Knickerbocker Elizabeth L. Bradley, 2009-05-27 Deep within New York's compelling sprawling history lives an odd ornery Manhattan native named Diedrich Knickerbocker The name may be familiar today his story gave rise to generations of popular tributes from a beer brand to a basketball team and more but Knickerbocker himself has been forgotten In fact he was New York's first truly homegrown chronicler and as a descendant of the Dutch settlers he singlehandedly tried to reclaim the city for the Dutch Almost singlehandedly that is Diedrich Knickerbocker was created in 1809 by a young Washington Irving who used the character to narrate his classic satire *A History of New York* According to Irving's partisan narrator everything good and distinctive proud and powerful about New York City from the doughnuts to the twisting streets of lower Manhattan could be traced back to New Amsterdam Terrific general interest cultural history of a city with a rich and lively literary past First ever book on the eponymous myth that has informed New York City culture since the early 1800s Coincides with the two hundredth anniversary of Washington Irving's publication of *A History of New York* Perfect gift book or addition to library collection of New York City themed books Includes a gallery of images that brings Diedrich Knickerbocker his myth time and place to life Knickerbocker engagingly traces the creation evolution and

prevalence of Irving's imaginary historian in New York literature and history art and advertising from the early nineteenth century to the present day Who would imagine this satiric character at once a snob and a champion of the people would endure for two hundred years In Elizabeth L Bradley's words Whether you call it blood style attitude or moxie the little Dutchman could deliver And from this engaging work it is clear that he does Bradley's stunning volume offers a surprising and delightful glimpse behind the scenes of New York history and invites readers into the world of Knickerbocker the antihero who surprised everyone by becoming the standard bearer for the city's exceptional sense of self or what we now call a New York attitude
