101 Ways That Show He'S Worth It Wendt Francoise, 2015-02-10 It is ironic that mankind has progressed much but some womens perception of love has remained stuck in Victorian times This book is a self help guide to those in limbo about whether your man is the right guy or not In an easy to read format where every page focuses on one point this is the ideal pick me up for the busy professional or student and even the reluctant a k a lazy reader Regardless of the IQ level this book is suitable for ladies of all ages bothered by their partners and in need of some assurance about whether their partners are men to hold onto or otherwise Sometimes it takes a different perspective or voice to finally snap one confused girl out of her misery or delusion and regain her senses and self worth No man is worth it if he requires a lot of second guessing and deliberation about his words and actions Bear in mind that men are simple creatures their actions prove it all and offer glimpses into their hearts So open your eyes wide and cover your ears to his sweet words for just a bit Remember if he walks the talk he is worth it Period
