The Art of Personality is a diverse selection of talks and papers on psychoanalysis and literature given by the author over the past ten

years They elaborate on the goal expressed by Milton as becoming a true poem that is seeing parallels between the gradual construction of the personality and the construction of a work of art following an internal evolution on the lines of Bion's description of an endoskeletonous personality The works discussed range from classic Greek drama to Dostoevsky Kafka and Patrick White The author's thoughts on our interaction with literature stand alongside those of Adrian Stokes and Richard Wollheim on understanding paintings She brings together a broad knowledge of ancient and modern writings with a deep understanding of the creatively imaginative mind illuminated by post Kleinian psychoanalysis This book will be a source of pleasure and inspiration both to general lovers of literature and to psychoanalytic workers who value the poetic aspects of their patients and their own forms of expression The Hippocratic Oath and the Ethics of Medicine Steven H.

Miles,2005-06-02 This short work examines what the Hippocratic Oath said to Greek physicians 2400 years ago and reflects on its relevance to medical ethics today Drawing on the writings of ancient physicians Greek playwrights and modern scholars each chapter explores one passage of the Oath and concludes with a modern case discussion This book is for anyone who loves medicine and is concerned about the ethics and history of the profession *Chicorel Theater Index to Plays in Anthologies, Periodicals, Discs, and Tapes* Marietta Chicorel,1972 **The Oxford Guide to Literature in English**
