had participated in on those nights when there was a full moon He had seen a seemingly endless succession of Coons up in a tree piteously mewling and cowering while the pack of hounds below bayed and tried to climb the tree after the hapless creatures Perhaps this influenced him And so did Lothar s family finally find the good life Did he conduct himself in a manner that he could be proud of Did he find the right girl Did he find happiness Only by reading this story can anyone really find out *Continental Marine* ,1999 **Ghost Road Blues**
