source of Payne's genius **Slouching Towards Kalamazoo** Peter De Vries, 2012-08-30 The classic American coming of age novel of a precocious young man and the lessons learned from his tutor by a masterly entertainer and social satirist The New York Times It is 1963 in an unnamed town in North Dakota and Anthony Thrasher is languishing for a second year in eighth grade Prematurely sophisticated young Anthony spends too much time reading Joyce Eliot and Dylan Thomas but not enough time studying the War of 1812 or obtuse triangles A tutor is hired and this modern Hester Prynne offers Anthony lessons that ultimately free him from eighth grade and situate her on the cusp of the American sexual revolution In Slouching Towards Kalamazoo Peter De Vries finds the perfect vehicle for his erudite wit in Anthony's restless adolescent voice Demonstrating a fascination with both language and female anatomy Anthony's pitch perfect narration propels this satirical coming of age tale through theological debates and quandaries both dermatological and ethical while soaring on the De Vriesian hallmark of scrambling conventional wisdom for comic effect **The Fisher King** Anthony Powell, 2013-05-31 Arthurian legend and cruise ship gossip entwine in this profoundly touching comic novel by the celebrated author of A Dance to the Music of Time Chicago Tribune Aboard the Alecto prolific romance author Valentine Beals ruminates on the ship's most seemingly incongruous couple a graceful ethereal virginal dancer named Barberina Rookwood and her lover Saul Henchman a crippled emasculated war hero and photographer Fancifully Beals imagines Henchman to be the reembodiment of one of the most mysterious Arthurian legends the Fisher King the maimed and impotent ruler of a barren country of whom Perceval failed to ask the right questions A myth with many permutations and a blurred borderland between them the Fisher King legend dovetails the various explanations Powell offers from his competing narrators as to why a talented young dancer would forsake her art to care for a feeble older man Ostensibly a novel about gossip on a cruise ship The Fisher King is much more a highly stylized narrative infused with Greek mythology legend and satire McKay's Bees Thomas McMahon, 2010-08-15 An impressively original novel comic in its vision yet serious constantly surprising in its twists of plot and its reflections upon life Wall Street Journal Moving from Massachusetts to Kansas in 1855 with his new wife and a group of German carpenters Gordon McKay is dead set on making his fortune raising bees undaunted by Missouri border ruffians newly minted Darwinism or the unsettled politics of a country on the brink of civil war Humorous and generous yet sometimes disconcertingly fatalistic McMahon's storytelling is based on an irresistible curiosity about how the world works Alida Becker New York Times Book Review Truly a gem an elegantly simple construct full of light and surprise Jean Strouse Newsweek A literary miracle a tale defying gravity and all manner of other rules that ground the narratives of most storytellers Douglas Bauer Boston Globe McMahon in such a short novel should not have been able to bring coherence out of Darwin and Lincoln bees and machines East and West honey and blood That he manages that wit irony gentleness passion and knowledge conspire so successfully is a wonder of craft John Leonard New York Times McMahon's novels combine sophisticated scientific lore with a well developed sense of human ness They are learned funny spiritual and sexy It would not

be disgraceful to compare them with the work of Gabriel Garcia Marquez Indeed McMahon is a kind of Yankee magic realist mixing the fantastic with the ordinary so seamlessly Toronto Globe Mail Principles of American Nuclear Chemistry Thomas McMahon,2010-08-15 What was life like for the scientists working at Los Alamos Thomas McMahon imagines this life through the wide eyes of young Tim MacLaurin the thirteen year old son of an MIT physicist who inspired by a young woman named Maryann worked on the project Filled with the sensuous excitement of scientific discovery and the outrageous behavior of people pushed beyond their limits Principles of American Nuclear Chemistry is a beautifully written coming of age story that explores the mysterious connections between love and work inspiration and history **Tennis and the Meaning of Life** Jay Jennings, The Troubled Air Irwin Shaw,2013-04-16 New York Times Bestseller A provocative novel about one man's struggle with courage and his conscience at the height of McCarthyism Clement Archer head of a popular radio show faces a profound dilemma Five of his employees stand accused of being communists and a magazine threatens disclosure unless Archer fires each and every one Despite his efforts to meet his own moral standards and avoid self incrimination Archer finds himself hounded from both ends of the political spectrum for his seemingly righteous actions The Troubled Air Irwin Shaw's second novel was published immediately before the author moved to Europe where he lived for the next twenty five years The story remains a powerful portrayal of a good decent man ensnared by the hysteria and cruelty of a dark period in American history This ebook features an illustrated biography of Irwin Shaw including rare images and never before seen documents from the author's estate Geezer Sex Michael A. Clarke,2000-06 Geezer Sex is a collection of short stories that includes romance chance meetings fantasy and science fiction tragedy and nostalgia all viewed from the perspectives of people who are no longer young but remain youthful in the face of passing years The stories explore memories from the past parallel universes the death of a child a second chance at love teeth and of course geezer sex Varied in content these twelve stories will evoke laughter tears and warm memories for the mature reader
